GOVERNMENT CAMPAIGN TO PRESERVE ROADS

High Department Will Furnish Public With Valuable Information.

At the Annual Dinner of the Ontario Motor League, held in Toronto in February, announcement was made by the Honorable George S. Henry, Minister of Highways, that the Department intends to employ advertising with the object of inviting assistance and co-operation of owners and drivers of motor trucks and passenger cars and members of automobile and good roads associations in abuse of the highways of the Province by heavy loading and excessive speed.

In brief, the objects of this advertising campaign are to stir up the interest of the public to the desirability of more extended use of the roads and its highways problems, and to acquire a more emphatic realization of the necessity of conserving the highways by refraining from heavy loading and fast driving.

Positive benefit has come from the use of improved highways as avenues for the quickening of urban and rural relationships. The benefit of a wider acquaintance with the Province by a larger number of our people would be none the less real, although perhaps slightly less tangible. Travel is an educator. The first field for travel should be the Province and the country in which people live.

The campaign will bring to the notice of the public many beauty spots in Ontario which they do not hear of, and will point out the various counties which may be little known to the average motorist. It will lead many Ontario people to know Ontario better.

Becoming more familiar with the extensive mileage of improved highways in the Province, the public will gain a greater and more definite understanding of the immensity of the highways problems which are becoming solved by county and provincial authorities.

It will be pointed out that the beauties of scenery can be enjoyed only if the driving is at a moderate rate of speed.

It will be emphasized that the roads belong to the people because they paid for them, and that the motorist of every class will be expected to contribute to the cost of maintenance and repairs. In justice, the class of traffic that bears most heavily on the roads should make the greatest contributions. The co-operation suggested, therefore, not only is in the public interest but in the selfish interest of the individual concerned.

The great majority of the public is a good disposition toward public property. The damage done by the flying car or overloaded truck sometimes is not apparent, but is none the less substantial.

A belief is that traffic laws are made only to prevent accident—not to preserve the roads. When no traffic officer is in the vicinity and no danger of accident is apparent, it is not unusual for the motorist to

NOTICE TO CREDITORS

IN THE MATTER OF THE Estate of Edward Hoy, late of the Village of Holstein, in the County of Grey, horseman, deceased.

NOTICE is hereby given, pursuant to Section 56, of the Trustee Act, R. S. O. 1914, Chap. 121; that all creditors and others having claims or demands against the estate of the said Edward Hoy, who died on or about the twenty-fourth day of January, A. D. 1925, at the Village of Holstein, are required on or before the 11th day of April, 1925, to send by post, prepaid, or deliver to solicitor for the administratrix of the estate and effects of the said deceased; their Christian names, and addresses, their full particulars in writing of their claims, a statement of their accounts and the nature of the security, if any, held by them.

AND take notice that after such last mentioned, the said Administratrix will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which she shall then have notice, and that the said administratrix will not be liable for any of the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by her at the time of distribution.

Middlebro', Spereman & Middlebro', Solicitors for the Administratrix. Dated at Durham, this 21st day of March, A. D. 1925. 3 26 3

NOTICE

In The Exchequer Court of Canada In the matter of the petition of National Cement Company.

NOTICE is hereby given that by Statement of Claim filed in this cause on the 9th day of January, 1925, the Petitioner prayed that the entry in the Register of Trade Marks at Folio 8713 of Trade Mark Register No. 36, made in the name of The National Portland Cement Company limited, of Durham, Ontario; said trademark consisting of a flag and the word NATIONAL and the name of the said Company, should be expunged.

Anyone desiring to oppose the said Petition should file a statement of objection, answer or defence within fourteen days from the last appearance of this advertisement, which will be on the 23rd day of April, 1925.

ELLIOTT and DAVID, 189 St. James St., Montreal, Que., Solicitors for Petitioner. 3 19 4

Hints for the Household

For March

By BETTY WEBSTER

Readers, Note: If you have any questions concerning Recipes, and other Household Hints you would like to ask Betty Webster—address her in care of The Durham Chronicle.

HOUSEHOLD HINTS

To Remedy Too Much Salt in Soup

If you have added too much salt in soup, add a few slices of raw potato. Cook about 5 minutes longer. The raw potatoes will absorb a great deal of the salt.

To Remove Iodine Stains

Wet spot with washing soda until it turns blue. Rinse with cold water and repeat until stain can no longer be seen.

To Freshen Loaf of Stale Bread

Dip it into milk. Heat in moderate oven until crisp. This will taste like fresh bread.

To remove powder stains from your suit or dress collar, sponge with turpentine.

BAKING HINTS

Bread Pudding

6 slices of stale bread (cut 1/4 inch thick), 4 sour apples.

Custard: 1 pint milk.

3 eggs.

1 small cup sugar.

Little vanilla.

Method: Cut bread 1/4 inch thick. Butter baking dish. Put layer of bread broken up at bottom. Peel and slice apples. Then place layer

of apples alternate until pan is full. Pour custard over all.

Sour Cream Cake

1 cup sour cream.

1 cup sugar.

1 egg.

2 tablespoons melted butter.

1 level teaspoon soda.

Little salt.

Flour to make a moderately stiff batter.

1/2 teaspoon nutmeg and 1/2 teaspoon cinnamon.

