**ENGINEER FACES SERIOUS CHARGE**  
Duncan Wheeler, Arrested on Road Roller, Remanded to October 6th.  
Duncan Wheeler, giving Toronto as his place of residence, was placed under arrest on Wednesday afternoon of last week by Provincial Constable Denton while working on the Durham-Hanover provincial highway charged with a serious offence against a married woman re-

siding in Bentinck township. At the time of his arrest he was working on the road roller, and was taken to Owen Sound and locked up. On Thursday morning he appeared before Magistrate Creasor in police court, but at the request of County Crown Attorney T. H. Dyre he was remanded until Thursday, October 6th, without bail.  
Usually by looking at a man you can tell whether he sleeps in pajamas or a nightshirt.

**CHANGE IN HUNTING SEASON FOR DEER AND MOOSE**  
The Ontario Government has announced a change in the open season for deer and moose this year, in that, either animal may be taken in the district south of the French and Mattawa River, from November 1st to November 30th, and in the district north of the French and Mattawa from October 10 to November 30th.  
These periods are very much in

favor of the hunter, especially if the weather may turn cold, and it is trusted the action of the Government will result in a marked increase in the number of those taking to the woods. For their transportation, Canadian National Railways have provided with their usual care and forethought and printed copies of the Hunters' Train Service leaflet may be obtained shortly on application to Canadian National Ticket Agent.

**LOVE YOUR WORK**  
Happy is the man who finds in life the job he likes to do, and then does it with fine enjoyment, enthusiasm and success. John Philip Sousa, who has been conducting bands for nearly fifty years, is such a fortunate one. The other day he told a reporter how he felt about his job. "Every time I mount the platform, I feel a wild desire to put on the best concert of my career. I have felt that since I first led an

orchestra. Lord knows what will happen to me if that feeling ever stops." Tired of his work? Bored? Eager to retire and never look at another piece of band music? Not the great Sousa. At 71 years of age he is getting as big a kick out of his work as the thousands of Americans who would rather hear Sousa's band than almost any musical organization one could name.
