

PRESBYTERIAN W. M. S. • HELD MEETING THURSDAY

Met at Home of Mrs. John Morrison and Received Report of Recent Convention at Toronto.

The June meeting of the Women's Missionary Society of the Presbyterian church was held at the home of Mrs. John Morrison on the 18th inst., and a good attendance was present.

Devotional exercises were conducted by Mrs. A. Derby and Mrs. H. McEadyen took the Bible reading. The report of the Presbyterian congress and W. M. S. convention at Toronto was given by the President, Mrs. A. Derby, which was very interesting and showed the great enthusiasm and fellowship which existed among the people.

The meeting closed with all reciting the Lord's Prayer.

DURHAM JUVENILES DEFEAT WALKERTON

Defeated Boys From Bruce County in Spectacular Event Friday.—Return Game at Walkerton Friday.

The O. A. L. A. Juvenile championship lacrosse match on the agricultural grounds last Friday night between the Walkerton and Durham teams was all that it was advertised to be, and though the locals won handily with a big score, the Walkerton boys were on top of the ball from the start to finish. Both teams surprised the spectators in the game they played, but the Durham bunch knew too much about the game, passed better, and used their heads to better advantage with the result that they scored on plays that the visitors were not able to prevent.

Walkerton, however, have a good team, were in good condition, and were right on the heels of their conquerors all through the game but when they did get the ball, they lost their cunning when close in and failed to score as frequently as they might. Their fielding, too, was looser than the locals', and hence their first game for this year at least, they were unable to hold the fast travelling blue and white. With a little more practice and experience, they will yet make the Durhams extend themselves to hold their lead, and the last game of the double schedule to be played on the 9th inst. should be a good one.

The teams lined up, from goal out, as follows:

Walkerton (2)—Schnurr, Walker, George, Truax, Bock, Mills, McGreggor, McNabb, Lettner, Smith, Sub.—Clancy, Klein and Johnson.

Durham (17)—Lavelle, McDonald, Lake, Storrey, Wilson, Moon, Elvidge, Snell, McLynn, Lauder, Sub.—McComb, Vollett, McFarlane and Becker.

WITH THE BOY SCOUTS

Green Plume apologizes to the readers of this column for its absence during the last couple of weeks. He has been exceedingly busy and out of town, so that the Boy Scouts were sadly neglected. However, here we are back on the job stronger than ever.

Camp.

Those four letters, "c-a-m-p" spell the greatest outing and the biggest time in a Scout's year. On Saturday the big time starts. Eight of the local troups will embark on two weeks of solid amusement and, incidentally, a little beneficial work at White Cloud Camp. The boat pulls out from Cole's Wharf in Owen Sound at 8:30 o'clock. That means that we will be getting up mighty early here in Durham to make the grade.

Sad to relate, only eight First Durhams will be on the boat—exclusive of the S.M., who doesn't count. The rest have either got cold feet, or can't raise the price.

We thought we had made it quite plain to all the parents that their young hopefuls would be just as comfortable and safe in camp as they would be at home. The camp sports a medical officer, and a hospital with every equipment for taking care of the boys. In addition, they are under the supervision of Scoutmasters, and if the lad gets sick he is going to get immediate attention. A little dose of out-of-door life is going to do any boy better between the ages of 12 and 17 a great deal of good, and the S.M. regrets that parents are not yet convinced of this.

We might point out to you parents that there is no record of a fatality at a Scout camp, whereas during the summer you can hardly pick up a paper without seeing an account of some youngster being drowned right at home in his own town swimming-hole.

Meetings.

On Wednesday night the Troop held its regular meeting. The attendance and enthusiasm are holding up well in spite of other attractions. Regular meetings will likely be called off until September, however, as it is hard to keep up the morale of the Troop in the hot summer months.

It may be welcome news to hear that, in all probability, the Troop will be meeting in the Armories in the fall. Such is the hope of the S. M. at any rate.

Don't forget, fellows, even if the Troop is not active during the summer months, you are still a scout and as such, subject to scout discipline, to the living out of the Scout laws, and the doing of your duty as a scout.

TRUSTEES DENY LAYING THEFT CHARGE INFORMATION

Messrs. W. Picken, R. Hopkins and T. Milligan, the trustees of the Hutton Hill school, say that The Chronicle was wrong last week when it reported them as laying the information against W. D. Connor for the alleged attempted theft of wood at the schoolhouse last November and for which he is now serving a two months' term in the Owen Sound jail. All three say that they do not know who was responsible for the charge being laid and have requested us to deny the allegation that they had a hand in it.

