QUEEN ST. CHURCH
HELD W. M. S. MEETING

Met at Home of Mrs. W. A. McGowan
on Thursday of Last Week.—New
Study Book for October Meeting.

The monthly meeting of the
W. M. S. of the Queen Street United
Church was held at the home of
Mrs. W. A. McGowan on Thursday
last. The devotional exercises were
led by Mrs. McGowan who also con-
ducted the first art of the program.

The scripture reading consisted of
passages taken from Psalm 103, 2nd
Thess. 2 versus 16-17, John 4, Ephes-
ians 6 and several others, showing
the importance of individual prayer.
It is only through prayer that we
become acquainted with God.
Through prayer, we learn to love,
trust, honor and obey Him. You
must not only look into His face,
but you must look into His eyes,
and that you can only do from your
knees. The only sinless life this
world ever saw was the most prayer-
ful life, and if Jesus had reason to
pray, how much more have we.
Prayer was offered by Mrs. McCrae.

Mrs. McGowan opened up for con-
sideration the subject of, "The
Stewardship of Life." Human per-
sonality which includes the whole
man is the most precious thing in
the world. On nothing has God
put so high a value. For nothing
has God paid so high a price. No
woman should cheapen that which
the Lord our God values so highly.
Life should not be divided into reli-
gious and secular. It is all sacred.
No woman's life need be a failure.
Slackers and do-nothings in the
church are utterly without excuse,
and will be dumb with shame when
they stand before their Lord at last.
No Christian should engage in any
business or profession, nor devote
himself to any calling whatever, in
which he could not be in partner-
ship with God. Open doors on every
hand call for a doubling of our ef-
forts and a speeding up of our ac-
tivities.

News from the Western home
fields and foreign fields was read
by Mrs. Knecht, Mrs. Wiggins, Mrs.
McCrae, Mrs. Moon, Mrs. Gagnon and
Mrs. Glass. All were encouraging
and breathing a spirit of hopeful-
ness even in China where now for
a time peace seems to reign near
the centres where the missionar-
ies are staying on at their post of
duty. On the West Coast amongst
the Indians, the work in some places
is now being carried on by some
women who were the pupils in our
first Indian Home established by
Rev. and Mrs. Crosby. Thus God is
honoring the self-sacrificing efforts
of our early missionaries.

GAVE ADDRESS ON
HIS NEW DISCOVERY

Former Durham Physician Was in
Walkerton Yesterday.

Dr. Jamieson and Bell were at
Walkerton yesterday attending a
lecture given by Dr. W. J. Macdonald
on the new high blood pressure
serum recently discovered by him.
Though we have nothing official to
communicate, we understand that
both Durham physicians were much
impressed with Dr. Macdonald's ad-
dress.

Dr. W. J. Macdonald is an old
Durham practitioner, at one time
associated with Dr. D. Jamieson.
He left here about twenty years ago
for the West but subsequently lo-
cated at St. Catharines, where he
now resides. When here, the Doc-
tor made an excellent reputation for
himself in medicine and surgery,
and his old friends in town are
pleased to learn of his continued
advancement in his chosen profes-
sion.

B. C. FIRE CHIEF IS
OLD DURHAM BOY

John H. Watson of New Westmin-
ster Visiting Old Friends in This
Vicinity.

Fire Chief J. H. Watson of New
Westminster, B. C., is in town and
vicinity renewing old acquaintances.
Chief Watson is a son of the late
Robert Watson of Normanby, near
Varney, and left here in 1885 and
has never been back since. He came
East to attend the Fire Chief's con-
vention at Hamilton and decided to
take a run up and see the place of
his birth. Though not in town long
enough to vouch an opinion, he
seemed to be favorably impressed
with the town as compared with 40
years ago.

FARMER KILLED AT LISTOWEL
STRUCK ON C.N.R. CROSSING

James Lucas, 70-year-old Moles-
worth farmer, was fatally injured at
the power house crossing of the C.
N.R. at Listowel Monday morning
when the wagon in which he was
driving was struck by the morning
passenger train from Stratford in
charge of engineer R. Hay. The man
died a few minutes after having
been admitted to the Listowel Hos-
pital. The two horses attached to
the wagon were both instantly
killed.

