Tax Rate 42 Mills

At a meeting of the town council on Monday evening the report of the finance committee fixing the town rate of taxation at 42 mills was adopted. This is the same rate as in 1926. In 1925 the rate had reached 43 mills, the highest in the history of this municipality. This year sees the last payment made on the combined high and public school but there will be something turn up in town in 1928 to keep the taxes from coming down.—Chesley Enterprise.

Boy Loses Eye in Fall From Fence

Charles, the 14-year-old son of Mr. and Mrs. Patrick Smith, of Lions Head, was the victim of an unfortunate accident, which resulted in the loss of his right eye. In company with some other boys he was on his way home and in getting over a rail fence the rail turned and he was thrown to the ground, striking a stone, injuring the eye to such an extent that the ball was broken. The boy was brought to the General and Marine Hospital Owen Sound, where the eye was removed. The lad is making excellent progress toward recovery. Charles Smith is a grandson of Mrs. M. J. Smith of this village and will visit his grandmother here for a time after leaving the hospital.—Markdale Standard.

A Presentation

A very happy social evening was held in the Manse on Tuesday evening when Rev. S. and Mrs. Martin entertained the congregation of Salem church. A large and enthusiastic company was present. The evening was spent in community singing and some very unique and jolly games. Delightful and most enjoyable refreshments were served after which Mr. E. Abra made a very fine speech, referring feelingly to the enjoyable and helpful associations.—Markdale Standard.

A Great Surgeon

At the graduation ceremony held last week in connection with the R. A. Hospital, Fergus, Rev. Mr. MacDonald of St. Andrew's Church, speaking of the veteran, Dr. Groves, stated that the doctor had completed 57 years as a practitioner, and that during that time he had performed about 6,500 operations. He was the first man in Canada to operate for appendicitis, and performed the first 17 operations for this trouble. Judging by the genial Doctor's youthfulness and vitality when we last had the pleasure of a chat with him at the House of Industry banquet the other week, we would not be surprised if he continued practicing for another 25 years.—Elora Express.

Rhubarb Leaves Like Umbrellas

A short stocky man, carrying what appeared to be two umbrellas was seen walking down the street on Saturday morning who, upon closer approach proved to be Mr. J. Sleightholm, Main St. East, with two samples of his rhubarb leaves. That the leaves and stalks grown in Mr. Sleightholm's garden are most desirable was evidenced following measurements taken. The leaves were almost three feet, six inches long. The stalks were 2 1/2 inches in diameter and 5 1/2 inches in circumference. One stalk would make a good pie and they were sound, not having gone to pith as this delicacy will usually do when grown to such a size. The Main St. jokester suggested that the next time he be presented with one to carry as her wedding bouquet.

Sold Medical Practice

Dr. H. Wright, of Hanover, has sold his practice to Dr. J. H. Pilky, recently of Kingston, who will enter on his practice here about the middle of July. Dr. Wright intended taking a post graduate course following his departure. Dr. and Mrs. Wright came here about two years ago and made many friends who will regret to have them leave town.—Hanover Post.

Good Program at Garden Party

The Crawford United Church held a very successful garden party on Wednesday, June 15, at the home of Reeve D. J. McDonald. A large crowd was in attendance. A baseball game between a team from Chesley and one from Louise resulted in the latter winning the laurels by a score of 16-13. A fine program was given during the evening. Rev. Mr. Young occupied the chair. There was talent from Chesley, Durham, Hanover and Elmwood. Miss Macphail and Mr. Oliver were the main speakers. An excellent supper was served by the ladies.—Hanover Post.

Beating the Blind Up-to-date

"Twenty cents, please," said the Telephone Central, and the old alarm clock went ding, ding, there.

eyes and face with gravel. At the hospital amputation was performed above the wrist. During the night he grew suddenly worse and passed away 24 hours after the accident. Brain and general shock. He was 28 years of age, the son of Mr. and Mrs. Wm. E. Brown, Dalston, and had been married only seven months.—Barrie Examiner.

Petty Thieving

During the past two weeks several houses have been entered and small sums of money and articles of small value stolen and so far these porch climbers have not been apprehended. On Sunday afternoon the home of Dr. J. H. Irwin was entered, although the family were away less than two hours. The bureau drawers in the sleeping apartments were ransacked and a wrist watch and other small articles taken. The thieves also consumed two bottles of ginger ale. Whoever entered evidently knew where the key of the front door was left as they took it from its hiding place and unlocked the door and after securing what they could, went out the back way.—Collingwood Enterprise.

Youth Has Been Deported

Vicor Roberts, 19-year-old Barnardo boy, who purchased a used Ford coupe from Henry Flach of near Walkerton, and gave as payment a cheque for \$100 on the Canadian Bank of Commerce, and which as he had no funds whatever in the Bank, came before Magistrate Walker in Walkerton police court last week on a charge of fraud, and on the consent of Crown Attorney Freeborn the charge was not pressed in view of the fact that the Barnardo management, who sent an official to Walkerton last Friday to investigate the case, volunteered to pay the cheque back to England and to bear all expenses in connection with his transportation. As a consequence of this decision of the authorities to have him deported, Roberts was remanded to jail, when he left under escort of High Constable Arch. Ferguson for Montreal, where he sailed the day following his arrival there on the Minnedosa for the Old Land. Roberts had fully recovered from the cuts and bruises he received when the car backed with him over a steep embankment and plunged into the Saugeen river near the Walkerton electric power plant a few hours after he had purchased it.—Mildmay Gazette.