Charms of the Arctic
Visitor: "Are you going to be a great man when you grow up, Willie?"
Willie: "You bet. I'm going to be an Arctic explorer."
"An Arctic explorer's life is full of hardships, Willie."
"Yes'm. But I can stand 'em. I reckon."
"I like your spirit, my boy. There is a great deal of glory to be gained in a career of that kind."
"Yes'm, and you don't ever have to wash your face."

HYMENEAL KENNY—PARR

A very pretty wedding was solemnized at St. Mary's Cathedral, Kitchener, on June 30, when Ethel Parr was united in marriage to Mr. Michael Kenny of Durham. The bride was charmingly dressed in log cabin brown tricolette dress and wore hat to match and carried a bouquet of roses. She was supported by her sister, Miss Bertha Cox of Toronto, wearing a bronze dress and hat to match. The groom was supported by his nephew, Mr. William Kenny, of Durham.

The groom's gift to the bride was a brooch set with diamonds, to the bridesmaid, a string of pearls and to the groomsmen, gold cuff links. The happy couple left by motor for points north and on their return, will reside on the groom's farm in Glenelg.

The Chronicle joins the community in extending to Mr. and Mrs. Kenny its best wishes.

LAMONT—NICHOLSON

A quiet wedding took place at the manse, Dromore, Wednesday, June 24, when Miss Annie Nicholson, daughter of Mr. R. A. Nicholson, of the 14th concession of Egrement, was united in marriage to Mr. Ralph Angus Lamont. The ceremony was performed by the Rev. W. J. Burnett and took place at 4 o'clock in the afternoon. Miss Isabella Lamont, sister of the groom, was bridesmaid, and Mr. James Nicholson, brother of the bride, assisted the groom. Mr. and Mrs. Lamont will reside on the groom's farm on the 16th of Egrement.

McKELVIE—LODGE

A very pretty wedding took place at the home of Mr. and Mrs. W. H. Lodge, Seymour Avenue, Toronto, when their only daughter, Margaret Rose, became the bride of Mr. George Alexander McKelvie of Durham, Ontario. The ceremony was performed by the Rev. H. A. Braeken, rector of St. David's Church. The bride entered on the arm of her father, to the strains of the wedding march played by her cousin, Miss Louise Cox. Her dress was white with silver lace and orange blossoms. A coronet of the latter flowers held the veil in place, and she carried a shower bouquet of bridal roses. She was attended by Miss Dorothy Cox, also a cousin, who was gowned in canary yellow satin, with a white taffeta hat and carried Ophelia roses. The flower girl, little Miss Alma Old, looked sweet in a pale blue silk frock and a poke bonnet to match. She carried a basket of white carnations. The happy couple left for their future home in Durham amid a shower of confetti and the good wishes of their friends. The bride travelled in a navy blue and sand suit with hat to match.

"FIRST AIDERS" CLASS HELD PICNIC MONDAY

Enjoyed Pleasant Hike Through Country and Picked Out for Supper.

The First Aiders' Class to the number of about 30, under the leadership of Mrs. Arthur McGowan and Mrs. Bert Farrell, took a hike of about three miles out into the country Monday afternoon and returning home, ate a picnic supper at Mrs. Farrell's residence south of town.

On the hike and returning, the girls marched with good military precision, and when The Chronicle man saw them, they were marching in a well-formed column of twos and having the time of their lives.

We understand it is the intention to hold more of these hikes before the summer is through.

R. A. M. PICNIC GREAT SUCCESS DESPITE BAD WEATHER

(Continued from page 1)
they put up a good exhibition and pleased the crowd mightily. J. A. McLachlan and D. C. Town, the two trainers and rubbers down, had a hard time between sessions in getting their patients in fit shape to go on with the fight, so heavy was the slugging, and when John L. tripped over one of the trap doors that served as a "ring" and went down in a heap, the audience thought the contest was over. And the ladies enjoyed the bloody battle as well as the men.

Among the prominent outside Masons present were Companions Sydney Forbes of Hamilton and George M. Arnold of Georgetown, the former of whom gave an all too brief few minutes' talk on the three great contributions of science in the past one hundred years. Comp. Forbes got on the good side of the ladies in his introductory remarks by repeating the statement of Sir Oliver Lodge, the great scientist, that "the chorus of heaven will be largely made up of soprano voices." Mr. Forbes said that in the past century, there had been more inventions and discoveries than since time began, but he considered the radio, the telescope and the microscope the three greatest.

