We were pleased to have Miss Wilson again take the services in the Baptist church here last Sunday morning. Miss Wilson's discourse was taken from the 13th chapter of Corinthians. Love has a deeper meaning and is fuller than charity. Gifts are larger than love and love often larger than gifts. Love is the fulfilling of the law. If we really loved we would not have to be told to keep the Sabbath or the ten commandments. Christ's secret for the Christian was love. Paul contrasts greatest things with love, but love is greater than these. Love makes character. David Livingstone had character and gave his message by his character. The practical way of showing love is by the golden rule. Teach the children to love. What we do for others counts. Christianity is a growth. Patience, kindness, generosity, humility, courtesy, unselfishness, sincerity—these are elements of love. Miss Wilson said that people only rise as high as they believe they can and that the world is but a schoolroom and an education for a higher life. During the service, Misses Alice and Annie Smith sang a duet very sweetly, which was very much appreciated by the congregation.

Welbeck

(Our own correspondent.)

It has been sometime past since your scribe has taken his pen to help along The Chronicle, but as the harvest is over, the threshing done, and the mud hen will soon be frozen up, we will try to take our place once more.

Halloween pranks were just about the same as usual—nothing much a-doing, except Messrs. Walsh and Riddell, who had the misfortune to have their sweet-clover stacks fired.

The Campbell Bros. have finished another season's threshing and report a good run of well-filled granaries.

We are sorry to report Mr. Henry Haug in the Hospital, but we believe he is back on the staff once more.

Oh yes! Just before we forget! Our worthy councilmen turned up at last and patched up a few mud-holes, but we believe he missed the biggest ones yet.

Quite a number of the local sports from around here were guests at the Halloween masquerade at Massie.

Mr. Hugh Riddell is all ready for the wet weather now, as he had Messrs. M. Campbell and Charles Clark put a new roof on his dwelling.

We have been hearing about the bumper potato crops over Grey County, but we believe the Goldsmith Bros. hold the record for high average. They had them turn out at the rate of 450 bags per acre, by weight and measurement, and no rotten ones either, as they were Delawares. As to size they found some with white spots on them just about a foot from the end.

Mr. and Mrs. Robert Ledingham attended the funeral of Mr. Sam Oliver of Owen Sound on Friday of last week.

Mr. Thomas McCarthy of Glenelg spent Sunday evening with Mr. John Walsh.

Swinton Park.

(Our own correspondent.)

The fine weather of the last month has been a record breaker here, practically no rain and the ground very hard and dry, making ploughing very difficult.

Bush fires were raging here on Saturday, the high wind and dry leaves making it nearly impossible to control them.

Messrs. H. McLean and O. Milliner motored to Seaford on Wednesday for repairs for the company tractor.

Threshing here is nearly completed for another year, and the crops have been well up to the average. O. Milliner will be making his farewell round here the latter part of the week.

Mr. William Mason has exchanged his farm here for Toronto property, and will be moving away in the near future. Mr. and Mrs. Mason and family will be greatly missed in this neighborhood, as they were very sociable.

Mr. Charlie Mason has disposed of his valuable car, Mr. George Black being the purchaser.

Halloween here passed off very quietly. A few had a good long walk to show their manly costumes.

Glad to see Mrs. Hargrave able to be back again to her own house in the Park.
