Flesherton.
 (Our own correspondent.)

A carnival put on by the rink company on Thursday evening last was hit by the bad weather, but withal came out on the safe side. The blocked roads prevented outsiders, but there was a fairly good turnout from the village. A goodly number of maskers was on the ice and some taking costumes were worn.

The home of Mr. and Mrs. W. J. Caswell was the scene of a quiet but pretty wedding at 1 o'clock on Tuesday afternoon, February 19, 1924, when their daughter, Myrtle Elizabeth (nurse), was married to Mr. W. Vernon Snider of Waterloo. Rev. H. H. Eaton, pastor of the Methodist church, conducted the ceremony in the presence of about 20 guests, immediate relatives, including the groom's parents, Mr. and Mrs. J. W. Snider of Waterloo. The bride, who was given away by her father, looked very pretty in her wedding gown of tea shade silk canton crepe with a tunic of accordion-pleated cream silk lace. She carried a beautiful bouquet of tea roses. The bride's sister, Miss Mildred Caswell, played Mendelssohn's wedding march. After the ceremony and congratulations a choice wedding breakfast was served. Mr. and Mrs. Snider left on the afternoon train for Detroit, Buffalo and other points, afterwards to settle in their new home at Waterloo. The bride travelled in a stylish navy blue suit with hat to match. The groom's gift to the bride was a very handsome fur neck piece and she received many other beautiful gifts.

The Methodist Mission Band gave their annual entertainment in the auditorium of the church on Friday evening and met with gratifying success. Notwithstanding the unfavorable weather and bad roads there was a good-sized audience, appreciative of the efforts of the young people. The pastor, Rev. H. H. Eaton presided and the excellent program rendered showed great care in its preparation.

Mr. and Mrs. William Blackburn of Stayner, formerly residents of Artemesia, have the deep sympathy of numerous relatives in the great loss by the death of their daughter, Mrs. W. J. Freethy, who died suddenly last week with heart failure at her home near Acton. The remains were taken to Stayner for burial. The deceased was born at Portlaw, Artemesia, over 40 years ago. Eighteen years ago she was married at Stayner to Mr. Freethy, who survives her with two children, aged 13 and 6.

We are pleased to note Miss Mildred Caswell of this place passed with honors in her Third Grade pianoforte examination recently, taken at the Toronto Academy of Music.

The terrific blizzard last week blocked the country roads completely, but snowploughs have been busy opening up and traffic is fairly well on again. The village plow has the sidewalks cleared again. The mass of snow on many roofs has necessitated much shoveling to avoid danger of collapse.

Married.—At the Methodist parsonage, Flesherton, on Wednesday, February 20, Mr. Haldon Charles Hutchinson to Charlotte Jane Ward, both of Kimberley. Rev. H. H. Eaton

conducted the nuptials.

Mrs. W. A. Armstrong entertained her Sunday school class at a snow-shoeing party one evening last week. After the tramp refreshments were served and the girls had a pleasant time together.

Mr. Herbert M. Utley of Toronto, who was employed with the Hydro Commission at Eugenia, died on Saturday after a brief illness with peritonitis. He was 55 years of age and leaves a wife and some children. His wife was called from Toronto, but arrived too late to see him alive, which added to the sadness of the death. The funeral took place to the Salem cemetery on Monday, Rev. J. Harrower officiating.

Mr. Frank Thurston of The Advance had the misfortune to cut his foot badly while splitting wood on Saturday.

Mr. Cecil McTavish is confined to his home nursing a fractured collar bone, sustained by collision with another hockey player.

Mr. F.H.W. Hickling spent part of last week in Toronto on business. Mrs. Hickling returned Saturday from a visit in Toronto.

Mr. Ray Foster of Lenore, Man., was a visitor last week at Mr. Fred Mathewson's.

Mr. Robert Trimble, in the Bank of Montreal, Tara, is home on two weeks' holiday.

Mr. Fred Stuart has been up north for a week on a stock buying trip.

Mrs. W. J. Lever and daughter, Miss Ruby, of Owen Sound, are visiting the former's daughter, Mrs. Fred Brown.

Mr. and Mrs. Archie Cairns and daughter of Manor, Sask., who were on an extended visit here, left on Monday on their homeward journey.

Miss Leone McDonald of Priceville visited over the week-end with Miss Pearl McMaster.

Mumps is prevalent and keeping a number of school children at home. The trustees of S.S. No. 3, East of

the village, have purchased an organ for use in the school.

Mr. Clifford Camack of Fawcett, Alberta, who has been on an extended visit at his parental home, Kimberley, spent last week with his sister, Mrs. W. J. Martin, at Inislioge.

Mrs. Simmons and three children of Burlington are visiting Mrs. Ed. Best in town this week.

(Too late for last week.)

