

In "The Goose Hangs High," Irving portrays a typical American father whose efforts to feed, clothe and educate a family on his meagre salary involve considerable sacrifice and self-denial. His role in this photoplay is a particularly congenial one, and Irving does some very effective work.

Other acting honors fall to the lot of Myrtle Steiman, Constance Bennett, Edward Pell, Jr., and Esther Raiston.

DURHAM HIGH SCHOOL

The School is thoroughly equipped to take up the following courses:

- (1) Junior Matriculation.
- (2) Entrance to Normal School.

Each member of the Staff is a University Graduate and experienced Teacher.

Intending pupils should prepare to enter at beginning of term.

Information as to Courses may be obtained from the Principal.

The School has a creditable record in the past which it hopes to maintain in the future.

Durham is an attractive and healthy town, and good accommodation can be obtained at reasonable rates.

J. A. M. BOBB, B.A., Principal.
JOHN MORRISON, Chairman.

WHAT LOCARNO MEANS

The treaties of Locarno are imperilled by the crisis at Geneva. The Great Powers wish to give Germany a permanent seat on the Council of the League of Nations, and some of the smaller Powers have seized the opportunity to demand a seat for themselves. Germany however, insists that she must be admitted to deal with subsequent applications, and if she does not get her seat, the Locarno agreements do not come into effect.

These Locarno treaties were hailed as marking an end to war in Europe. The documents included a Security Pact between Germany, Belgium, France, Great Britain and Italy; arbitration conventions between Germany and Belgium and between Germany and France; and a treaty of guarantee between France and Poland and between France and Czechoslovakia by which in the event of either power suffering from failure to observe the undertakings between it and Germany the other agrees to come immediately to its aid "if such failure is accompanied by an unprovoked recourse to arms." France and Belgium, Poland and Czechoslovakia undertake in no case to go to war with one another but to invoke arbitration and to abide by the result. Great Britain and Italy guarantee the procedure in Western Europe and France in Eastern Europe. In general it may be said that the treaties are a definite affirmation of the permanence of the frontiers of Western Europe as laid down by the treaty of Versailles, and that in Northern, Central and Western Europe the Powers concerned have agreed to rule out war as a method of settling disputes and to substitute diplomacy and arbitration.

The treaties of Locarno were weakened by omissions. Neither Russia, nor Hungary nor any of the Baltic or Balkan States are parties to them. It is doubtful if there can be any real security for peace in Europe unless armaments are fixed at a moderate figure by general agreement. The treaties do not restore what Germany calls her "liberties." She is restricted to an army of 100,000, while the surrounding states have perhaps 1,000,000 under arms. But giving Germany a seat on the Council will make it possible for her to raise these and other questions in a peaceful way. One article says: "The present treaties shall impose no obligation on any British Dominion or upon India unless the Government of such Dominion or of India signifies its acceptance." The position of Canada in relation to them will be discussed this week in parliament.—Toronto Mail and Empire.

FARM CROP EXPERIMENTS

We are informed by Dr. C. A. Zavitz, Agricultural College, Guelph, Ontario, that 2,832 Ontario farmers conducted experiments with field crops on their farms in 1925. The number is increasing from year to year. Choice seed of some of the best varieties is being distributed now free of cost. Any farmer who asks for it may have the seed for an experiment with one of the classes of farm crops such as oats, field corn, mangold turnips, alfalfa, sweet corn, etc. The distribution will likely continue well into April or until the supply of seed of the different crops is exhausted. These co-operative tests of the Experimental Union have greatly improved crop-yields making Ontario outstanding in this respect.

"I hope you didn't ask for a second piece of cake, Johnny, when you were at tea."
 "Oh, no, mother, I didn't. I just asked Aunty for the recipe so that you could make some like it, and she gave me some without my asking for it."

AUCTION SALE

Farm Stock & Implements
 AUCTION SALE OF FARM STOCK and implements on Thursday, April 15. See bills and full list next week. Everything must be sold as the farm has been leased. Thomas G. Lueder, north of Durham. 1pd

Hints for the Household

For April
 By BETTY WEBSTER

Readers, Note: If you have any questions concerning Recipes, and other Household Hints you would like to ask Betty Webster—address her in care of The Durham Chronicle.

HOUSEHOLD HINTS

Plan for summer! Fix up and add to your furniture for porch or yard. To do this you do not have to spend a lot of money. Take old furniture of your own or buy second hand kitchen tables and chairs, also a few second hand comfortable chairs or settees. Then get busy with your paint brush. You can do wonders with paint. A porch can be made attractive by furnishing it with a painted kitchen table; a painted kitchen chair; a box or a nail barrel painted for a taboret; a couch with a cretonne cover and a painted rocker or two. Little dashes of contrasting color, flower motifs and lines will make your furniture equally as pretty and as satisfactory as if you had bought expensive new furniture. Paint up your tin pails and flower pots and glass jars to harmonize with your color scheme and use these for plant and flower containers. Add cretonne cushions and table covers and there will be "no spot like home in the good old summer time!"