A wagon load of hogs which Mr.
Lucas was bringing to Listowel es-
caped unscathed.

DURHAM HOCKEY CLUB
ORGANIZED TUESDAY

More Than Probable That Local
Club Will Enter Teams in O.H.A.

At a gathering of the local hockey
fans and players at the Hahn House
on Tuesday, hockey for 1925-6 was
discussed and it was decided
that the local club organize in pre-
paration for the coming season.
Counter attractions no doubt affect-
ed the attendance, but for all that,
there was a representative crowd
and the advisability of putting a team
on the ice this winter. The follow-
ing officers were elected:
Hon. Pres., W. Calder; Pres., W.
H. Wilson; Vice-Pres., J. N. Mur-
dock; Sec.-Treas., J. Steinacher; Ex-
ecutive Committee, Dr. D. B. Jamieson,
P. Gagnon, J. A. McLachlan.

It was left to a future meeting of
the Executive and players to ap-
point a manager and arrange for the
sending of delegates to the annual
meeting, the date of which has not
yet been announced.

The report of the treasurer showed
that there was a substantial balance
in the bank and with most of last
year's players available, and some
money to start the season, the suc-
cess of this winter's hockey team
seems already assured.

PRESBYTERIAN LADIES' AID
HELD MEETING LAST WEEK

The ladies of the Presbyterian
church met at the home of Misses
E. and M. Calder on September 17
for their missionary meeting. In
the absence of the president, Mrs.
J. H. McFadyen took the chair. Miss
Annie Smith read the scripture
lesson, and Mrs. J. H. McFadyen took
the topic on "Prayer and Missions,"
while Miss M. Calder gave the story
of a missionary mite box. The meet-
ing closed by singing and prayer.

HOSPITAL NOTES

During the past week, three opera-
tions have been performed at the
Durham Hospital, the patients in
every case doing as well as can be
expected.

Mrs. George Bonner, of Sarnia, and
Mr. Ed. Boyce of Bentinck both un-
derwent major operations.

On Wednesday, an operation for
strangulated hernia was performed
on a Mr. Ferguson from Bentinck.

The operations in each case were
in charge of Dr. D. B. Jamieson.

GREY CHAPTER I. O. D. E.
HELD WEINER ROAST

The members of Canadian Greys
Chapter I. O. D. E. and their friends
held an enjoyable corn and weiner
roast at the "flat rock" at McGow-
an's Mill on Friday afternoon from
4 to 6 o'clock. Quite an enjoyable
time was spent, there being a good
attendance.

TURKEYS PLENTIFUL
IN PEACE RIVER

Encouraged by the outlet in
Eastern Canada for the turkey crop,
Alberta turkey raisers are rapidly
increasing their output. According
to the observations of Mr. J. R. Hig-
gins, of the Poultry Division of the
Live Stock Branch, who has recently
visited the district as far north as
Peace River, the present season
has been a very favorable one for
turkey raising, and shipments east
will be heavier than in the past.

The turkey crop for the Valhalla
district alone is estimated at be-
tween three and four thousand birds
and it is thought that there should
be a total output in excess of one
hundred thousand pounds of dressed
turkeys shipped from Grande Pra-
irie tributary points this fall. In the
past, the breeders from this section
have shipped their birds alive, but
this method proved unsatisfactory,
and steps are under way to organize
community turkey kills this year.

Mr. Higgins states further that a
number of turkey raisers in the
Peace River District are showing
increasing interest in the improve-
ment of their stock, and that many
farmers made enquiries concerning
the purchase of good gobblers.

GAVE GOOD ADDRESS TO
YOUNG WOMAN'S AUX.

Miss Florabel Nichol Spoke on Mo-
hammedanism in Knox Church
Tuesday Evening.

The Young Woman's Auxiliary of
Knox United Church held an inter-
esting meeting on Tuesday night,
the feature being an address by Miss
Florabel Nichol on Mohammedanism
in which she dealt with the politi-
cal and religious beliefs and the
principles of these beliefs.

