NEARLY LOST HAND IN BUZZ-SAW ACCIDENT

Mr. Zenus Clark Painfully Injured Monday Morning at His Mill in Glenelg.

About ten o'clock Monday morning, an accident occurred at Bunesan, in which Mr. Zenus Clark, the well-known miller of this place, came within an ace of having his right hand severed at the wrist.

Just how the accident occurred is not plain, but Mr. Clark is of the opinion that he tripped on a piece of wood, lost his balance and fell against the saw.

Mr. Clark had just been putting his shingle sawing outfit in shape and had cut one block in preparation to starting the mill on its season's run when the accident occurred.

On Tuesday morning, Mr. William Clark, his son, who runs the planing mill near the C. N. R. station, also met with an unfortunate and painful accident when a chisel he was using slipped and slit his left thumb from the second joint to the end, making a gash that required several stitches to close.

HOLSTEIN DEBATERS WON FROM DURHAM

Interesting Evening Spent Monday in Durham Baptist Church.

A large, enthusiastic crowd assembled at the Baptist Church on Monday evening to listen to a debate between the young people of Holstein and the young people of Durham Baptist Church.

The meeting opened with a short devotional service led by Mr. H. S. Griff, the president of the local B. Y. P. U.

The chair was taken by Miss E. Schaefer, who announced that the subject of the debate was, "Resolved that the West offers greater opportunities to the young than the East." The speakers on the affirmative were Miss M. McDonald and Mr. H. S. Griff; on the negative, Mr. McMillan and Miss Evaps of Holstein.

Both sides had some very excellent material and some very forceful arguments, which must have cost the young debaters a great deal of digging and hard work.

It would be difficult for a Westerner to believe that there are more opportunities in the East than in the West for our young people, and an Easterner would hesitate to accept such a decision in view of the constant stream of migration westward from the overcrowded centres of the East.

A pleasing feature of the evening was the program put on by the visitors from Holstein, which included duets, solos, recitations and a somewhat humorous speech by the Rev. Mr. West.

A splendid lunch provided by the young people of the Baptist Church brought the evening to a close.

BLIZZARD SWEEPED ONT. LAST WEEK-END

Snowfall in Several Places, Sleet and Rain in Others—Slight Damage Reported Here.

Commencing Saturday and continuing throughout the greater part of Sunday, one of the wildest storms and rainstorms in a long time swept over Durham and vicinity, but so far, we have heard of no great damage being done.

From many parts of Ontario, come reports of freaks of the wind, small trees being blown down and shrubbery uprooted.

Mr. Burrell of Hanover, who runs a saw mill in that town, and who purchased logs in the vicinity of McWilliams the past winter, met with an accident Saturday at Hanover by which he suffered a broken leg.

HANOVER LUMBERMAN HAD LEG BROKEN

Mr. Burrell of Hanover, who runs a saw mill in that town, and who purchased logs in the vicinity of McWilliams the past winter, met with an accident Saturday at Hanover by which he suffered a broken leg.

From the program before us, consisting of solo and ensemble offerings, national folk songs, cello and violin solos, we may well be pardoned for envying the residents of Kitchener and Waterloo their privilege in having in their midst one of the best Philharmonic Choirs in the Dominion.

Mr. Burrell is confined in the Hanover hospital.

CONTINUING GOOD LIKENESS OF FORMER DURHAM LADY

Last week's Toronto Saturday Night, on the first page of its Women's Section, contained an excellent likeness of Mrs. L. McCaul of Toronto, widow of the late G. LeRoy McCaul, and one-time prominent resident of Durham.

It's Quite Proper, Evidently they don't advertise over in England like we do in Canada. A couple of new arrivals were standing in front of a plumbing shop, in the window of which was a fine up-to-date toilet outfit.

MAY ORGANIZE GEORGIAN BAY MOTOR LEAGUE

Meeting Called at Owen Sound Tomorrow Evening at 8 o'clock to Discuss Question—To Be Branch of Ontario Motor League.

An organization meeting of the Georgian Bay Motor League is called for the Council Chamber in the Owen Sound city hall tomorrow (Friday) night. The meeting will open at 8 o'clock.

The organization, if formed, will be a branch of the Ontario Motor League and should prove a benefit to the district and to motorists generally.

While The Chronicle has no information as to the discussion, we have no doubt it will contain many matters of interest to all, and we would suggest the advisability of Durham motorists attending in good numbers.

Membership in the Ontario Motor League has many advantages, especially when touring, and besides free touring information, free legal advice is also procurable if needed.

Privileges in automobile clubs both in Canada and the United States are, too, not the least of the advantages, and even the sign boards throughout the country on the various highways would not be possible without the Motor League.

The meeting at Owen Sound tomorrow evening should be well attended.

MRS. FAIRMAN LIVING, THOUGH SINKING SLOWLY

Mesdames Bell and Rowe in attendance at Beside, Report Condition Serious.

Mrs. Louise Fairman, mother of Mrs. A. Bell and Mrs. E. A. Rowe, who was spending the winter with her son at Bryan, Texas, and was stricken with heart trouble a few days ago, is still living though sinking, and the end is looked for almost any time.

Mrs. Bell and Mrs. Rowe left here a week ago Monday to attend their mother, and in letters home, hold out no hope for her recovery.

One condition against her recovery is the intense heat in Texas, and could she be moved north, her condition might improve. She is too critically ill, however, but should sufficient improvement manifest itself, it is likely some attempt will be made to get her to a cooler climate.

Hon. Duncan Marshall

The speaker of the day was the Hon. Duncan Marshall, former minister of Agriculture in the Alberta Legislature, and for over an hour, he held forth expounding the many virtues of the Mackenzie King Government and the shortcomings of the other fellows, particularly the Tories.

Mr. Marshall said in commencing his address that so far nothing definite was known regarding a federal election. It would, he said, have to be this year or next, but as to the date, nothing had as yet been done.

He advised the meeting to select their candidate early, let him get in the field and get acquainted with his constituents.

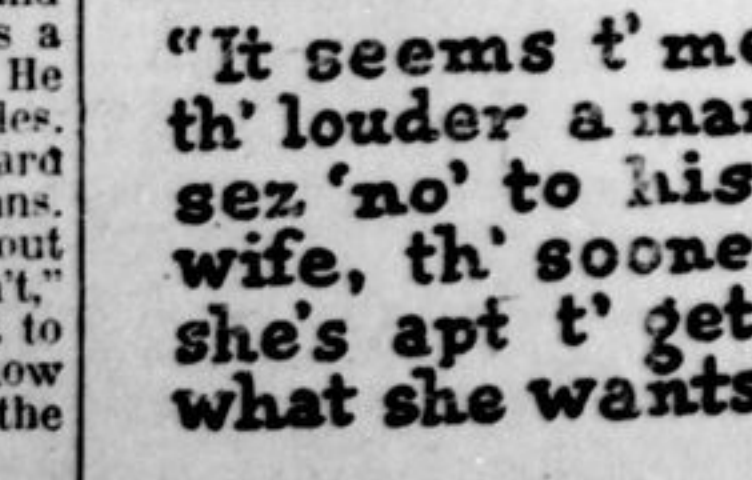

South-East was a big riding and the candidate should have plenty of time to further his own interests and by his personality, further the interests of the Liberal party.

The speaker believed in the formation of women's organizations, especially in the country districts, and having the two organizations co-operate in seeing to the vote and other matters pertaining to an election.

In West Hastings, Mr. Marshall said, 65 to 70 per cent of the women voted Liberal, and the party also got the big part of the farmer
