1. Mrs. Cockshutt, wife of the Lt. Gov. of Ontario, looking exceedingly smart in an "all-Canadian" costume, in which she attended the opening of the Canadian Woolen Goods exhibit at the C. N. E. The two-piece sports costume is of pearly purple trimmed with grey at the collar, cuffs and pockets, the wool being grown, spun, dyed and knitted in Canada. The ensemble coat is of grey marvella, a magnificent specimen of pile cloth with a silken finish from a Canadian loom. The coat has a straight back with godet front, with a shawl collar and cuffs of grey Canadian baby lamb. Headed with grey flat crepe silk produced by the silk industry of Canada. Grey shoes and stockings, and a purple cloche hat, completed the "all-Canadian" costume.

Including Grey Lodge, there are six "County Lodges" in Toronto, the charter members of which are former residents of their respective counties, namely, Dufferin, Huron-RBruce, Bay of Quinte, Grenville and Wellington. The Worshipful Masters of these lodges with their officers, were invited as guests of Grey Lodge on this occasion, being the first time that representatives of all the county lodges in the city fraternized together.

Tens of thousands of people obtained an entirely new idea of the wool growing and wool manufacturing possibilities in Canada at the exhibit of the Wool, Woollen and Knit Goods Industry at the Canadian National Exhibition. The pillars of wool from the nine provinces of Canada supplied by the Canadian Co-operative Wool Growers Association excited considerable comment, and emphasized the fact that although we maintain only 2,500,000 sheep and lambs in Canada, the size, feed conditions and climate would permit the keeping of 25,000,000, and that sheep keeping is the most profitable branch of agriculture. Also that of the 70,000,000 lbs. of wool used annually to clothe the population of our country, some 50,000,000 could be grown here instead of only 15,000,000 lbs. as at present. The small factory installed with twenty operatives showed the actual manufacture in Canada of fine

woollen and worsted yarns, the weaving of fine blankets woollen cloth and worsted cloth, and the knitting machines making underwear and hosiery. It was a miniature representation of the work that is being done in over two hundred and seventy woollen and knitting mills in over one hundred and forty municipalities.

The finished goods display, which showed what the completed goods looked like after being made on the machines, showed that in quality and style the \$75,000,000 worth of goods produced by the industry annually were equal, and in many cases better, than goods made abroad. It conclusively showed that so far as climatic, physical and technical conditions in Canada are concerned there is no reason why 90% of the woollen and knit goods used in Canada should not be produced in Canada.

ACCOSTED GIRLS ON STREET

Two young men from the country, sons of respectable parents, got themselves in trouble on Sunday night and, as a result of their fresh actions, were in the Police Court on Monday morning charged with disorderly conduct. They parked their car on First street and invited passing young girls to go for a ride. They were warned and let off with a fine of \$10 and costs each, in all \$30.25.

The young men and boys of the town must understand that it is a serious offence to accost without previous acquaintance and, if caught a heavy penalty is likely to be imposed.—Collingwood Enterprise.

NEW STYLE WINTER BUS

We will have a new kind of vehicle running in this district if Mr. R. Lee, who operates the motor bus between Owen Sound, Southampton and Port Elgin, has any luck with his snowmobile this winter. He has the new outfit ready for service. It is a Ford chassis with runners on the front wheels, six feet long and ten inches wide, and has caterpillar wheels on the rear. This outfit will carry five passengers, and he will have a trailer on runners for freight. With the kind of weather we have had lately, we may see the new craft out some day soon.—Southampton Beacon.

THE WORLD'S BEST JOKE

What is the world's best joke? It isn't about some man's mother-in-law. Neither is it what Pat said to Mike. Nor is it that one colored man said to another man during a crap game. The world's best joke is "Per capita." Here is how per capita is determined: A man has a million dollars. Another man hasn't a dollar. But according to per capita, the wealth of the two men is \$500,000 apiece.

A Gift that Increases in Value

WHAT DID YOU GIVE LAST CHRISTMAS? Toys for the kiddies—most of them broken by now. "Something useful" for the grown-ups—now worn out or forgotten. Cash to your employees—appreciated but soon spent. Other presents—hurriedly bought and perhaps ill-chosen. Are they remembered now?

Suppose this year you give them each a Bank Book containing an initial deposit, and urge them to add to it regularly. Could anything be more suitable?

Add "Royal Bank Pass Books" to your list of Christmas Gifts. The Royal Bank of Canada, Durham Branch, J. A. Rowland, Manager.

MRS. SLED FORMERLY LIVED AT ORCHARD

Daughter of Late Mr. and Mrs. William Bradley Passed Away at Weyburn, Sask. After Long Illness.—Interment Made at Lumsden.

The many former friends of Mrs. James D. Sled of Weyburn, Sask., who formerly lived at Orchard, will regret to learn of her death on Sunday, November 29, following an illness of several months. Mr. Sled, who was better known here as Lou Etta Bradley, was born at Flesher-ton, subsequently moved to the vicinity of Orchard, and about twenty years ago, took up her residence in the West. She was a sister of Mr. John A. Bradley of Winnipeg, son-in-law of Dr. and Mrs. Wolfe of Durham, and while we are not informed of the nature of her illness, we learn that she had undergone several operations. We give the following account of her death from the December 3 issue of The Lumsden News-Record:

The death of Mrs. Lou Etta Bradley, wife of Mr. James D. Sled, at Weyburn on Sunday, cast a feeling of sadness and gloom throughout the surrounding district. Mrs Sled was in her 42nd year. For several months past, she had been given special treatment. Although a young woman, she was known to the residents of Lumsden for the past twenty years. About five years ago, she became the bride of Mr. Sled. The remains were brought to Lumsden on Monday night.

A family service was held at the home of Mr. John Sled on Tuesday afternoon previous to the public memorial service at S. Andrew's church at 2.30. Both services were conducted by Rev. E. S. Barton of Sintulula, a former pastor of Wesley Methodist church. At the conclusion of the service, many in the large congregation viewed the remains.

Deceased was a daughter of the late William Bradley of Holstein, Ontario, and a sister of Mrs. Quinton Pettigrew of Lumsden.

The casket was banked with flowers sent by the following friends:

It is hard to distinguish between one's conscience and the fear that the neighbors wouldn't approve. Much that passes for virtue is just cold feet in the presence of dominating orthodoxy.
