MAXIMUR Wall Paper will give to each room of your home an atmosphere of beauty and good taste-an indication of the care you exercise in planning the furnishing of your home.

Come and see the beautiful MAXIMUR designs we carry in stock. Let us show you how you can make your home more beautiful through this exceptionally fine wall paper.

The Improved Ford Coupe

THE improved Coupe is a lower, roomier car with Linterior refinements and outward appearance that bespeak the really fine automobile. The all-steel body, finished in dark blue with

nickeled radiator shell and lamp rims, and mounted on the lower chassis, has given the motoring world a car of rare distinction. The seats and steering column are lower, providing greater leg room and an easier riding position. The

front pillars are narrower, reducing the possibility of "blind spots." The doors are wider. There is a onepiece windshield, which, with the cowl vent, gives improved ventilation control. A parcel panel is provided within the car, and the rear deck has been re-designed affording greater luggage space.
