GREY CHILDREN'S AID AIDS 227 CHILDREN IN THE PAST YEAR

Forty Are Admitted to Children's Shelter—A Very Valuable work.

The Grey Children's Aid Society continues to carry on a most valuable work among children throughout the county. A total of 227 children received attention from the society during the year and over 40 children were admitted to the Children's Shelter. Many of them are from Owen Sound and about one half of these have been in the Shelter all year. Twelve were placed in foster homes, 12 were returned to parents, five were sent to industrial schools, fifteen were made wards of the society. Five wards were returned to the Shelter. Seventeen children are in residence at the present time. The total number of shelter days, 4,133.

The cost of operating the Grey Children's Aid Society each year is just about \$5,500, which includes food, clothing, shoes, drugs, fuel, light, salaries and wages, shelter furnishings, travelling and investigating expenses. The Owen Sound doctors treat all our wards free of charge. Of the above sum the government pays the expenses of visiting the children in their foster homes. The county council make a grant of \$500.00, which was increased in June, 1926 to \$1,000, and pay a maintenance charge for their wards while in the Shelter. The Owen Sound City Council make a yearly grant of \$300.00 and pay a maintenance charge for city wards while in the Shelter.

The total sum received from these sources amounts to \$3,100.00, leaving a balance of \$2,400.00 to be collected throughout the city and country. Grey County Society are looking to the time when the city and County Councils will meet the entire expenditure by taxation as is now being done in many counties in the province. Until that time comes they must trust to the generosity of citizens to meet the need.

Johnny is Wise

Young Johnny was watching his aunt comb her tresses. "What makes your hair stand up like that?" he asked.

"That's electricity, Johnny," he was told.

"Gee, ain't we got a wonderful family," Johnny declared. "Auntie has electricity in her hair, and Grandma has gas on her stomach!"

Said It Very Nicely

A report of a wedding from one of our exchanges read in part: "The bride wore a dress of pale sea green her hat was of ocean blue; slippers and stockings of a mother-of-pearl tint, and a necklace of coral finished off this attractive costume." It tempts us to remark that the costume was of divers colors.

THE FLAMING CHARIOT

The nearest approach to Eijahl's flaming chariot that many Walkertonians will ever see was on an exhibition here on Monday afternoon when Mr. Oscar Hahn, hotel-keeper of Durham, came breezing down the main street here with the back end of his car on fire. Sensing a smell of something akin to a glue factory he rushed down and seeing people waving frantically at him like they wanted him to stop the smell, he pulled up his big Buick sedan in front of McCartney's pool room and on getting out to investigate found that he had been almost sitting like Satan on some burning embers. If the lost ever shout for something to cool their parched tongues with any more zest than Oscar called for water on that occasion, we trust that they may get as prompt service.

The way Art, McCartney rushed about with a pail and saved the day should make Nero, who hid while Rome burned rather ashamed of his performance. Cigars were later brought out and all those with a weakness for the weed had a smoke on Oscar. Saved from a wreck like the Hesperus, the Durham hotel-keeper later stepped on the gas and left town with the old bus purring like a tom cat in a dairy.
