know they have kidney trouble and suffer with pain in the back frequently at night. The news that "Fruit-a-medicine" made useless and tonics, will cure kidney and bladder trouble, was proven by this letter. A girl had kidney trouble and her limbs and body were swollen. We decided to try "Fruit-a-medicine". In a short time, the swelling went down. Now, she is the life of the family.

Durham, Ont.

TWENTY YEARS AGO

From The Chronicle File of March 31, 1904.

The roads are in a horrible condition. The cement works will start operations as soon as they can work the dredge at the Lake.

Mr. Joseph Carwardine will sell his farm stock by auction at the Mid-Loth House, Durham, on Saturday afternoon. James Carson, Auctioneer.

Mr. Thomas Petty had a successful sale on the 15th inst. Everything was sold and Mr. Petty was highly pleased with the result.

The cream separator company is working overtime to keep up with orders.

Mr. W. D. Mills is not going West, but will continue to represent the Imperial Life in this district.

Owing to illness, Mr. Jacob Kress has disposed of his furniture and undertaking business to his brother, Ed., who will take charge shortly.

The dam at Thornbury was considerably damaged last week by the heavy freshet in the Beaver River. It is supposed a muskrat burrowed a hole through the dam, which resulted in the loss.

A singular surgical operation was performed by Dr. Macdonald a few weeks ago on a young son of Mr. John Gray of Varney. To diagnose the case baffled the skill of the physician and of others he had in consultation. The trouble lacked some of the symptoms of appendicitis, but it was thought advisable to operate and examine the patient for intestinal obstructions. A lump was found, and a worm eleven and a half inches long was taken out. The worm was curled up so as to form a hard lump and completely block the passage.

Inspector Campbell is suffering from a combined attack of neuralgia and influenza.

Sandy Mitchell of Clarksburg, one of the first men we ever knew, died on the 21st inst. at the age of 88 years.

On Saturday, Mr. E. A. Rowe, who spent the last six or seven years in the bakery business here, disposed of his household effects and Auctioneer Carson astonished himself at the prices obtained for many of the articles disposed of. Mr. Rowe leaves for Guelph shortly, having rented the lower part to Mr. George Stinson to be used as a bakery, and the upper part to Mr. George Thompson, who moves in this week.

Last Wednesday afternoon a pretty wedding took place at the home of Mrs. Wilkinson, near Varney, when her daughter, Miss Annie, was united in marriage to Mr. Fred Forrester, formerly of Varney, but now of Holstein. At four o'clock, to the strains of the wedding march played by Miss Maggie Aldred, the bride entered the parlor leaning on the arm of her brother, Harry, and took her place unattended by the groom, who was waiting. The ceremony was conducted by Rev. Truax of Holstein.

Holstein

(Our own correspondent.)

Mr. Will Aitken is quite ill with food poisoning in both arms.

Clarence Fenton spent a few days recently with friends and relatives in Allenford. He returned Monday.

Born.—To Mr. and Mrs. W. G. Pollock, on March 20, a son.

James Brooks has leased his residence in the village to Mr. John Garden and has moved to Joseph Dowling's residence on the O'Connell farm, about a mile south of the village. They intend to go more extensively into the bee business and are seeking more extensive area.

Mrs. James McDougall, who recently moved to the village, is seriously ill at present.

Rev. G. S. Scott spent a few days recently in Toronto.

Mr. Gordon Koch received a message from Stratford informing him of the serious illness of his father. He went home by the first train. We are pleased to report the old gentleman is much improved.

The four patrons of the Egremont Creamery Company sending the highest number of pounds of butter-fat between the dates March 10 and 22 are: Wesley Halliday, 75.77 lbs.; Brown Bros., 71.67 lbs.; David Eckert, 58.33 lbs.; Henry Cowan, 45.54.

R. J. Arnill made a business trip to Toronto recently.

Mr. Nichol McDougall, who lives about two miles south of the village, has lost five head of cattle recently. The veterinary surgeons, Drs. Ellis and Beacom, are somewhat at a loss to discover the cause. It is thought probably the feeding of sweet clover may have something to do with it.

Aberdeen

(Our own correspondent.)

Messrs. William McCracken and Donald Stuart attended the sale of pure bred stock in Georgetown on Wednesday last and each purchased two head.

Mr. and Mrs. D. N. Clark and family left for their new home near Owen Sound on Friday of last week.

Mr. Harold McKechnie and sister, Miss Armetta, of near Durham, spent Friday evening with the Lamb family.

Miss Ruby Knisley of Durham spent last week with her aunt, Mrs. J. D. Clark.

Mr. Jack McDonald, Jr., is busy on the line with his buzz-saw. Quite a number from this line attended the sale at Mr. George Fisher's on Tuesday, March 18.

Mac MacKenzie, son of the manager of the Collingwood branch of the Bank of Montreal, was badly burned when his night gown caught fire at an open grate and broke into flames before being noticed. The little fellow started to run, fanned the flames still further, and was badly burned before his mother succeeded in smothering the balze.

FORMER PALMERSTON EDITOR DIED AT ATHENS, ONT.

