Crusoe Knew What He Wanted And He Got It

One of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanteda ship-so he put up an ad. for one. He flung up a shirt on a pole, at the top of his island. That, in the language of the sea, was plain to every seafaring man.

The circulation was small, there was no other medium but Crusoe kept, at it despite the fact that he got no enquirers for a long time. He changed his copy as one garment after another was frayed out, and in the end got what he wanted.

Crusoe used the best medium at his disposal. .. The best medium in Durham, Mr. Advertiser, is The Chronicle. I goes direct to the people to whom you wish to tell your story. Use these columns persistently and you are bound to obtain

The Job Department

results.

Our Job Department is equipped for your every need.

If you want Letter Heads, Bill Heads, Envelopes, Financial Statements, Office Forms of all kinds, Visiting Cards, Wedding Stationery, Pamphlets, Posters, etc., see us and we will assist you in making your selection from our large stock of papers and various type faces.
