DOING GOOD WORK Despite the fact that the Ferguson Government has become Art; p. m., 1.30-4.00, Botany. known in some circles as the Four-Point-Four Government, all is not always beer and skittles with the private members. If you don't believe this statement, ask Dr. Jamieson, South Grey's representative in the local House. Recently, the Doctor was requested to deliver an address to a body of O. A. C. men on the findings of the Agricultural Enquiry Committee, of which he is chairman. Naturally, he complied with the request, thinking it would be a body of students he would address. Imagine his consternation when he found his audience consisted of men like President Reynolds of the O. A. C., some of the College's most noted graduates, ex-Ministers of Agriculture, and men high up in the farming life of the Province!

Nothing abashed, however, the Doctor told his story, and evidently told it well, for it created quite a favorable impression with his audience, so favorable, in fact, that he was requested to write an article along similar lines for the O. A C. Review, a magazine published at Guelph in the interests of agriculture.

made here, too. Despite statements of some, the Agricultural Board has done good work in its trips through the Province, and much valuable data has been gathered, so

HEAVY RAIN FELL

Plenty of Moisture Now, and With Continuing Mild Weather, the

The heavy downpour of rain last Saturday evening was worth millions to the farmers of Ontagio, and with the continued wearm weather, bumper crops of grain are now almost assured. This, however, will not affect the hay crop, which, owing to the cold, dry spring, is reported as very light and not likely International Conglomeration of to amount to much. Outside of hay, Iron Heavers was played with the the crops are looking fine, and the Varney team on Tuesday night present indications are that the when the Durham tossers invaded crops of 1925 will surpass those of the citadel to the south of us and

WOMEN'S INSTITUTE IS IN SESSION TODAY

Delegates Here From All Over South Grey in Attendance at the Annual

The district annual meeting of the South Grey Women's Institute was held on Wednesday of this week, but with the call-on our space and the short time at our disposal, we are unable to give very much of the session this week. Over one hundred delegates are reported to have been present, and an excellent address was delivered by Mr. George C. Putnam, the Superintendent of Institutes for Ontario. A pleasing feature of the meeting was the presentation of medals and diplomas to the girls of the First Aiders' sewing class. Those who were recognized were: Mary Moffat, Dorothy Pickering, Norma Allan, Islay Allan, Violet McLean, Anna Ritchie, Abbie McLean, Dorothy Douglas, Caroline Mitchell, Alice Nicholson, Evelyn Baird, Isabel Jamieson, Elizabeth Harding, Josie Falconer. The secre-tary. Caroline Mitchell, presented a good report of the year's work.

F indicates the pupil has failed in that particular subject.
