NEW CAPITAL FOR ROYAL BANK GIVES \$5,600,000 of New Stock at \$200 a ing to \$150,463,982 and savings de-

valuable rights offered to shareholders, was responsible for the strength in the stock of the Royal Bank last week which brought five price up 131/2 points to 270 at the close on Saturday, 11th.

will bring the outstanding capitalization of the bank up to \$30,000,000 is being offered to shareholders at a price of \$200 per share on the basis of one new share for each five held, thus, indicating rights to the value of \$11.70. The_rest account of the bank is being increased to \$30,000,000 at the same time.

Leads in Capital

This gives the Royal Bank the heaviest capitalization of any of the Canadian chartered banks, putting it just ahead of the Bank of Montreal, which has outstanding capital of \$29,916,700, and rest account at the same figure. The Royal Bank of Canada, which leads all other Canadian banking institutions in foreign operations and occupies an important position among the international banks of the world, has been extending the sphere of its activities steadily during recent years, and the present increase in capital is a natural result of this expansion.

Foreign Operations.

In its last published statement, for the month of October, the Royal Bank showed total assets of \$759,-076,605, as compared with \$781,525,-

145 for the Bank of Montreal.

The decision of the directors to
