(Our Own Correspondent) Our community at the present time seems to be going through the worst epidemic of sickness that it has had for the past six months. Families are in some cases all laid up with severe colds or worse—some pneumonia, some whooping cough and a lot of heavy, persistent colds. We hope that the real spring weather will clear away all the germs. Mr. D. G. McLean is again very sick with his old trouble, we believe. We hope to hear of his early recovery. Seeding is well advanced now in this locality. Everybody is busy on the land these days. The best wishes of the community are extended to the young couple, Mr. and Mrs. Charles McKinnon, who returned to this district after a week spent honeymooning in Toronto, Dundas and Hamilton. The ceremony was performed by Rev. C. S. Jones, formerly of this village and now of Waterdown. We wish them every happiness together. Rev. A. Sutherland preached in Harrison on Sunday last, the pulpit here being occupied by Mr. C. Campbell, representative of the Lord's Day Alliance. Congratulations to Dr. and Mrs. Carr of our village on the arrival of a son. Mrs. W. W. Ramage continues to improve nicely, also Mrs. A. B. McDonald and Miss Janet, all of whom we hope will soon be around in greatly improved health. Mrs. J. McKechnie is improving nicely after her operation. Mr. Charles White is out again on crutches after his long term in bed with a broken ankle.

On Friday evening of last week, the young people of the vicinity assembled at her home and presented her with a beautiful wrist watch. Miss Evans will be missed in the village and especially amongst the Continuation school pupils. We wish her abundant success in her new venture. Only yesterday we learned of the death of Mrs. Mary Mason at the home of a niece in Detroit. Mrs. Mason was well and favorably known in the village, she having nursed and tended Mrs. James Durran for several years. She left the village upwards of two years ago. Her death took place on March 29. The last quarterly official board meeting of the Methodist Church here took place on Monday evening last. There was a record attendance, over 30 being present. Corner Concerns

(Our Own Correspondent) Mr. James Barbour, who started farming south of Mount Forest, was up to this part on Monday for seed potatoes and reports seeding about finished in his locality. Born—to Mr. and Mrs. Farr Lawrence on Friday, a son. Mr. Edgar Henry, who recently returned from Florida, has purchased the old homestead from his father, Mr. Andrew Henry and will settle down to farm life. Mr. Arthur Lawrence has built a commodious hen-house and has gone largely into the poultry business. His incubators, the largest, one of six hundred egg capacity, have been working day and night since the middle of February. He will soon have a corner on the egg market. Green Grove beef ring intended killing their first heifer this week, but owing to the illness of Butcher Turnbull, the slaughter will not take place until next week. Mr. and Mrs. John Orchard of Holstein, accompanied by Mr. Lucas, manager of Holstein branch of the Bank of Montreal, attended St. Paul's Church on Sunday, as also did Mr. Peter Daley, but the congregation was not up to the average. The choir was absent, and a number of Sunday School officials, no doubt taking a day off before starting the season's work. The seeding, so far as grain is concerned, is about completed, and those on low land are through along with the fellows on the high lying land. We read with much interest the verses in last week's Durham Review by Deputy-Reeve John A. Ferguson on the vote last fall on the liquor question. Premier's Ferguson's remarks at the time and his recent actions, and considered we had not read an article in a long, long time that contained so much food for thought on the actions of men especially towards each other. Last fall, a vote was taken on statute labor, and the Council all said they would be satisfied with the decision of the electors, yet at the Council meeting a week ago Monday, the day just prior to that on which the article was written we presume, the Council after carefully studying the matter out, concluded we would be acting very much in the interests of the township if we reversed their decision by a by-law abolishing statute labor as some other Councils had done a week or two before. In fact, we think one member suggested it to be done, and all the members were unanimous in the opinion that it would be for the benefit of all if we did so, but we lacked the courage of our convictions to carry it through, and statute labor remains for another year. No doubt Premier Ferguson has given just as deep thought and careful study to the business on hand as we did and is just as sincere in the belief that he is acting in the best interests of the Province. To be fair with the fellow, about the only criticism of his action we should give might be put in a one line sentence, simply; That he has the courage of his convictions.

Swinton Park

(Our Own Correspondent) The weather the past week has been ideal for seeding, and a good deal of grain is sown. A week of good weather will see the majority of the seed in and in excellent shape. The new meadows are looking the very best for this time of the year. Mr. Irving of Markdale is this week assisting his son, Lawrence, here with the seeding, he having finished himself last week. Miss Jessie McMillan, who has been in the hospital in Toronto with a severe attack of measles, is much improved and will be able to leave the hospital shortly. Her sister, Miss Kathleen is still with her. A strange man passed through here on last Monday and he seemed to be a complete stranger. Some

think he was trying to find the Swinton Park club. Miss M. Kinnell has returned home from Toronto where she was attending to her sister, Mrs. Phillips, who was ill. Mr. and Mrs. B. D. Ferris, Flesherton, visited on Sunday with Mr. J. Ferris. Mr. and Mrs. William Knox of Owen Sound spent Sunday with Mr. R. Knox. Mr. C. Smith took the contract of splitting Mr. H. Watson's wood, and he completed his job in less than two days, there being thirty cords to do.

Glenmont

(Our Own Correspondent) The Ladies' Aid and W. M. S. held their April meeting at the home of Mrs. Thomas Harrison, Jr. The attendance was good, and considerable business was done. We are glad to see Mr. Charles Tucker home again after spending some time in Detroit. Mrs. Arthur Lawrence and son, Adolphus, visited recently at Mr. Crawford Harrison's. Mrs. W. L. Dixon is home again after visiting her daughter, Mrs. William Weir, Jr., Glenelg. Sympathy is extended to Mr. Angus Hooper in the death of his sister, Mrs. William Burnett, of Michigan. Mrs. E. G. There is a good deal of comment in London over the refusal of the authorities of Westminster Abbey to permit the funeral service for

General Lord Rawlinson, commander-in-chief of the British forces in India, who died in India as the result of an operation. The funeral took place at St. Margaret's Church, Westminster, of which Rev. William Hartley Carnegie, canon of Westminster Abbey, is rector.
