## Taxi-Cabs Too Small. So They Called A Truck!

LOS ANGELES had something heavy on its hands a few days ago when it served as the meeting place of these two "high-weights" (?) They are Tom Tom, who tips a coal weight scale at 745 pounds, and Alice Fulton, who can jar the beams for 685 pounds. Their claim is that they are the heaviest persons in the world of their respective sex. Guess nobody doubts that after looking at this picture. Tom and Alice were formerly partners in the show business, but for many years, neither had seen the other until the day this photo was taken. And Tom—like a gallant hero—decided to show his fair friend the town. A taxi do? Should say not. He called the truck you see him and Alice boarding here.

## Miss Florence Nightingale Crane of Toronto

MISS FLORENCE NIGHTINGALE CRANE, OF TORONTO, is to become the bride of Dr. Robert Hamilton Cowan of Hamilton. Miss Crane, a native of Bruce County, graduated from Harper hospital in Detroit and immediately enlisted for overseas service with the American army. She served within sound of the guns for two years in France, returned to Canada and later went to Brussels to study the Belgian language. From there she went to the Belgian Congo and remained two years, the only white person within a radius of 40 miles.

## Mack Sennett's Idea of the "Physically Perfect"

NOW everybody knows of Mack Sennett's bathing beauties. And everybody gives that famous movie producer credit for knowing a thing or two about physical perfection in attractive womanhood. All of which carries so much more weight to his decision that Miss Lillian Knight—the pretty young miss in the above photo—is a "physically perfect girl." Miss Knight won the Los Angeles beauty contest last year and represented that city in the Atlantic City pageant. And now Mack Sennett's verdict gives her more laurels. In the picture, you see Eddie Gline, movie director, taking Miss Knight's measurements. He doesn't seem to be a bit bashful about it, either.

## A Bud in Bloom

A TRIP across country nowadays certainly rewards the eye with many colorful and beautiful scenes. Particularly, the orchards which Mother Nature has just touched with her magic Spring wand and caused to break forth in myriads of blossoms. And of all the beautiful blossoms, those on the cherry trees perhaps are the most fragrant and prettiest. It's a treat, indeed, to be standing midst a cluster of them—as is Miss Jane Moffett, the popular young society girl of Washington, D. C., and daughter of Rear Admiral Moffett, shown in the above picture.