To Prevent Cake Sticking to Pan

Often when one greases a cake pan with butter, the cake unfortunately sticks. This can be avoided and butter still be used with which to grease pan.
 Method:
 Melt the butter first.
 Set to cool. The salt and water will separate and the fat will rise to the top.
 Use the top fat to grease your pans.

KNOW YOUR RED CLOVER SEED

The spring of 1926 again finds us confronted with a shortage of Canadian-grown red clover seed. Whether such a condition occurs in two succeeding years, as it has in the years 1925 and 1926, or whether the seasons of shortage be separated by a number of years of plenty, the danger accompanying the years of shortage is always the same. Our rigorous Canadian climate demands a hardiness in red clover plants not found in the plants of the majority of red clover seed-growing countries. As a consequence, the seed from most foreign countries will not produce plants sufficiently hardy to produce paying crops of red clover in the greater part of Canada, says G. P. McRostie, Dominion Agrostologist.

We have been informed on what we believe to be good authority that a considerable amount of seed from Southern European sources has already found its way into our Canadian markets for sale during the present season. A greater part of this seed very likely comes from Italy and France, and our tests, extending over a period of years, with red clovers from many different countries, have proven that Italian clover seed cannot be depended on to produce a paying crop even under the most favorable winter conditions. About sixty per cent of the French clover seed is equally non-hardy, so that the chances are very great of clover failure with seed from either of these countries.

We would strongly recommend the purchase of, first, Canadian-grown seed; second, seed from the Northern United States or Northern European Countries as Sweden, third, the seed of English origin, and would recommend the substitution of some other clovers in place of red clover rather than use seed from Southern Europe or even seed of unknown origin.

Not So Dull

Boys, like things, are not always what they seem. A school inspector having been told that a certain class was very dull, decided to test them himself. Asking the lads to give him a number, and one of them calling out "Seventy-two," he wrote on the blackboard "27." No remark coming from the class, he asked for another number and was given "48."

NOTICE TO FARMERS

The Durham U.F.O. Live Stock Association will ship stock from Durham on Tuesdays. Shippers are requested to give three days' notice.

 Durham, Ontario.

COOKING HINTS

Asparagus
 During the asparagus season, it should be served two or three times a week. It is a healthful vegetable and as good as a tonic. Here are a few suggestions as to ways you can serve asparagus. When possible, steam asparagus rather than boil it.
 1. Buttered asparagus on toast.
 2. Creamed asparagus on toast.
 3. Asparagus and sweet breads.
 4. Asparagus salad with French dressing.
 5. Asparagus short cake.
 6. Asparagus with poached eggs.

Asparagus Salad

Serve cold.
 Cook asparagus until done. Remove from water and cool.
 Place on crisp lettuce leaves.
 On top of asparagus put diced celery, chopped pickles and nuts. Pour French dressing over this. Top with a little mayonnaise and trim with a piece of pimento or green pepper.

Grape Tapioca Pudding

2 cups of grape juice.
 4 tablespoons of tapioca.
 1 tablespoon of lemon juice.
 1/2 cup of sugar.
 Little salt.
 1 egg white.
 Method: Dissolve tapioca in 1 cup of cold water. Scald grape juice. Pour hot juice over tapioca and cook in a double boiler until transparent. Add lemon juice, sugar and salt. Beat egg white stiff and add slowly to tapioca mixture.

BAKING HINTS

Raisin Biscuit

1 cup of raisins (chopped).
 2 cups of flour.
 1/2 teaspoon of salt.
 1 cup of milk.
 2 teaspoons of baking powder.
 2 teaspoons of shortening.
 Method: Sift flour, salt and baking powder into bowl. Add shortening. Rub together lightly and add enough milk to hold mixture together. Add raisins. Mix well. Place on a floured board. Roll or pat into 1-inch thickness. Cut with floured biscuit cutter. Brush tops with milk. Bake twenty minutes.

Stuffed Halibut Roast

2 one-pound slices of halibut steak (1/2 inch thick).
 3 tablespoons of butter.
 Little salt.
 Little pepper.
 Make a bread dressing.
 Method: Place one slice of halibut on rack of a roaster. Sprinkle with salt and pepper. Place two-thirds of dressing on top of this. Place second slice of halibut on top of dressing. Season. Dot with pieces of butter and dressing. Use tooth picks to hold slices in place. Put little water in pan. Bake uncovered in a hot oven.

Another great aid to progress at times is a first-class funeral.

Are You Ready for Easter?

We have a fine selection of new styles in Women's Patent and Kid Strap Slippers. Come in and look these over. We shall be pleased to show them to you without any obligation.