Even today the radio was accomplishing wonderful things, but the speaker predicted that within the next five years, it would be possible for one friend, by a small instrument, carried in the pocket, to telephone to another friend on the continent, and not only to speak to them, but to see them. In 25 years, he said it was his opinion that the radio would supersede the telephone and telegraph in the transmission of sound and the carrying on of business. He had been in Brantford recently and was much impressed with the memorial erected to the memory of the late Professor Graham, the inventor of the telephone. It would be 70 years next November since the telephone was invented.

Speaking of the telescope, Mr. Forbes compared modern astronomy with that as practised by our ancestors. In the olden days, if an astronomer wished to view the stars, he took his blankets and lay out in the field from darkness to dawn. Compared with the observatories of the present day, it was marvellous what the old-time astronomers had accomplished. In the olden days, less than 6,000 stars could be observed with the naked eye; today, one thousand million could be seen, and not only that, but their distances from the earth and from each other, the speed at which they travelled through space and much other data could be told. This was possible only by the system of superphotography, an invention of the recent past.

Speaking of the microscope, the speaker showed that in the olden days, all we saw was that which was revealed by the naked eye, and he showed that the microscope by magnifying these minute matters, showed us what formerly unhidden qualities the stones and other things contain.

Companion Forbes compared the

discoveries of science with Masonry, showing that Masonry was also a science and had come out of the dim and mystic past. Masonry contains the fundamental principles of great nations. Persia had laid great stress on purity, Greece on beauty, France on law, the United States on quality while, Great Britain had consecrated herself to liberty. Nations who disregarded these principles had fallen and disintegrated. The address throughout was listened to with much interest.

Taken altogether, the Royal Arch picnic must be regarded as the most successful yet given and those fortunate enough to have received an invitation to be present spent a most pleasant afternoon and evening and, in Mr. Forbes' address, saw Masonry from an altogether new angle.

Rev. J. E. Peters, of Queen Street Methodist Church, was also called upon for an address, congratulating the chapter on the success of the gathering and wishing for their continued success in future affairs of the kind.

BORN

Hopkins.—In Bentinck on Sunday, June 28, 1925, to Mr. and Mrs. Earl Hopkins, a daughter.

MARRIED

Hopkins—Ashley.—At the Lambton Street Parsonage, Durham, on Wednesday, June 30, at 6 a.m., by the Rev. J. E. Peters, Elizabeth May Ashley of Durham to Mr. Charles Herbert Hopkins of Bentinck.

Pool—Smith.—At the Lambton Street Parsonage, Durham, on Saturday, June 7, by the Rev. J. E. Peters, Lillian Roberta Smith to Mr. Arthur Pool, both of Egrement.

IN MEMORIAM

Adlam.—In loving memory of our dear son and brother, Willie, who passed away July 4, 1920.

The rolling stream of life goes on,
But still a vacant chair
Recalls the love, the voice, the smile,
Of one who once sat there.
—Father, Mother and Brothers.

BARRISTER W. D. HENRY BEREAVED TUESDAY

Late Thomas H. Henry Had Been Resident of Orangeville During His Entire Lifetime.

Mr. W. D. Henry of Markdale, who has offices in town, was bereaved Tuesday afternoon by the death of his brother, Dr. Thomas H. Henry, who passed away in his 58th year after an illness of one month. The deceased was a graduate of Toronto University and, with the exception of three years in Ottawa, was a resident of Orangeville all his life.

Dr. Henry was a lacrosse enthusiast and played for three years with the famous Capitals of Ottawa. He was instrumental in building of Irlbylwyd Park at Orangeville, and as president of the lacrosse club, was instrumental in bringing several championships to Orangeville. Besides being interested in sports, he was also active in educational affairs, holding important positions on the High and Public school boards.

He is survived by his widow, one daughter, two sisters and five brothers and had built up an extensive medical practice in Orangeville. Interment took place yesterday in Orangeville.

GOOD ATTENDANCE AT LOCAL PICNICS

Despite Many Counter Attractions, Attendance This Year Was Good at Local Dominion Day Celebrations.

The Bunesan, Yeovil and Varney F.F.O. picnics yesterday all enjoyed a good attendance so far as we can learn, good programs of sports were run off, the picnic suppers even better than usual and, taken altogether, it must be said that very successful celebrations were held.

At Yeovil besides the speaking, a softball game and other sports were pulled off, and while the editor of this paper was on the ground and enjoyed the day with other celebrants, we had to leave too early to witness the sports. We did, however, enjoy the supper and the social afternoon.

At Bunesan picnic, No. 9 and Zion boys played baseball, Zion winning out, while the Swinton Park girls won from Priceville in Softball. The supper served is reported as the best the ladies of that vicinity have ever provided, and everybody thoroughly enjoyed themselves.

