

the apple is that of furnishing mineral salts and organic acids; but has an important nutritive value well furnished by the carbohydrates present. As the fruit ripens, it changes to sugar. The apple has a medicinal value also, especially if eaten at the beginning of a cold or between meals.

The bulletin further remarks that the housewife should be without a store of Canadian grown apples, and then proceeds to give a list of the varieties that should be had at different times as follows: September—Duchess, Alexander, Golden Bush, St. Lawrence and similar varieties.

October, November, December—Wenstone, Wealthy, Hubbardson, McIntosh Red, Fameuse, Blenheim, and similar varieties.

January, February—Baldwin, Wagener, Greening, Seek, Peckee, Ontario, Jonathan, Yellow Newtown and similar varieties.

March, April, May—Spy, Golden Seed, Ben Davis, Stark, Fallawax, Roxbury Russet, Spitzenberg, and similar varieties.

HE STOPPED HIS PAPER

acquaintance met Horace Greeley the day and said: "Mr. Greeley, I stopped your paper." "Have you?" said the editor. "Well, that's bad." The next morning Mr. Greeley met subscriber again and said: "I thought you had stopped the Tribune." "So I did." "Then there is some mistake," said Mr. Greeley, "for I just came from the printer, and the presses were running, the clerks as busy as ever, the printers were hard at work, and business was going on the same yesterday and the day before." "Oh," ejaculated the subscriber, "don't mean that I stopped the paper. I stopped only my copy of it because I don't like your editor."

CARS COLLIDE ON PRINCE OF WALES ROAD

Woman Severely Shaken Up in Auto Smash.—Others Escape Serious Injury.

Eight occupants of two autos miraculously escaped serious injury Sunday afternoon when the cars collided head-on, four and a half miles north of here on the Prince of Wales Road.

Charles Smith, of this place, accompanied by his brother, David, and James Dowdall, of Arthur Township, were coming to town when they struck a car in which were Mr. and Mrs. Joseph H. Jackson, Frank, a son (who was driving), a daughter, Mrs. Fred C. Curry, and her husband.

Mrs. Jackson was admitted to Lord Dufferin Hospital, her injuries being severe bruises of the head and shock. Mr. Dowdall received many bruises when he was hurled through the back of Smith's car. Both autos were badly wrecked.—Orangeville Sun.

RADIATOR COFFEE

Many an automobile-camper has found his radiator a source of hot water at need—but for true economy of effort, commend us to the ingenious heathen Chinese. Here is his latest triumph as reported in Forest and Stream. His means of preparing coffee "ready to serve" on his arrival is clever—but we think we should rather wait a bit for ours. The true radiator coffee is the invention of Wing Hop, capable cook for the L-O ranch. Wing's "chuck wagon" is a flivver truck, and the boys know that when it has bumped its way through sage brush, gullies, badger holes and such minor obstructions, there will unfortunately be hot coffee awaiting them on their arrival. Wing's method is to make a strong liquid extract of coffee by boiling down powdered coffee in water. (Any of the prepared "instant" coffee pastes should serve as well.) Formula: one radiator full of clean water, one ketchup bottle full of coffee extract, one hour's driving with the truck; drain into coffeepot for appearance's sake and serve hot.

WHEN EDITORS TELL THE TRUTH

Only a short time ago, the editor of a paper in Indiana grew tired of being called a liar and announced that he would tell the truth in the future, and his next issue contained the following items:

"John Benin, the laziest merchant in town, made a trip to Beville last Monday."

"John Coyle, our groceryman, is doing poor business. His store is dirty and musty. How can he expect to do much?"

"David Conkey died at his home here Tuesday. The doctor gave it out as heart failure. Whisky killed him."

"Married—Miss Sylvia Rhodes and James Collins, last Saturday at the Baptist parsonage, by the Rev. Gordon. The bride is a very ordinary girl who doesn't know any more about cooking than a jackrabbit and never helped her mother three days in her life. She is not a beauty by any means and has a gait like a duck. The groom is an up-to-date loafer. He has been living off the old folks at home all his life and not worth shucks. It will be a hard life."

NEW BERRIES DISCOVERED

Two farmers, one residing in Galcedon Township, and another, R. J. Black, of Amaranth Township, on Saturday brought to J. F. Andrews, B. S. A., Agricultural Representative for this county, several branches heavily laden with small, red berries. Several former residents of the Western provinces identified the fruit as Saskatoon berries, a variety common in the West, but never found growing here before. The fruit is edible and luscious.—Orangeville Sun.

AUCTION SALE

of Household Effects
The property of the late Mrs. R. McGowan will be sold by auction at her late residence, George Street, at 3 o'clock p.m.
Saturday, September 12, 1925

The residence and property will also be offered for sale, subject to a reserved bid, terms made known at time of sale.
A. H. Jackson, R.C. Watson, Auctioneers.

VOTERS' LIST 1925

Municipality of the Township of Egremont, County of Grey.
Notice is hereby given that I have transmitted or delivered to the persons mentioned in Section 10 of the "Voters' List Act" the copies required by said section to be so transmitted or delivered, of the List made pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality, to be entitled to vote for members of the Legislative Assembly and at Municipal elections, that said List was first posted up in my office at Holstein on the 17th day of August, 1925, and remains there for inspection.
Electors are called upon to examine the said List, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.
Dated at Holstein, this 19th day of August, 1925.
David Allan, Clerk of Egremont.

