PROPOSED NEW FORD HERE NEXT AUTUMN

Company Confirms Rumor That New Model is Coming, But is Reluctant in Giving Further Information.

Yes, a new Ford is coming but it will be autumn perhaps before we'll be able to display the new model," said George Smith of Smith Bros.

It is characteristic of Ford policy not to hurry into the production of a car. Ford experimented for many years before he put his first car on the market.

Sometimes her lips are laughing, her song rings clear and sweet, and then the marching hours of day are very glad and fleet.

For smiles can sometimes cover a sorrow or a care, a silver laugh can ring with mirth the heart can never share.

It's a matter of viewpoint, but lots of people seeing the kid's first tooth wouldn't take a billion for it.

UNDULY EXCITED The Winnipeg Tribune is disturbed because a Toronto paper picks Hon. Howard Ferguson as Conservative federal leader.

He do not take their political guidance from the Toronto papers or the ward associations of the Queen City.

SWEDE TURNIPS AS A CASH CROP

(Experimenta Farms Note) The cool, moist maritime conditions prevailing in Prince Edward Island are very favorable for the production, in paying quantities, of very high quality Swede table turnips.

The growing of Swede turnips for table use has been a profitable venture for many years for those near shipping centres on the Island. The maritime markets were largely supplied by steamers and sailing ships.

The growing and marketing of Swede turnips requires much manual and horse labour. The crop is heavy and bulky for the value received, compared even with potatoes.

Barnyard manure will produce excellent crops, but an application of 15 to 20 tons of manure supplemented by 800 pounds of a 3-9-3 fertilizer has given even better results.

of 15 to 20 tons of manure supplemented by 800 pounds of a 3-9-3 fertilizer has given even better results, as the Swedes require large quantities of phosphorus.

In another month dad's vest will be hanging on a hook, and he'll have a spring suit.

It isn't really spring until you would rather get up than roll over and take another nap.
