CHURCHES
EXCHANGE OF PULPITS
On Sunday, October 9, Rev. H. E. Fiddes will exchange pulpits with Rev. W. Westcott of Conn. Mr. Fiddes will preach anniversary services in Woodland church, while Mr. Westcott will conduct both services here and preach at Zion in the afternoon.
Last Sunday Mr. Hauck of Toronto preached at Zion church and also gave a couple of well-rendered solos during the service.

PREACHING FOR CALL
Next Sunday the pulpits in the Baptist church, Durham and that at Glenelg Centre, will be occupied by the Rev. W. H. Wallace, pastor of the Parkdale Avenue Baptist church at Ottawa. Mr. Wallace is one of those who in the next few weeks will have charge of the local services and from whom a successor to the Rev. J. Taylor will be chosen.

HEARD CHURCH ADDRESS AT OWEN SOUND TUESDAY
Rev. E. Hayes, with members of the congregation of Trinity church here, were at Owen Sound Tuesday of this week in attendance at a church meeting addressed by the Right Rev. Duell, Bishop of Kootenay, who spoke to the clergy and laymen of Bruce and Grey counties on "The Coming Church Army Crusaders Mission." These missionaries are to conduct a campaign in the Diocese of Huron, commencing next Easter and extending into the summer and it is likely that Rev. Hayes who has had considerable to do with this mission in the old land, will be successful in having them come to Durham.

PUNCTUALITY AT SCHOOL
School teachers would appreciate it if parents would take a firm stand at the beginning of the school year that their children must get to school on time. While attendance is no doubt reasonably punctual now, yet there is usually a time lag, yet there is usually a chance for improvement. There are some youngsters who are natural dawdlers and that it is a hard thing for them to get there on the minute. It is a fine thing for a school when all the pupils who are not kept home by sickness or other legitimate reasons, can be in their regular seats at the moment of beginning. Such a good start gives the teacher a fresh impulse of courage and vigor. Also it gives a kind of impression of clock-like precision, and children ought to work better under such conditions. It would seem as if a condition of frequent tardiness must effect the morale of a school unfavorably and perhaps lead the children to be slack in their lessons. It's always better to be five minutes early than five minutes late.

Did Just That
"And you tell me several men proposed to you?" he said savagely. "Yes, several," the wife replied, "in fact quite a number."
"Well, I only wish you had married the first fool who proposed."
"I did."

COLLECTING FRUIT SOON
The collection of fruit, vegetables, pickles, etc., in the annual drive for supplies for the Durham Red Cross Memorial Hospital, will commence, we are informed this week.
Heretofore, Durham citizens have not been backward in contributing to this worthy local institution and it is anticipated that they will do as well, or better, this year than last. As the conditions under which this annual campaign is run are well known, it is unnecessary that we say more on the subject other than to ask that all contributors be prepared to receive the collectors when they arrive.

Not So Easy
A Scotch doctor, new to the gun, ventured upon a day's rabbit shooting. Chased by the ferrets, bunny was a quick moving target, and the medico was not meeting with the success he anticipated.
"Hang it all, man!" he exclaimed impatiently to the keeper who accompanied him, "these beasts are too quick for me."
"Aye, doctor," the pawky keeper replied, "but ye surely dinna expect them to lie still like yer patients till ye kill them?"

QUICK DELIVERY LOCAL MILK
MacDonald Dairy Horse And Milk and Bottles Distributed Along Highway Considerable Distance.
What might be termed local milk delivery occurred this morning shortly after when a horse belonging to Donald Dairy and driven Lake ran away. While it was "quick" it wasn't satisfactory, as the milk were spread along the big Upper Town to the Middle corner and the former fit form for human consumption when everything was quick. The cause was a big back, and when the big horse started on down the Durham hill driver hanging on in a manner to the Roman chariot. When the wagon hit R. crossing at the foot of first spill occurred, an away continued on down main street until the horse telephone pole at the House corner, fell on the and was captured. The driver of the cart, Clements' 1901 model, but neither car stuff damage to talk about, exciting runaway while considering everything lucky one, though Mrs. repairs, broken bottles, milk.