H. E. Bywater Died in 58th Year.—A Former Resident of Meaford.

The death of H. E. Bywater at Athens, Ont., where he was editor and proprietor of The Reporter in that village, was regretted by many old friends in Palmerston and Meaford, where he formerly resided.

Mr. Bywater published The Meaford Mirror for a number of years, about 18 or 20 years ago. He first went to Meaford to enter the employ of the late James Patterson, then publisher of The Mirror, and remained with him for some time. Mr. Bywater then purchased The Meaford Monitor from the late Alex. Sunter, a pioneer publisher of the town. After a few years in charge of The Monitor he sold out to the late T. C. Dean. Following this, Mr. Bywater published The Arthur Enterprise and The Palmerston Spectator. For the last four years he has been editor and proprietor of The Reporter, at Athens, Ont., where he passed away on Friday of last week. Mr. Bywater was 57 years of age, and his widow was formerly Miss Dora Spike of Meaford.

WALKERTON MAN PARALYZED BY FALL DOWN STAIRWAY

Walkerton Man Found Standing On His Head.

Frank Locke of Walkerton, aged 31 years, a butter-wrapper for the Walkerton Egg and Dairy Company, was the victim of a serious accident under distressing circumstances last week.

He remarked to his wife that he felt rather sick. He started upstairs and got to the top step when he felt dizzy. That is the last he remembers until he found himself at the bottom of the steep, winding stairs in a paralyzed condition.

Dr. Stalker, who was in the house at the time, went to the rescue. He found Locke standing on his head and wedged in tightly against the door-post at the foot of the stairs. Had he not been removed from that position he would no doubt have died in a short time.

Though paralyzed from the neck down, Locke was in great pain. The pain has since eased up a good deal but he is still in a paralyzed condition. His medical attendant finds no fracture of the spine, but there is pressure on the spinal cord which may be relieved and it is possible that it may pass away. The outcome of the injury is, however, yet uncertain.

Alex. Crane's store at Conn was burned on Tuesday evening of last week. The fire started about 9:30, possibly from a chimney. Mr. and Mrs. Crane were in Mount Forest when the fire broke out and, as the building was totally destroyed, very little of the contents were saved. It is said there was some insurance on the building and stock. The property was formerly owned by James Spicer.

MARKDALE DISTRICT TEACHERS HELD SUCCESSFUL MEETING

Good Progress Reported At Meeting Held On 15th Inst.

On Saturday, March 15, the Markdale District Teachers' Association held a successful meeting in the Markdale Public school. The next meeting is scheduled for May 17.

The program opened with community singing of a number of old favorites in which all joined heartily. This was followed by the election of the following officers for the ensuing year:

Hon. President, R. Wright, B.A., Inspector for South Grey; Pres., W.J. Messenger; Secretary-Treasurer, Miss M. McLoughry; Program Committee, Miss M. Mann; Miss N. Burritt.

The President outlined the aims of the association, which showed that it was established for the mutual benefit of teachers along pedagogical lines. Miscellaneous ideas relating to the management of a school was dealt with by Mrs. Hare, who showed the value of monitors in the discipline of the school and also gave some original ideas regarding improvement in spelling and conduct of the pupils.

This led to an animated discussion as to the proper methods to be followed in order to secure the best results in spelling and reading.

Mr. Morrison, principal of Mark-

dale High school, handled the subject, "Fundamentals in the Work of Every Teacher" in a very capable manner. He said that the profession of teaching was the greatest work that any citizen is called upon to do as on the teacher rests the work of nation building. Teachers are frequently given greater responsibility than necessary because of the home sometimes neglecting its proper duty in the training of the child. Many more ideas were given which should aid a teacher in the advancement of his or her pupils.

By way of a change the teachers were treated to a so'bo, "The Little White Cot in the Lane," which Miss N. Burritt rendered very beautifully.

Mr. Messenger dealt fully with the topic which Inspector Wright had intended taking had he been present, "The Inspector's Personal Report to the Teacher." This is a new idea in the Ontario schools which Mr. Wright has introduced into his inspectorate and which will be appreciated by the teachers very much.

Before the meeting was brought to a close a sociable half hour was spent when the staff of the Markdale Public school treated the members of the association to light refreshments. The National Anthem ended a perfect afternoon.

A public health nurse arrived at Listowel last week and will be stationed there for the next three or four months.

DELAY TILL APRIL IS FATAL TO CHICAGO WATER STEAL

Bill to Grant More Water For Chicago Drainage System Laid Over For Time Being.

The bill to permit the Chicago sanitary district to divert ten thousand cubic feet of water per second from Lake Michigan, which is opposed by Canadian and U. S. ports about the Great Lakes because of the lowering of the lake levels, was practically killed by the United States House, Rivers and Harbors Committee. The committee postponed further hearings until April 14. This delay, it is generally conceded, will be fatal to enactment by this Congress.

CLASSIFIED ADS.

(Too Late for Classification.)

J. WORDEN OF TORONTO, PIANO Tuner, is expected in a few days. Orders may be left at Snell's Music Store.

BOARDERS WANTED.—A COUPLE of gentlemen boarders may find accommodation on applying by letter to Box 14, Chronicle Office.