Hints for the Household

For September
By BETTY WEBSTER

Readers, Note: If you have any questions concerning Recipes, and other Household Hints you would like to ask Betty Webster—address her in care of The Durham Chronicle.

HOUSEHOLD HINTS

There is nothing much more annoying than to have clean curtains blowing out of an open window either day or night. The clip clothes pins are a solution for this. Buy them in quantity at some cheap store and paint them to match the predominating color in the room where your curtains are. And use them to pin your curtains back.

To Peel Fruit Easily

Pour boiling water over the fruit to be peeled and let stand a few minutes before peeling.

COOKING HINTS

Swiss Steak
Round Steak (about 2 inches thick).
Little Flour.
Little Onion.
Boiling Water.
Method: Pound plenty of flour well into each side of steak. Brown the meat well in hot lard or fat in skillet. Add a little onion—cut up. Then partially cover browned meat

with boiling water. Cover. Let simmer about 2 hours.
When ready to serve—season. Remove meat to hot platter. Thicken gravy and pour over meat.
Potatoes can be added to meat during the last half hour of cooking, if desired.

Tomato Cheese Salad

Tomatoes.
American Cheese.
Green Pepper.
Mayonnaise.
Lettuce.
Method: Slice and chill tomatoes. Wash lettuce. Dice cheese and cut up green pepper. Mix cheese, pepper and mayonnaise. Place tomatoes on lettuce leaves and pour over dressing.

BAKING HINTS

Baked Rice
1 1/2 cup of rice.
1 1/2-cup of grated cheese.
Seasoning.
1/2 cup chopped pimento or green pepper.

Paper Baking Cups

This is an easy way to save washing dishes. Fluted baking dishes come in 3 sizes and cost very little. When cakes are baked in these, they are very pretty to serve at tea parties.

Rhubarb Pineapple Pie

1 1/2 cups of rhubarb (cut up).
1 1/2 cups of crushed pineapple (drained).
3/4 cup of sugar.
2 tablespoonfuls of flour.
Method: Prepare regular pie crust and then fill pastry lined pan with well mixed rhubarb, pineapple, sugar and flour. Cover with top crust. Place in hot oven for 10 minutes. Then turn oven down and bake about 30 minutes longer.

WHEN OTHER HELPERS FAIL

The sweet old hymn, dear to so many hearts,
Said thus: "When other helpers fail, and comforts flee,
When such time dawns on us and hope departs,
May we sing truly: "Oh, abide with me."

CAMPERS GUILTY

"Campers and smokers," states the Chief Forester of the United States, "were directly responsible for about 64,000 forest fires, or more than 16 per cent of the total number during the last eight years. 25 per cent of the fires were credited to miscellaneous and unknown causes. More than 90 per cent are theoretically preventable, and it is safe to assume, I think, that it is possible to save at least three-fourths of our present average annual timber-fire loss. And when we accomplish this saving, we shall have gone far, at least 75 per cent of the entire way, in solving our problem of national timber supply for the future."

HORSE'S LEG CUT OFF BY BINDER

While driving his team attached to the binder down the lane, J. Bellantye, 8th concession, west of Atwood, lost a very valuable mare which had been imported from Scotland a few years ago.
Somehow the line became twisted, pulling the team right around in front of the knives of the binder, and before the machine could be stopped one of the mare's legs was completely cut off. The animal was shot.—Clifford Express.

HOW OLD ARE TREES?

Many Canadians hold the mistaken idea that when forests burn, a new crop of timber grows in about 30 years. Most of the timber trees in Eastern Canada are from 70 to 150 years old, with occasional old spruce running up to 250 years.
In forests of this kind, it is no uncommon thing to find a spruce of less than three inches in diameter on the stump and 12 to 15 feet high, which is already 50 to 100 years old. (This is the result of suppression under the deep shade of other trees).
The big old White Pines which are sometimes found among the Spruce and Balsam may be anything up to 300 years old. The farther north you go, the lower is the rate of growth; a northern river, is basing its calculations for supply on a hundred-year period of growth—and this for pulpwood, not saw logs.

THE FOREST-BANK DEPOSITORS.

At the present rate of forest fires in Canada, 22,000 Canadian citizens annually are being robbed of their share of public-owned forest resources

COULD ENRICH EASTERN CANADA

In Eastern Canada, 150 million acres of soil are better adapted to tree crops than to farm crops. No other forest region in the world is so accessible by water or rail. It is the opinion of foresters that this region, properly stocked, could supply the markets of the world and assure Eastern Canada of vastly increased prosperity.

60,000 MEN TO MOVE

TIMBER GOODS
Sixty thousand railway employees are required to move Canada's forest crop to market, and 900,000 cars are employed for the same purpose.

Prize Picture Contest

For the best group snapshot of three or more persons, developed and printed by us, we will give a prize of a beautiful enlargement of the winning snapshot. Contest open till September 30. Leave your films at the Studio or at D. C. Town's Jewellery Store.