Peculiar Accident

Mr. Reube Horning was the victim of a peculiar accident on Sunday night when his baby girl struck him in the eye with her finger tearing it. We are pleased to learn, that while the accident is very painful, no serious effects are anticipated.—Palmerston Spectator.

The Late Mrs. Redford

On Sunday morning, between ten and eleven o'clock, Mrs. Thomas Redford, aged 79 years, passed at her home on the Station Road, after an illness of eight months' duration. About three years ago Mr. Redford, his deceased wife and son, James, moved to Walkerton from Bentinck, to be near their daughter, Mrs. William Richl. The deceased had been blind for the past eight years. Surviving, with her husband, their son, James, and Mrs. Richl are five daughters, Mrs. Arch. Schenk of Allan Park, Mrs. Edward McKelvey of the Brant South Line, Mrs. William Arnold of Kellogg, Sask., Mrs. Ed. Disney of Calhoun, and a second son, Mr. Henry Redford, near Paisley. On Tuesday afternoon interment was made at the Hanover cemetery, Rev. R. Perdue, of town, conducting the services.—Walkerton Telescope.

Bought Mill and Power Plant

The deal was closed last Friday whereby the electric plant at Maple Hill, which supplied Hanover with light and power before the advent of Hydro, was sold to Mr. John Barrill, of Brant, together with the grist mill in connection, and who will operate it as a cropping mill in the future. It is also probable that he will generate sufficient current to supply light to surrounding farms. Mr. Ignatz Weiler, proprietor of the Pleasure Valley Park in that section, will shortly be able to light up his grounds, on which, it is said, he purposes erecting an up-to-date dancing pavilion.—Hanover Post.

Leaving Owen Sound

Miss J. Wright has resigned as teacher in Owen Sound Collegiate and prior to the close of the school term Friday last she, with two other teachers was waited on by their fellow teachers and presented with gifts. Miss Wright was presented with a handsome tea service.—Dundalk Herald.

Farmer Killed by Explosion

As a result of injuries received through a dynamite explosion on Saturday afternoon, Percy E. Brown a young Dalston farmer, died in the Royal Victoria Hospital here yesterday. He had placed dynamite under a stump to blow it up when a premature explosion knocked him over, tore his right hand to pieces and deeply pitted his

Fourth Victim Dies

William Graham jr., the driver of the car which was struck by a C. P. R. way freight on the 20th sideroad road crossing in Amaranth died in the Lord Dufferin Hospital about ten o'clock on Wednesday night, June 15th. This makes the fourth death as a result of the awful fatality. Mr. and Mrs. Wm. Graham, sr., were instantly killed, and Mrs. George Beattie, their daughter, died in the hospital here on Saturday, June 11th, the day of the accident. The funeral of William Graham, the fourth victim, was held from the Graham home near Campania to Shelburne, cemetery on Friday afternoon. Like the funerals of the other three victims it was attended by a very large number of people. Mrs. Burnside, the other daughter, is still in the hospital here and is now reported to be getting along nicely. She is expected to recover.—Orangeville Banner.

Priceville

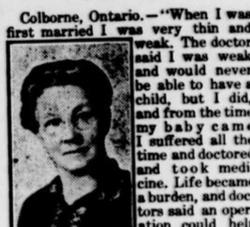

(Our Own Correspondent) The rainy season is still with us although it cleared for the weekend. Crops seem to be doing well, particularly the meadows. A number of our men attended Divine service at Mount Forest on Sunday afternoon under the auspices of Masonic order. Hon. John and Mrs. Oliver, Mr. and Mrs. Savage were guests of friends for the past few days on Durham Road, east. Mr. A. J. McVicar spent Sunday with friends in Toronto. Mr. Neil Shortreed spent Sunday with his parents on the Gravel road west. Mrs. Aiken of Buffalo is visiting with her sister, Mrs. Shortreed here. Mr. H. B. McLean is here for a few days again but intends to move to Toronto in a few days. Mr. and Mrs. J. C. Harrison of Detroit are spending holidays with the latter's mother, here. Mrs. James McDougall and party returned to her home here. Miss Annie McRae accompanied them and visited over the week-end with Mr. and Mrs. J. McGrae. Mr. Angus Kennedy and Mr. Thompson visited our village last week and returned to Mimico after arranging some business details regarding property.

KILLING TWITCH GRASS

There are many methods, under various circumstances, of killing twitch grass, but deep ploughing in the late spring or early summer seems to be the most popular and

AVOIDED AN OPERATION

Mrs. Dayman Gives Lydia E. Pinkham's Vegetable Compound the Credit

Colborne, Ontario.—"When I was first married I was very thin and weak. The doctor said I was weak and would never be able to have a child, but I did, and from the time my baby came I suffered all the time and doctored and took medicine. Life became a burden, and doctors said an operation could help me, but my husband was opposed to that. I had seen Lydia E. Pinkham's medicine advertised, so I told my husband that I thought I would try it, that I might get some relief. I had not taken one bottle when I could feel it helping me. I took five bottles and had better health. Now I have three girls and a boy and have done my work up to confinement. I am now at the Change of Life and owe my good health to Lydia E. Pinkham's Vegetable Compound. I take a bottle when I think I need it."—Mrs. SUSAN DAYMAN, R. R. No. 5, Colborne, Ontario.

and most generally effective, says the Farmer's Advocate. The theory of this method is, that the roots are spent in producing a top, and then when ploughed deep so there is plenty of soil above the roots for cultivating purposes, the buried plants smother before they can reach the surface to absorb new life. It would be a blessing, indeed, if farmers could suggest as effective remedies for sow thistle.
