(Our Own Correspondent)  
Death of Mrs. Cameron

A former resident of Glenelg who will be remembered by many older citizens, died at the home of her daughter, Mrs. Maud Woods, Kramer, North Dakota, March 30th, in the person of Mrs. John Cameron (nee Janet Beaton), the last surviving member of the late Mr. Angus Beaton's family. We extend deep and heart-felt sympathy to every member of the Cameron family who mourn the loss of an exceptionally kind and loving mother. Mrs. Cameron in a large degree fulfilled the description of wife and mother given in the book of Proverbs, where of such women it is said, "Her children rise up to call her blessed; her husband also praiseth her." Her sterling Christian character, cheerful and unselfish disposition, endeared her to many friends who will long remember her kindly deeds.

The Cameron family was always noted for its hospitality; a welcome home for the poor, for the weary traveller, and for the minister of the gospel; a home where family worship was conducted always.

God's people can say  
This body in the ground  
In silent hope may lie  
Till the last trumpet's joyful sound  
Shall call it to the sky.

The late Mrs. Cameron was an aunt of Mrs. William Fulton, Mulock, Mrs. W. H. Patterson, Priceville and the Beaton families of Glenelg.

On Friday evening of last week Mr. and Mrs. Clark Torry celebrated the anniversary of their silver wedding. They were hosts to over a hundred relatives, friends and neighbors. Friends from Markdale, Durham, Hanover and Walkerton all enjoyed themselves to the utmost. Many gifts accompanied warm good wishes and congratulations on this auspicious occasion.

The community joins in the felicitations and hopes they may see their golden and diamond anniversaries.

Miss Irene Dunn is convalescing nicely and is now able to sit up in bed and do fancy work.

Mr. and Mrs. Harry Reay and family, Willowdale, visited at the homes of Mr. Donald McDonald and Miss Annie Hobbirk last week.

For the young people's meeting of last week a paper was sent to Mr. John McDonald written by Mr. Dan Nuhn of Elmwood on "Temperance" and read by Miss Margaret Lunney, which was worthy of mention. We always like to hear from Dannie and at any time he feels able and inclined to write a paper to be read at our young peoples' meeting. It certainly will be appreciated.

**Mission Band Concert**

A public meeting in the interest of the mission band was held in the church Wednesday night the 13th. All members of the band taking part, with older ones helping, made the programme more interesting. Master Arthur Adlam, president, of the band acted as chairman in a very capable manner. Rev. Mr. Crickington gave a short address which was very helpful and interesting, and an exercise, "Helping Mother Work," was very well given by five little girls aged from four years up and dressed in little dust caps and aprons. In a pageant entitled "The Pilgrim," the characters were Life, Home, the Pilgrim Child, A Herald and Education and were taken by John McDonald, Florence Kress, Nora Walker, Master Alfie Sharpe and Margaret Lunney. A solo rendered by Mrs. Fletcher McLean was listened to with pleasure. A dialogue by the school children of Ebenezer under the superintendency of Mr. Irvin Sharpe was well given. A missionary reading was given by Miss Catherine McLean also a missionary exercise by Vera Stewart and Florence McLean. Another exercise entitled "A Bag of Wishes" by seven girls was well given after which Mr. Irvin Sharpe favored the audience with a talk on the life of David Livingstone. A dialogue entitled "How the Women's Missionary Society Won the Young Ladies," was given by the Misses Mildred Brown, Hazel Torry, Nora Walker and Laetia Mighton, all taking their parts well, while recitations, given by different ones were noteworthy of mention. The meeting closed with prayer by the pastor. The collection was in aid of missions.

**An Adventurer in Many Climes**

No trace has yet been found of the Australian explorer, Captain George H. Wilkins, who set out in an airplane, accompanied by a pilot in an endeavor to discover unknown lands north of Alaska and was forced to descend on the ice somewhere up north owing to engine trouble. Captain Wilkins first became famous for the valuable exploration work he did in the unexplored cannibal country in North Australia, where he was sent by the British Museum in charge of an expedition. He is here seen coming in from a hunting trip with an Australian Wallaby over his shoulder.

Mr. Henry Patterson has been grading the roads in this section this week. This is the man in the right place for this job.

**Feasting His Eyes**  
Mrs. Cornassel, from the rural districts, stopped her husband at the city's busy corner.

"Hiram," she expostulated, "th' way you stare at the limbs of those shameless city hussies is something scandalous. One would think you'd never seen legs afore."  
"Well, Martha," drawled Mr. Cornassel, "that's just what I was beginnin' to think myself."

**CANADA PURCHASES RESIDENCE AT WASHINGTON**

Handsome Gray Stone Building Furnished, For Home and Office of Minister to the U. S.

A handsome, gray stone building in the diplomatic quarter changed hands on Saturday and Canada acquired a permanent house in the United States Capital. It is a five-story 40-room house, built about 20 years ago as a private residence, but equipped with such modern things as telephone exchange and elevator so that the business offices of the legation can be opened at once.

The address is 1746 Massachusetts avenue. No remodeling or refurbishing is necessary to accommodate either the offices or residence quarters, so that Hon. Vincent Massey, his family and his secretariat probably will move in within a week or two. The present temporary office building on "N" street and the minister's residence in a local hotel will be abandoned.

The purchase price of the new legation is understood to have been around \$470,000 including furniture and equipment. The transaction was concluded in New York last week between representatives of the Canadian Government and the owners. The original price was \$500,000, but some adjustment was made on furniture and option price. Part of the furniture will not be taken over and it is possible that some that was taken over will be disposed of later.

The area of the lot on which the house stands is 2,800 square feet. It is rated at a high real estate value, but diplomatic quarters being immune from taxation when owned outright there will be no bill for taxes. It is not expected that repairs or remodeling will be necessary for many years to come.

**THE CHEAPEST DRINK IN THE WORLD**

With the exception of water, tea is the cheapest and most widely consumed drink in the world. As a drink it is good when made from good tea, but is a terrible disappointment if cheap tea is used.