Mohammedanism is the name com-
monly given in Christian countries
to the creed established by Moham-
med. His followers call their creed
Islam (entire submission to the de-
crees of God), and their common
formula of faith is, "There is no
God but Allah, and Mohammed is
his prophet."

The dogmatic or theoretical part
of Mohammedanism embraces the
following points: 1. Belief in God,
who is without beginning or end,
the sole Creator and Lord of the
universe, having absolute power,
knowledge and perfection. 2. Belief
in his angels, who are impeccable
beings, created of light. 3. Belief
in good and evil Jinn (genii), who
are created of smokeless fire and are
subject to death. 4. Belief in the
holy Scriptures, which are his un-
created word revealed to the pro-
phets. Of these there now exist but
in greatly corrupted form, the pen-
tateuch, the Psalms and the Gospels;
and in an uncorrupted and incor-
ruptible state, the Koran, which ab-
rogates and surpasses all preceding
revelations. 5. Belief in God's pro-
phets and apostles, the most distin-
guished of whom are Adam, Noah,
Abraham, Moses, Jesus and Mo-
hammed. Mohammed is the greatest
of them all, the last of the prophets
and the most excellent of the crea-
tures of God. 6. Belief in a general
resurrection and final judgment, and
in future rewards and punishments,
chiefly of a physical nature. 7.
Belief, even to the extent of fatal-
ism, in God's absolute foreknowl-
edge and predestination of all events
both good and evil.

The practical part of Mohammed-
anism includes certain obser-
vances or duties of which four are
most important. The first is prayer
including preparatory purifications.
Prayer must be engaged in at five
stated periods each day. On each
of these occasions, the Moslem has
to offer up certain prayers held to
be ordained by God, and others or-
dained by his prophet.

Besides the religious side of Mo-
hammedanism, Miss Nichol dealt
quite extensively with the political
side. The meeting was a most in-
teresting one, and besides the ad-
dress, community singing led by
Miss Alice Ramage was indulged in.

DON'T ERR IN PLAYING
TOO HARD TOO LONG

You have reached an age when
your doctor says, you really ought
to drop the strenuous game you de-
light in.

Act on your doctor's advice. Don't
foolishly vaunt yourself that you
know better than he does.

Don't seek to evade his recom-
mendation on the plea that "So-and-
So is ten years older than I and it
doesn't seem to hurt him a bit to
play harder even now than I ever
played."

So-and-So's physique may have
been much more rugged than yours
to begin with. So-and-So may have
been more athletic than you all his
life, may through training have kept
himself more fit than you.

Also So-and-So, without actually
knowing it, may actually be doing
himself grave hurt.

I have seen men who at 50 played
tennis about as hard as they used
to play it at 21 suddenly collapse
with a heart attack at 52.

So take it for granted that your
doctor knows what he is talking
about. Ease down in your play.
But—
Don't infer that he wants you to
stop playing altogether. He didn't
say that. He didn't mean that.

What he wants you to do is to
turn from the game you have ar-
terially out-grown to some form of
play making less severe demands on
your middle-age resources.

Turn from tennis, for example, to
golf. Than golf there is no finer
mode of recreation for the middle-

aged and elderly. Or, if you despise
golf, take up something, if it be
only camera-hunting or botanizing,
into which you can enter with the
zeal that constitutes the soul, the
spirit of play.

If, sulkily, you refuse to play at
all, simply because the play to which
you are accustomed is denied you,
then be sure that it will not be long
before you begin to feel much older
than the birthday score says you
are.

You have, on your doctor's reckon-
ing already made one mistake—
the mistake of playing too hard too
long. Don't make another.

Drop the game he has advised you
to drop. Yet keep playing.

WHAT CANADA PRODUCES

Though Canada has but a small
percentage of the world's popula-
tion, she produces:

- 88 per cent of its asbestos.
- 85 per cent of its nickel.
- 32 per cent of its pulpwood.
- 20 per cent of its lumber.
- 20 per cent of its cured fish.
- 18 per cent of its oats.
- 15 per cent of its potatoes.
- 11 1/2 per cent of its wheat.
- 11 per cent of its barley.
