Mr. Zenus Clark Painfully Injured Monday Morning at His Mill in Glenelg.

About ten o'clock Monday morning, an accident occurred at Bunesan, in which Mr. Zenus Clark, the well-known miller of this place, came within an ace of having his right hand severed at the wrist when it came in contact with a shingle saw he was getting in shape for this spring's cut.

Just how the accident occurred is not plain, but Mr. Clark is of the opinion that he tripped on a piece of wood, lost his balance and fell against the saw.

Mr. Clark had just been putting his shingle sawing outfit in shape and had cut one block in preparation to starting the mill on its season's run when the accident occurred.

On Tuesday morning, Mr. William Clark, his son, who runs the planing mill near the C. N. R. station, also met with an unfortunate and painful accident when a chisel he was using slipped and slit his left thumb from the second joint to the end, making a gash that required several stitches to close.

HOLSTEIN DEBATERS WON FROM DURHAM

Interesting Evening Spent Monday in Durham Baptist Church.

A large, enthusiastic crowd assembled at the Baptist Church on Monday evening to listen to a debate between the young people of Holstein and the young people of Durham Baptist Church.

The meeting opened with a short devotional service led by Mr. H. S. Griff, the president of the local B. Y. P. U. Many well-known hymns were thrown upon the screen, and all joined with enthusiasm in the singing.

The chair was taken by Miss E. Schaefer, who announced that the subject of the debate was, "Resolved that the West offers greater opportunities to the young than the East." The speakers on the affirmative were Miss M. McDonald and Mr. H. S. Griff; on the negative, Mr. McMillan and Miss Evans of Holstein.

Both sides had some very excellent material and some very forceful arguments which must have cost the young debaters a great deal of digging and hard work.

It would be difficult for a Westerner to believe that there are more opportunities in the East than in the West for our young people, and an Easterner would hesitate to accept such a decision in view of the constant stream of over-crowded centres of the East.

A splendid lunch provided by the young people of the Baptist Church brought the evening to a close.