The funeral of the late Mr. George Johnston, whose death we reported last week, took place from his late home here to Flesherton cemetery on Wednesday afternoon, February 13, and was largely attended by many from both village and country desirous of paying their last tribute of respect to an esteemed neighbor and friend. Service was held at the home conducted by Rev. H. H. Eaton. All have the sympathy of the community in their bereavement.

The annual meeting of Chalmers church was held on Friday afternoon last. Mr. Joseph McKee was appointed secretary. Notwithstanding the want of a settled pastor for several months in the past year, interest kept up and the finances were well sustained. In the election of officers, G. A. McTavish, J. E. McKee, John Stewart and Charles Stewart were re-elected on the Board of Managers, with D. McTavish, Mark Stewart, James Harrison, Robert Chard, John McDonald, Geo. Cairns, George Stewart, A. M. Gilchrist, Charles Stewart was re-elected Chairman of the Board and A. M. Gilchrist secretary-treasurer. W. J. Meads and J. E. McKee were elected Auditors. Mrs. Joseph Blackburn was re-elected organist and choir leader and Mrs. McCallum assistant organist. Mrs. Thompson Wilson was elected convener of the flower committee, and was tendered a hearty vote of thanks for her very highly appreciated service in pul-

pit decoration in the past. By a unanimous vote Rev. Mr. Harrower was given a warm expression of appreciation of his services since his induction here.

Rev. H. H. Eaton and Alf. Down, motor mechanic, made trial trips to Dundalk and Markdale last week with the former's newly invented motor sleigh, and on the deep snow roads made fast time without a stop or mishap.

Horse buyers on the market here last week had a good bunch of horses to choose from, but the prices offered were not tempting to the farmers and only about half a dozen animals exchanged hands.

Mr. and Mrs. George Mitchell and daughter Aleda attended the golden wedding of Mr. and Mrs. J. J. Kaiting in Osprey last week.

At a hockey match here last week between the Markdale juniors and juniors here, the visitors won by 4-3. The High school girls and town girls played their second match resulting in a tie, 3-3. In the first match the former won. In a match between Spring Hill school and the High school juniors the latter won by 3-2. Mr. W. J. Davis, a former resident here, who has been for a number of

years in business at Donald, Washington, has been recently on an extended holiday in California visiting his sisters, Miss Carrie Davis and Mrs. Ward and other relatives there. By a communication from him at Oceanside we learn he is having a very enjoyable trip and had met many old friends from Flesherton, among them being Mr. and Mrs. J.E.

Moore and family, Mr. William Moore and wife, nee Alice Leitch, Mr. and Mrs. W. J. Strain, Mrs. Lind, nee Mary Strain, J. W. and E. W. Wright, the late Thorp Wright's brothers, George Menzies, and others. We have at hand an interesting letter from our former townsman, Mr. Charles Pedlar of Neepawa, Man. Continued on page 6.

The Greatest Success in Years

Freedom from Milking Drudgery. Makes Milking a Pleasure. Save Money and Save Labor by using a

Hand-operated Milking Machine

The greatest dairy invention since the cream separator. Easy to operate. Easy to clean. Call and see them.

If you need a Cream Separator let your choice be a Magnet or Melotte Separator. Noted for long life. Easy to clean and is a wonderful skimmer. Special attention to cream separator repairing

General Repairing. Saws Gummed.

Why Ford Predominates

VALUE

From 1904 until 1923 the Ford Motor Company of Canada, Limited, manufactured 450,000 Ford cars and trucks of which 91% are still in use. More convincing proof of their built worth could hardly be given.

Selected materials, simple design, and accurate workmanship are factors in this long life. They explain the high utility and operating economy of the Ford when new. And they also give it the ruggedness to withstand the wear and tear of daily driving year after year.

This long life means slow depreciation, sustained value, satisfactory performance from your Ford while you continue to drive it, and a measurable resale value when you wish to dispose of it.

