CLEAN AND SAFE MILK

By DR. W. J. SCHOLLES

Note: Dr. Scholes will answer such health questions in these columns as will be of interest to others and permissible in public print.

In order to be pure, milk must come from healthy cows. It must be produced in clean, sanitary dairies by clean, healthy milkers and handlers.

Diseases that have been conveyed through milk are typhoid fever, scarlet fever, streptococcus sore throat, diphtheria and tuberculosis.

Certified Milk Safest Milk that is produced in accordance with the sanitary requirements of the Medical Milk Commissioners is termed Certified Milk.

HEALTH QUESTIONS AND ANSWERS

Varicose Veins

W. L. R. writes: "I have some bad varicose veins on my legs. Sometimes my legs ache, and I think it comes from the veins."

Reply

The dilated veins may sometimes be removed by operation with considerable relief. Mechanical support of the veins, as by the use of an elastic bandage or stocking, will often give relief.

Time for Weaning

Mrs. H. M. asks: "When should a healthy baby be weaned? Is it advisable to nurse the baby at the breast as long as fifteen or eighteen months?"

Reply

Towards the end of the first year, the baby needs other food than breast milk. As a rule, when the baby reaches the age of seven or eight months, weaning should begin.

GOSSIP

What is the cure for gossip? Simply culture.

There is a great deal of gossip that has no malignity in it. Good-natured people talk about their neighbors because—and only because—they have nothing else to talk about.

Gossip is always a personal confession of either malice or imbecility, and the young should not only shun it, but should, with the most careful watchfulness, guard themselves against every temptation to indulge in it.

By the end of the first year, the baby should be getting cow's milk, one vegetable soup feeding a day, fruit juices, a little well-cooked cereal (oatmeal, farina or cream of wheat) and strained vegetables.

Cold Sores

G. H. M. writes: "I often get cold sores on my lips. I seem to be in good health and have no stomach or bowel trouble. What do they come from? What can I put on them to heal them?"

Reply

When cold sores occur in the absence of infectious diseases, they are probably due to exposure to cold wind, exposure to sunlight, or to slight injuries about the lips.

136 Pounds

Mrs. T. M. G. asks: 1. "How much should a woman 5 feet 5 inches tall, 31 years old, weigh? 2. Is ice cream fattening?"

Reply

1. The average weight is 136 pounds. 2. Yes.

It is low, frivolous and too often a dirty business. There are country neighborhoods in which it rages like a pest. Churches are split to pieces by it. Neighbors make enemies for life by it.

Barker: "What was the play you saw last night?" Harker: "Hamlet." "Do you think Hamlet was mad?" "He was last night. And I don't blame him—with only ten dollars in the house."

EGREMONT COUNCIL

Council met on July 20, 1925. Members all present. Minutes adopted. The following motion was passed at a special meeting of the council held to consider the building of the Walker bridge, Concession 2.

Robb-Ferguson: That the contract of constructing the abutments of the Walker bridge, Concession 2, be awarded to Alexander Hill at a cost of \$8.00 per cubic yard.

Ferguson-Wilson: That in reference to the communication from R. O. Kilgour, solicitor, re arrears of taxes Concession 4, the Clerk be instructed to inform Mr. Kilgour that no action has been taken in the matter, the same being in the hands of the County Treasurer. Carried.

Wilson-Robb: That in reference to the communication received from W. N. Munro, solicitor re claim for damages, Lot 20, Concession 18, that no action be taken in the matter. Carried.

Mack-Ferguson: That an order be drawn on the Treasurer in favor of Robert Lawrence to the amount of \$55.00, bonus wire fence, the agreement between the Council and Mr. Lawrence being duly signed and filed with the Clerk. Carried.

Robb-Ferguson: That the contract of the superstructure of the Walker bridge be awarded to Alexander Hill at a cost of \$500.00, to

be completed as soon as possible. Carried.

Wilson-Ferguson: That the following accounts be paid: Dr. McLeod, medicine for Mrs. P. Fidler, \$23.50; T. B. Bowman, ins. sheep \$1; Members of Council in attendance at meeting to date, \$15.00; B. Gibson, use of room, \$2.00; Carried.

Council adjourned to meet on Monday, August 17 at 10 o'clock a.m. to strike the rates and general business. Boards of Trustees of the several School Sections are requested to submit on or before August 1 an estimate of the amount of money they require to be levied for the current year.

—David Allan, Clerk.

TWO POINTS OF LAW PASSED ON BY JUDGE

Interesting Cases Before Surrogate Court at Barrie as Reported by Barrie Advance.

Two very interesting points of law have been passed on by His Honor, Judge Vance, in the Surrogate Court this week. One deals with the disposition of a widow's will by which she gave her property to her two daughters. Upon marrying a second time, the will was automatically cancelled, and no further will was made.

The facts of the case are: Mrs. Elizabeth Newbury, who before her second marriage was Mrs. Foster of Midland, made a will while still a widow, leaving all her property to Myrtle Rena Masters and Lois Vera Foster, the latter an infant in the eyes of the law. In a year or two, she married and shortly afterwards died. Probate could not be granted because the marriage cancelled the will, although the woman died believing that the will was still in force.

The other case dealt with the administration of the estate of the late William John Muirhead, who lived near Midland in 1914. He was very eccentric, a combination of hermit, miser and recluse. He was a bachelor and the owner of a valuable wood lot near Midland which has since sold for \$15,000. He wouldn't pay the taxes on his property or for anything. He was taking care of his sister, both living on

The deceased would not make a will, and after his death, a brother, Albert J. Muirhead, took out letters of administration and refused to pay the bill. In the Court, Judge Vance gave judgment for the full amount to the nephews and ordered that the costs be paid out of the estate.