Method: Mix cream and soda. Add sugar, flour and spice and melted butter. Pour in buttered baking dish and bake.

COOKING HINTS

Banked Salmon

Salmon.

Mashed potato.

White sauce.

Method: Heat a can of salmon. Place heated salmon flaked with a fork in centre of platter. Place fluffy mashed potatoes around it. Make a white sauce and pour over salmon. Trim with green. Serve hot.

Savory Rice Jumble

1 cup rice.

1/2 pound sausage.

1/2 pound ham.

Small piece of red pepper.

(Copyright, 1924, by The Bonnet-Brown Corporation, Chicago)

pull out and exceed the speed limit.

By repetition and reiteration, the Department intends to lay before the public the salient features of our highways problems and conditions, believing that such abuses as have taken place in the past arise largely from ignorance of conditions.

Taking the motoring public into its confidence, and explaining fully the reasons for the law against heavy loading and fast driving, the Department believes that the goodwill and support of all users of the roads will be given cheerfully toward the same and reasonable use of the highways.

When the Department is spreading this information about highways problems and requesting the co-operation of those who use the highways, it will not omit to reiterate that the penalties of The Highways Act will not be abated in any particular. Indeed, more strict obedience will be expected in view of the information and warnings which the publicity will carry.

As it is desired to reach every motorist in the Province with this advertising, it will appear in an extended list of daily and weekly publications, farm journals, and particularly to the motorist.

The program will be divided into three parts, spring, summer and fall. In the spring, the advertisements will deal specifically with the restrictions in force at this season regarding the loading of trucks. The great enemy of the road is water. It lurks in the foundations of all roads in wet weather. When the road surface is hard, the foundation "churns" under heavy loading and soon becomes fractured. A break in the surface is liable to follow. Roads which are not hard surfaced are porous during the spring season. Protection of all classes of roads therefore is furnished by The Highways Act.

In the summer, the advertisements will be addressed to the drivers of passenger cars. There will be invitations to the public to see Ontario. These will be illustrated with sketches of lesser beauty spots throughout the Province. Efforts

will not be made to direct tourists particularly to the spots which are illustrated. They will be noted only as samples of Ontario's beauty.

In each advertisement, the lesson of the advantages of moderate driving will be taught.

The fall advertisements will be designed to extend the usual touring season by pointing out the beauties of Ontario during that season. They will contain a special appeal to the farmer who has more leisure at that time of the year. These advertisements will be illustrated in the same way as the summer advertisements and will reiterate the necessity for moderate driving in the interest of the public.

THE PEDDLING PROBLEM

This problem of peddlers and house-to-house canvassers which is to be considered by the Legislature, following representations made by the Ontario Retail Merchants' Association, is a many-sided one. The average housewife would doubtless welcome legislation that would give her door bell a rest and the retail merchants, who pay property, business and income tax for the privilege of making a living . . . are justified in protesting against the unfair competition of transients who contribute nothing to the upkeep of the municipality, but there are bona fide Canadian manufacturers . . . whose policy is to sell direct to the consumer, or to drum up trade by means of house-to-house canvassing. The suggestion that peddlers be divided into three classes, those who have not lived for a year in a municipality, those who have done so and those whose names appear on the assessment roll, is worthy of consideration. The peddlers of the first class would pay, under this plan, a much higher license fee than those of the second class, who, in turn, would be charged more for the privilege of wearing out doorsteps than those of the third class. There should be a maximum penalty, however—and there are some who would consider a jail sentence not excessive—for peddlers whose vigorous and persistent rings of the door bell bring tired housewives from the attic or the bathtub.

While primarily designed for the benefit of teachers in the Province of Ontario, the tour is open to members of the general public, and any who care to join the party will be most welcome.

CANADA'S TOTAL WHEAT YIELD

The total yield of wheat in Canada for the year 1924 is now finally

estimated at 262,097,000 bushels from 22,655,740 acres, as compared with 474,199,000 bushels from 22,671,864 acres in 1923.

TEACHERS' ALL EXPENSE TOUR TO THE PACIFIC COAST INCLUDING CANADIAN AND AMERICAN NATIONAL PARKS

A complete thirty day All-Expense tour is being arranged from Toronto to the North Pacific Coast, special train leaving Toronto via Canadian National Railways, July 9th next.

Westbound, the party will pass through some of the most important cities of Western Canada—Winnipeg, Saskatoon, Edmonton, stopping over at Jasper National Park, thence to Prince Rupert and via Canadian National Pacific Coast Steamers through the wonderful scenic seas of the North Pacific Coast to Vancouver, returning via Portland, Yellowstone National Park, Salt Lake City and Estes National Park through Chicago, thence back to Toronto.

The tour is being arranged under the direction of Mr. A. E. Bryson, Principal of Silverthorn School, Toronto, and Mr. Martin Kerr, Principal of the Earl Kitchener School, Hamilton, Ont. Full information may be secured from Mr. Bryson, 44 Silverthorn Avenue, Toronto, June 25, 1924, also from Mr. Kerr, 4 Buelah Avenue, Hamilton, Regent 842.

While primarily designed for the benefit of teachers in the Province of Ontario, the tour is open to members of the general public, and any who care to join the party will be most welcome.
