TREES FALL PLANTED

How They Compare With the Spring Planted Trees

Pears, Plums and Sweet Cherries Do Well — Dug vs. Dynamited Holes for Planting—The Appeal of the Tree—Rainfall and Potato Rot—The Great Oat Crop.

(Contributed by Ontario Department of Agriculture, Toronto.)

Experiments to determine, for the Niagara Peninsula, the relative merits of fall and spring planting of pears, plums and sweet cherries were started at the Horticultural Experiment Station, Vineland, in 1914 and 1915.

Severally speaking for pears, plums and sweet cherries fall planting has resulted in the least number of deaths, and has given a somewhat greater growth of tree, both during the first season and thereafter.

A probable reason for the fewer number of deaths in fall planted than in spring planted trees is that the roots of the fall planted trees are not subjected to drying out as are the roots of trees held over until spring.

In conjunction with the fall vs. spring planting, experiment trees were also planted in ordinary dug holes, and in dynamited holes. This experiment was carried on, of course, in heavy soil.

Hints for the Household

For September

By BETTY WEBSTER

Readers, Note If you have any questions concerning Recipes, and other Household Hints you would like to ask Betty Webster—address her in care of The Durham Chronicle.

PRESERVING HINTS

Grape Jelly

Wash and stem grapes. Cook grapes down. Then strain. To every cup of juice add 1 cup of sugar. Bring to the boiling point and then boil exactly 20 minutes.

Grape Conserve

1 pound of grapes 1/2 pound of sugar 1 cup of chopped raisins 1 cup of chopped nuts

Rhubarb Marmalade

1 quart of raw rhubarb cut in small pieces 4 seedless oranges 3 pounds of sugar 1 tablespoon of lemon juice 1 tablespoon of grated orange rind

COOKING HINTS

Cold cooked liver, kidney or steak mixed with salad dressing makes a

fine sandwich paste.

Where tomato sauce is called for, it is very much quicker to use canned tomato soup.

Save canned pineapple juices to flavor corn starch pudding.

Black walnuts give to dishes a deliciously different flavor that any hostess loves to obtain.

Black walnuts add immensely when served with fruit salad.

Salted Black Walnuts and Pecans make an agreeable change for the nut dish.

Lump Saver

When gravy, cream sauce or custards lump, beat vigorously with egg beater for a moment and lumps will disappear.

Date Souffle

2 eggs 1 cup of sugar 1 teaspoon of baking powder 1 cup of walnuts quartered 1 cup of dates seeded and cut in two

A New Meat Loaf

This meat loaf is good either hot or cold. Take— 1 pound of uncooked ham, ground 1 pound of fresh pork, ground 1 cup of soft bread crumbs 1 cup of milk 1 or two eggs well beaten, a

Bake in slow oven for one hour.

THINGS WORTH KNOWING

To Steam Velvet

As the winter months approach we are all thinking of clothes. Some of our old velvet dresses or goods could be economically put to use if we only knew how to steam them. Here is a method:—

Heat an iron and place it on its side. Fold several thicknesses of wet cloth over the iron and as soon as the steam begins to rise, draw the velvet slowly back and forth across the edge of the iron, right side up. As soon as the mark caused by crushing disappears place the velvet on a smooth surface to dry.

Stained Glasses

Stained glasses are very nearly as undesirable as nicked china. The nicked china can not be made right, but the stained glasses can.

Take either a mixture of vinegar and salt or lemon and salt and rub well over the stain. Then wash thoroughly and glass will resume its clearness.

Use for Clothes Pins

Use pinch clothes pins for pinning bed room curtains back. The clothes pins can be made to blend with colors in the room.

OWEN SOUND PRO LAYS OUT COURSE FOR HANOVER CLUB

Hanover and Walkerton Have Joint Golf Course Situated Midway Between Them.

Mr. James Hunter, professional of the Owen Sound Golf and Country Club, has just completed laying out the new Hanover Golf Club course, which occupied Wednesday and Thursday of this week, says Saturday's Owen Sound Sun-Times.

The course is situated midway between the towns of Hanover and Walkerton and thus is accessible to members of both of these places. It is a nine-hole course and is 2300 yards in length, and is very close to the Hanover-Walkerton road.

A farm of 50 acres was purchased for the purpose of the course and every available piece of ground is being utilized. The ground is said to be more suitable to golf course purposes than the Owen Sound course but it is not as long as the local links.

The new golf club will likely be called the Hanover Golf and Country Club, but it will draw nearly half of its members from Walkerton. It is expected that there will be sixty members from Walkerton and one hundred from Hanover, and the course will be ready for use next May.

The originators of the scheme are the Messrs. Brunt Bros., of Hanover who purchased the farm and have been promoting the proposition.

The new golf club will be a decided advantage to the Owen Sound Golf and Country Club as interclub matches will be staged quite easily.
