A NEW YEAR'S MOTTO

I asked the New Year for some motto sweet Some rule of life by which to guide my feet, I asked, and paused-it answered soft and low, "God's will to know."

"Will knowledge then suffice, New Year?" I cried, But ere the question into silence died, The answer came-"Nay, this remember too-God's will to do."

Once more I asked, "Is there still more to tell?" And once again the answer sweetly fell-"Yea, this one thing, all other things above-God's will to love."

-Exchange.

FROM RUMANIA COMES THE NEWS THAT 572 RUMANIAN Baptist laymen have given themselves to evangelistic and general religious work in an effort to supply the lack of pastors and evangelists. "These men," says "Home and Foreign Fields," "are going out and proclaiming the Word of life as Philip and Stephen did in the days when the New Testament was in the making."

IN CONTRAST WITH THE HIGH COST OF LIVING IS THE low cost of health. It costs you nothing to have plenty of fresh air in your

It costs you practically nothing to exercise daily in the open air, to take deep breaths, and to walk erect. It costs you nothing to eat slowly and to chew your food

It costs you nothing to select and to eat the foods best suited to properly nourish your body and thus keep in good physical condition.

It costs you nothing to clean your teeth night and morning. Finally, it costs less than nothing to be kind and cheerful, to quit worrying, to be courteous instead of grouchy, to give the glad hand and the good word instead of the cold shoulder and

The above are among the essentials for good health, long life and happiness. And they cost you no more now than they did before the war.-Sel.

THE RUSSIAN MISSIONARY SOCIETY REPORTS THIRTY-FOUR representatives at work under Soviet rule in Russian Poland. Rev. R. Boyd Morrison says that in one part of the country a thousand people had been baptized in one year. It was simply marvelous, and there was no outstanding revivalist or missioner, just the simple testimony of men whose hearts were filled with love to Christ and the souls of the people. Missionaries are needed, Bibles are needed; a missionary told him of the village in which he lived where there are ten families and only one Bible for them all.

"DO MOSLEMS NEED CHRISTIANITY?" IS THE TITLE OF a fine article in the current number of The Church Missionary Review, written by a missionary of ability and experience. Among its many valuable points, this is worth noting-it is the substance of conversation with a Moslem sheikh:

We talked of God and the need of repentance, but to him repentance was an easy matter. "In any case," he said, "if I repeat the creed before I die, I am certain of paradise." I turned over the leaves of my New Testament, wondering at what point I could pierce his armor of complete self-satisfaction and ease. I began to read bits of the Sermon on the Mount. "Love your enemies." This aroused in him mocking scorn. He hated his enemies because they were also the enemies of God, and he sighed for a holy war that would bend the proud neck of the world to the yoke of Islam. "Whosoever looketh on a woman, etc." This stirred something in him; he thought deeply for a minute or two and then said: "Thank God, I am not a Christian." "Whosoever is angry with his brother without a cause is in danger of the judgment." This time something had struck home, for he jumped up, exclaiming: "That is a lie." Other sheikhs came round, and to each one I had to read the verse, and they all agreed with me that it was right except my host, who became more and more excited and angry. A small crowd collected, and everyone agreed that the verse was true and that the motive was the test of the action. The sheikh continued to storm and fume until a lad standing near exclaimed: "I know why the sheikh hates that verse. Last night, in a fit of temper, he tried to murder his brother." The sheikh stood for a moment, his face crimson with shame and walked out in silence,

LAST FRIDAY ELIZABETH WAS GIVEN A TASK TO DO IN school. She was to make a pen and ink copy from memory of Lincoln's Gettysburg speech without errors in spelling, capitals, punctuation or words of text.

Elizabeth knew the speech by heart, so she felt safe. Still she studied hard, to make sure of capitals and punctuation. She wrote the paper, as did all the class. The papers were then given to the pupils of the 8th grade to correct. Her paper was marked 100. Only one other paper got 100. When the teacher returned the papers to the scholars,

Elizabeth found no less than six mistakes which the pupil who had examined her paper had overlooked: a comma instead of a semicolon; "may" instead of "shall"; etc. Elizabeth was in tears, but she marched straight up to her teacher, and showed her the errors. The teacher said:

"Well, Elizabeth, your mark will have to be changed, but you are an honest girl." The child went home at noon heartbroken. She sobbed and cried, until her mother said:

"Well, Elizabeth, you got 100 in heaven for your courage and honesty; that is best!"-Contributed.

A NEW YEAR WISH

Each day I pray, God give men strength anew To do the task I do not wish to do, To yield obedience, not asking why,

To love and own the truth and scorn the lie, To look a cold world bravely in the face, To cheer for those that pass me in the race,

To bear my burdens gaily, unafraid, To lend a hand to those that need my aid, To measure what I am by what I give.

God give me strength that I may rightly live! -Youth's Companion.

THE LEARNED AND LEVEL-HEADED DR. ST. CLAIR TISDALL believes that back of much spiritistic phenomena is nothing else than demonism, and in an article on the subject in "Evangelical Christendom" gives this bit of evidence: "In India a native friend of mine many years ago used to relate that having as an ascetic made a toilsome pilgrimage to Cape Comorin from his home in the Punjab, he had there some strange and terrible mental or spiritual experience so awful

that he never dared to tell any one the details. Years later, when a convert to Christianity and on a preaching tour in the Punjab, he heard related to him in fluent Sanskrit by an ignorant village woman, when claiming to be under demonaic possession, the exact details of his fearful experience. This she did in order to convince him that she was possessed, and she succeeded. . . . What is called automatic writing may or may not be altegether deliberate fraud, but writing inside a planchette is less easily accounted for. Cases are well vouched for in which language of the vilest description has been written in this way by an invisible hand."

In meditation we see things in God's light. Many a thing unquestioned before begins to be doubtful, and many a thing lightly excused begins to be condemned, and in that presence there is given grace and resoluteness to put them down, cost what it may.-Mark Guy Pearse.

Stung Again! (Flesherton Advance)

A young Fleshterton lady went into Eaton's store in Toronto before Christmas and ordered a pair of snowshoes for a younger sister as a Christmas present. When the parcel came, it was a big one-big enough to contain eight or ten pairs of snowshoes, and when the thing was opened, it was found to contain a storm door instead of the snowshoes! Some Christmas present,

(Tara Leader) Memories of olden days were brought back to our citizens on election night when the band visited the homes of the newly elected Reeve, Councillors and Trustees, Our former bands usually did honor to our elected officials in this way, and we were glad to see our new organization come out and do likewise. Mr. Wesley Strong brought out his tetam and bus and drove the band around, Reeve Tindale was visited first, then Councillors Duff, Brunton, Dopfer and Bailey and

CLifford Creamery Burned

(Clifford Express) The Clifford Creamery was totally consumed by fire this (Wednesday) morning. The proprietor, Mr. Henry Bieman, had just started a fire of wood in a heating stove shortly after 7.30 and was going to start up the furnace in the boiler. With startling suddenness, an explosion took place in the newly lit box stove, and immediately the whole place was in flames. The lid of the stove hit Mr. Bieman in the breast, rendering his unconscious
