SPONTANEOUS COMBUSTION

At this season of the year, and under present climatic conditions, it is necessary that the farmers should exercise a more than ordinary care in garnering their crops.

We know there are people who scout the idea of spontaneous combustion. Their only idea is that fire can start only from a match or from lightning and it is useless to talk about fire resulting when neither of these elements are present.

We believe that the use of hay-forks and slings are in part responsible for fires of spontaneous origin. All crops put into the mow with forks or slings should be scattered at once so as to lessen the danger from heating.

In wet or catchy weather the farmer becomes anxious and in spite of his better judgment may yield to the temptation to put his crop in before it is really fit.

A number of years ago we saw an ice-house, full of ice and packed in the usual way in saw-dust. More-over it was built on a wharf and accessible to a whole lake of water.

Notwithstanding the talk of hard times heard from some quarters there must be a lot of money in Canada. We feel safe in saying that hundreds of cars were in town Saturday night.

REV. AIRD PREACHED FAREWELL SERMON

Popular Mulock Pastor Leaves Shortly for New Field Near Vank-leek Hill.—Mrs. Aird Presented With Electric Iron.

The Rev. Mr. Aird gave his farewell message on Sunday, July 20, in the Mulock Baptist church to large appreciative congregations. In the morning his text was Acts 20, 32 and in the evening Joshua 24, 15, Hebrews 13, 17.

At Hanover on Saturday afternoon the seniors were also defeated 13-3 in a Central League game with the Hanover nine.

Lack of practice and poor support for the pitchers is reported to us as the cause of defeat.

On Wednesday afternoon of this week the Hanover and Durham senior teams met on the agricultural grounds here, when Hanover won 12 to 7.

Mr. Brown was on duty from 5 in the morning to 2 in the afternoon and reported 95 motor vehicles, including 19 trucks, and 24 horse-drawn vehicles.

Mr. Moffat was in charge from 2 o'clock until 10 o'clock at night and reported 163 touring cars, 12 trucks and 35 horse-drawn vehicles.

The census-taking was to have commenced last week, but was delayed for some reason. It will continue for one full week.

A DAY OF PICNICS

This afternoon, the Anglican Sunday school picnic is being held, and all the youngsters of Trinity church will be invited to take part.

The annual Presbyterian picnic is also being held this afternoon in Le-vine grove west of town, where the kiddies of that congregation will no doubt enjoy themselves to their heart's content.

CHILD PLAYING IN HAY HAS BOTH LEGS SEVERED

Osborne Stephen's, a little lad between three and four years of age, son of John Stephens, who resides between Kilsyth and Tara, is at the Owen Sound General and Marine Hospital with both feet severed as the result of having been caught by the blade of a mowing machine on his father's farm shortly after nine o'clock Monday morning of last week.

BASEBALL TEAMS LOST TWO GAMES LAST WEEK

Both Junior and Senior Teams Defeated Last Week.

The junior baseball team went down to Drayton last Thursday afternoon in a Central League fixture and were defeated by the Drayton team 17-12. At the game here two weeks ago the home team won by the same score. The play-off is ordered for this afternoon at Palmerston.

STARTED TRAFFIC CENSUS YESTERDAY MORNING

The taking of the traffic census on the Guelph to Owen Sound Provincial Highway commenced yesterday morning, in charge of Messrs. J. A. Brown and Thomas Moffat.

Mr. Ernest Blodgett, of Timmons, New Ontario, arrived here Saturday night to visit his brother-in-law, Mr. Hermie Burnett, of Glenelg where Mrs. Blodgett has been visiting for the past couple of months.

HEALTH RESTORED BY THE FRUIT TREATMENT

Mr. Frank McKay of Windsor is spending a few days with his parents, Mr. and Mrs. George McKay.

Mr. Ambrose Fagan returned to his home in Hamilton after a few days' visit with his parents and sisters. He was accompanied home by Mrs. Fagan and daughters, Winnifred and Jean, who visited friends and relatives in town for the past couple of weeks.

Miss Maggie Riddell of Rochester, N.Y., visited her brother, Mr. Hugh Riddell, Welbeck, for a few weeks, and on her return home spent over Tuesday with Mrs. J. M. Burgess.

ARTIFICIAL KIDNEYS TO CLEANSE BLOOD

When anything becomes fouled or contaminated, the obvious procedure is to clean it. The cleansing act is simple enough when the object happens to be a dish, a pane of glass, or one's shoe.

Its practical application as a remedy is quite possible, indeed, for its practicability has already been established experimentally in many animals.

Since the immortal Harvey discovered the circulation of the blood, every schoolboy has been taught that the heart pumps the blood into the arteries, which carry it to the capillaries, from which it gets into the veins, which finally return it to the heart.

Health Restored by The Fruit Treatment

Fourteen years ago, Mr. James S. Delgaty, of Gilbert Plains, Man., was a nervous wreck. His system was shattered by Nervous Prostration, and he was reduced in weight from 170 to 115 pounds.

He wrote on May 15th, 1917, "Every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives'. I began to mend at once. After using this fruit medicine for three months, I was back to normal. I have never had such good health as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house."

Writing again on September 27th, 1923, Mr. Delgaty says, "I stand by my letter to you in 1917—I still recommend 'Fruit-a-tives'."

"Fruit-a-tives" is a complete fruit treatment—being made of the juices of fresh ripe fruits and tonics. 25c. and 50c. a box—6 for \$2.50—at druggists or sent postpaid by Fruit-a-tives Limited, Ottawa.