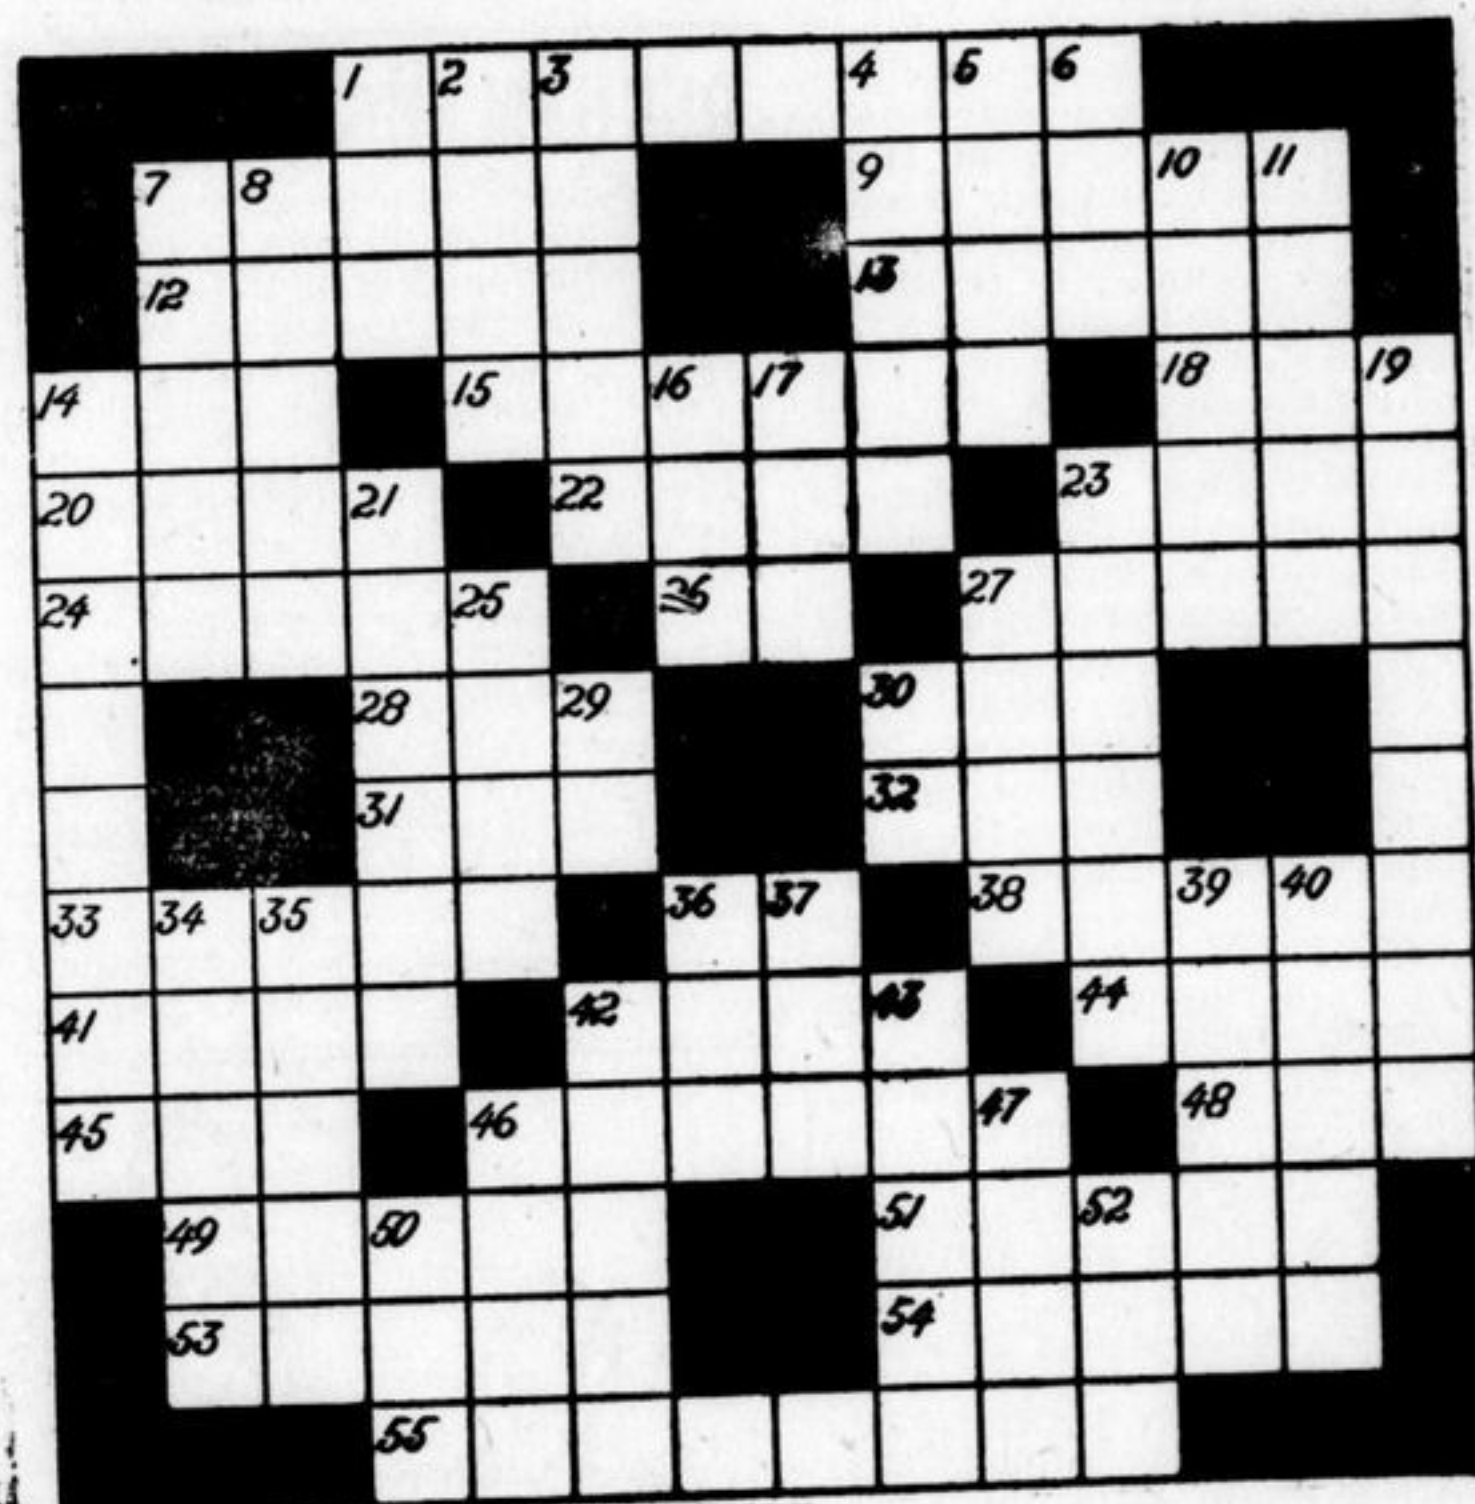

## Relic of Quebec's Fall to Return to Canada

This SHIELD was taken from off one of the Gates of QUEBEC at the time that a Conquest was made of that CITY by his Majesty's Sea and Land Forces (in the Memorable Year 1759) under the Command of the Admirals SAUNDERS and HOLMES and the Generals WOLFE, MONCKTON, HOWNSEND, and MURRAY, which latter being Appointed the first British GOVERNOR thereof made a present of this TROPHY of War to this CORPORATION whereof He then was one of the JURATS.

According to press despatches from London, Lord Willington, 1st Viscount A. Riston, who was scheduled to sail from Liverpool on April 9th by Canadian Pacific steamship "Montroyal" as special emissary from the Hastings Corporation to the Quebec City council, has postponed his visit for some time owing to the illness of Viscountess Willington. His Lordship's official mission, which will be carried out when the Viscountess recovers, will be to return to the City of Quebec the shield which was taken from its gates when it was captured by General Wolfe in 1759 and which was presented to the Hastings Corporation by General Murray who was present on that memorable occasion. Since that time the shield has hung over the door of the Council Chamber in the Town Hall at Hastings and Quebec has endeavoured to obtain its return, for years in vain, but at last Hastings has relented. Viscount Willington will be accompanied by his wife who before her marriage was the Hon. Marie Adelaide, daughter of 1st Baron Brassey, together with his son the Hon. Inigo Brassey Freeman-Thomas and his wife.

## ---And Pa Will Say Cross Words When He Gets The Bill!

IF FRIEND wife comes home one of these days all "dolled up" in the checker-board fashion pictured above—blame it on the Cross-Word puzzle fad. But—do control your temper. Because women will be dressed up in the latest styles, regardless of what you say. And this is—THE Latest! The hat—the newest in Millinery—is known as the "Cross Stitch" Hat. And the scarf—shown wrapped around the model's waist—is made of material to match the hat. This cross stitch is making a strong bid for popular favor with the women folks, and recalls the days of the cross stitch craze some years ago.