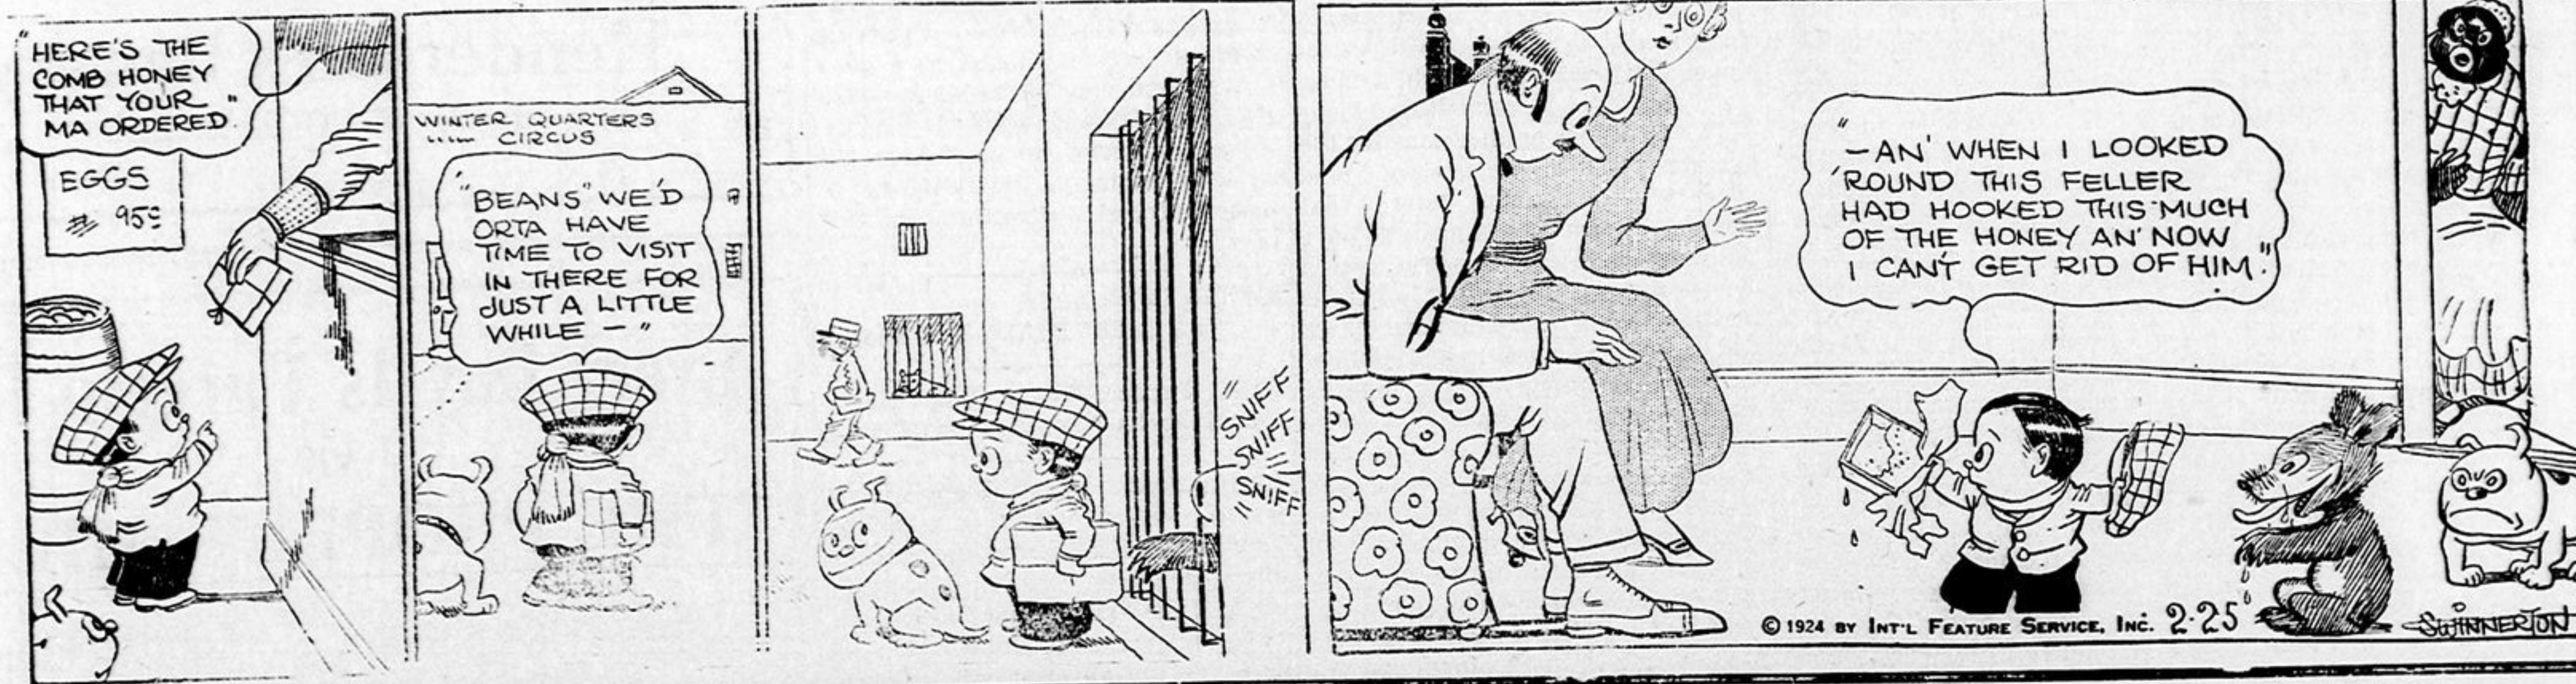

It means that the Ford gives you unusual value per dollar invested, not only this year but for a long term of years to follow—means that when you select the Ford you obtain approved security for the dollars you invest.