The celebration in Carson's bush near Varney is also said to have been good. Here the old rivals, Hutton Hill and the Rocky met in a game of baseball, the Hutton Hill nine turning the tables on the boys from the north this year and winning out in a hard-fought contest. Here, too, an excellent supper was served in picnic style and a splendid afternoon spent.

At the Bunesan picnic, Hon. D. Carmichael, M.P.P., Centre Grey, was the speaker, and short addresses were also delivered by Miss Agnes Macphail, M.P., South Grey, and R. Gardner, M.P., for Medicine Hat, Alberta. The latter two also delivered addresses at the Varney and Yeovil picnics. Mr. Hastings, M.P. for Bow River, Alberta, also spoke at Varney picnic.

Banish the Hand Pump

In primitive countries woman is regarded somewhat as a beast of burden. She is subjected to all sorts of drudgery, does practically all the work, and her lot is hard and discouraging. This custom is rightfully regarded as inhuman and uncivilized.

Yet thousands of women in this country today are shackled to the old-fashioned hand pump. In many cases they carry the water considerable distances after pumping it. The amount of time and energy lost is incalculable.

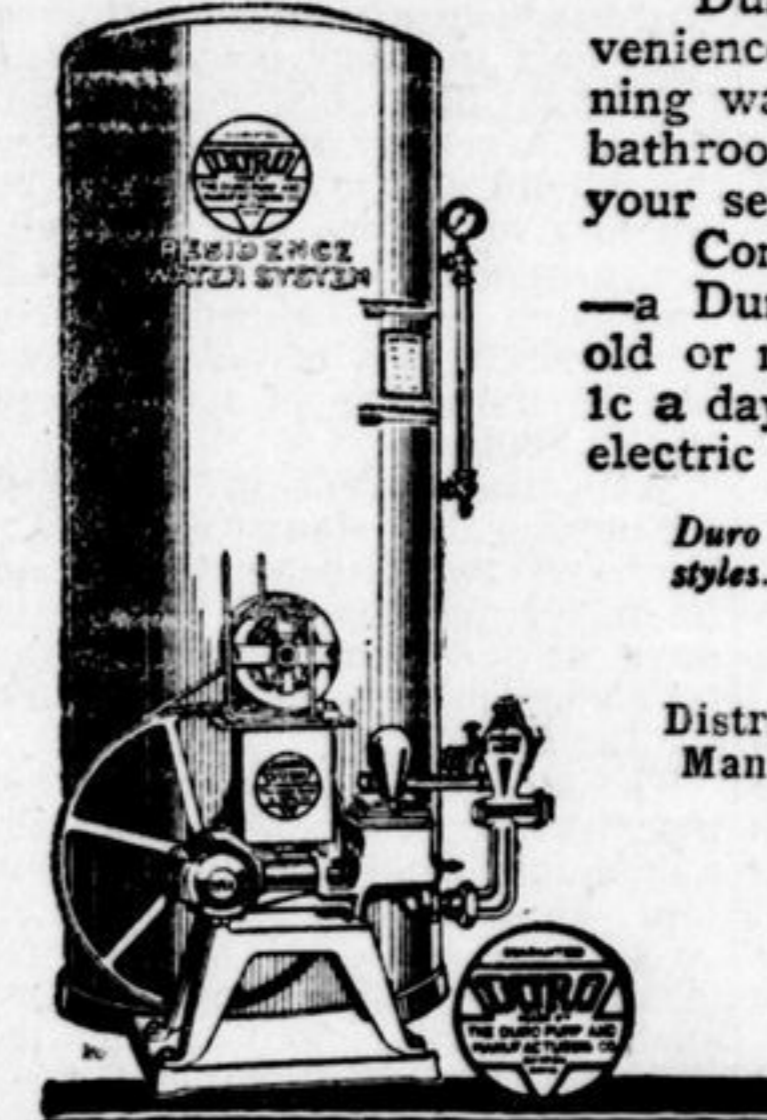

Empire Duro Water Systems

have liberated thousands of women, and men, from the grinding toil of pumping and carrying water. They have brought comfort, cleanliness and health where drudgery, dirt and disease prevailed before.

Duro systems give you all the conveniences of city water service. Running water under pressure in kitchen, bathroom, toilet, garden and barn is at your service.

Compact, powerful, and automatic—a Duro system is easily installed in old or new homes and costs less than 1c a day to operate. Driven by either electric motor or gasoline engine.

Duro Systems are made in many sizes and styles. Ask us for an estimate of cost.
