HELD MONTHLY MEETING

Credit All Around

THE DURHAM CHRONICLE

VOL. 60.—NO. 3148.

DURHAM, ONTARIO, CANADA, THURSDAY, OCTOBER 13, 1927.

\$2.00 a Year in Canada; \$2.50 in U. S.

FORMER RESIDENT IN "ROSE MARIE" CO.

Daughter of Mr. Joseph Corkill Has Won Fame on Stage and Appeared in Toronto Last Week.—Formerly on Keith Circuit.

Miss Ellen Corkill, sixteen-year-old daughter of Mr. Joseph Corkill, formerly of Durham but now living at Flesherton, appeared last week in Toronto at the Royal Alexandra theatre with the "Rose-Marie" company. Miss Corkill was born at Davenport Road, Toronto, but for the first three or four years of her life lived in Durham, where her father was stationed as patrolman on the local Hydro system. When the war broke out the family moved to Toronto, and Mr. Corkill "did his bit" overseas.

With her sister, Miss Jessie Corkill, who at the time of their residence here attended the Public School, Ellen subsequently went on the vaudeville stage, appearing in a singing and dancing act on the Keith circuit with her sister, established her ability and was engaged for the famous Totem Pole Dance in "Rose-Marie" in October of last year.

Among those present to greet the "Rose-Marie" company on its arrival in Toronto was her father, Mr. Joseph Corkill, who had not seen his famous daughter for eight years and who is naturally proud of her ability. Though a resident of Durham for a couple of years, Miss Corkill was so young when she left here that she does not remember any of her girl chums, but her sister Jessie, now married and living in Washington, D. C., will be remembered by many of her girl friends with whom she attended Public school back in 1915.

C. N. R. WARNING TO MOTORISTS

Urges Increased Caution If Side Curtains Used.—Advices Car in Approaching Railway Crossing.

A warning to motorists to use increased caution, particularly at this season of the year, when inclement weather invites the use of side curtains on open automobiles, is expressed by operating officials of the Canadian National Railways, who emphasize this by pointing to several accidents reported during the past few days in which motorists have driven into the side of standing or moving trains at public crossings.

In the past few days four accidents have been reported in which motorists crashed into trains on public crossings, either while the train was standing on the crossing or passing over it. In one case the vision of the motorist was blurred by a heavy rainfall, but in the others the weather was clear. Five persons were injured in these accidents and all of the automobiles more or less damaged by the impacts. In all but one case the crossings were protected with either electric bell or watchman, but the drivers stated that they had observed the warnings and had not observed the trains until it was too late to avoid the crash.

The placing of the side curtains on open cars at this season of the year increases the accident hazard, Canadian National Officials state, and for this reason they urge motorists to use every care in approaching railway crossings in order to avoid needless damage and loss of life.

EVERY DAIRY BULL A POTENTIAL KILLER

Should Never Take Chances With These Animals.—Use Bull Staff.

Every dairy bull, warns a dairy cattle authority, should be regarded as a potential killer and handled accordingly. The great number of accidents occurring from careless handling proves this to be true. In spite of this, men and women continue to risk their lives every day, thinking that their bulls are different from the others that have already taken a toll of lives.

For the man who handles one of these animals, the small amount of money required to buy a good bull staff is about the cheapest life insurance in which a man can invest. It frequently happens, also, that a staff is bought, used for only a short time and then hung on the wall or stood in the corner. The staff should be used constantly when handling the bull. No risk should be taken with a dairy-bred bull in any way that would give him a chance to get his killing instinct started.

HELD MONTHLY MEETING

The regular monthly social and work meeting of the Young Woman's Auxiliary, Knox Church, was held at the home of Mrs. John McGirr on Monday evening, October 10th. There were eighteen ladies present and a very enjoyable evening was spent. At the close of the meeting lunch was served by Mrs. McGirr.

"I give Reginald credit in getting me a nice engagement ring." "Yes? I understand the jeweller did, too."

"PIE" TRAYNOR

Of Pittsburgh Pirates, is the finest third baseman in the National League. He is one of the reasons why the Pirates played the Yankees for the world's championship.

NEW BUILDINGS RISING QUICKLY

Both Post Office and High School Construction Work Proceeding Rapidly and Buildings Now Well Under Way.

The first of the year will see both the post office and high school buildings ready for occupancy. At least this is the way things look now. With ideal weather this fall, there has been the minimum of lay-offs owing to rainfall and as a result the brickwork on both structures will be about completed early next week. The roofing of both buildings will not take very long and with the cover over their heads the workmen will be able to rush the finishing touches to completion.

The present contractors have nothing to do with the furnishing of either of the buildings, and it is yet impossible to conjecture as to the exact time they will be ready for occupancy. It is generally considered, however, that the school should be ready early in December with any kind of luck, though it is doubtful if there will be very much business done in the new post office before the new year.

Postmaster Smith knows no more than the rest of us as to what time is moving day for himself and staff, but we are of the opinion that the local staff is hoping that their new premises will not be occupied before January. It is quite a job to move a post office business around the middle of December, get acquainted with the new layout of the boxes, and maintain the efficiency expected during the days of the Christmas rush.

BUS DAMAGED WHEN STRUCK BY CAR

Arrow Coach Lines Bus Damaged When Sideswiped by Car at Bridge South of Orchard.

When making its regular run from Guelph to Owen Sound last Monday afternoon and evening, the big Arrow Coach Lines bus, Russell Garbutt, river, suffered damage when struck by a car driven by Murray Knox of Fergus.

The bus was proceeding north and the car south. Just as the bus left the narrow bridge a mile south of Orchard at Dodds' Mills, the car came along and in trying to crowd on to the bridge, ran into the side of the bus damaging the side of the body and breaking two or three panes of glass near the front end just back of the driver's seat. The car, too, received considerable damage, but both machines were able to leave under their own power.

The bus, however, was not shed of its bad luck, as it had proceeded only as far as the Orchard hill, when it met further accident. In attempting to climb this hill it stripped its gears when about half way up the grade and had to be backed down and left on the side of the road. Cars were secured from Durham and the passengers taken to their destinations.

TEN HIDES STOLEN AT DUNDALK ABATTOIR

Provincial Constable Is Working on the Case.

Friday morning, Allen Montgomery, of Dundalk, discovered that during the previous night his abattoir had been broken into, and that ten hides were taken away by the thieves. He at once telephoned Provincial Constable Denton at Owen Sound. In the course of three hours the provincial officer was working on the case. He is following up some clues which may lead to the arrest of the guilty ones.

The golf world seems to be divided into two main classes—Bobby Jones and ordinary golfers.—Peterboro Examiner.

SCHOOL ATHLETICS HERE NEXT WEEK

Interscholastic Meet of Grey and Bruce Counties Will Be Held on Agricultural Grounds Here next Thursday Morning and Afternoon.

Thursday of next week, October 20, will be "Athletic Day" in Durham, when it is expected that possibly 200 pupils may gather here for competition in the various track events. Though there may be others on hand, the principal schools to be represented so far as is yet known will be from Walkerton, Chesley, Hanover, possibly Kincardine, and Durham.

The day is a big one for the scholars and there is a keen rivalry among the various schools for the capture of the different events. Durham school has won the shield for the past three years at these events, but we have been told that this year they have to step faster than ever if they are to retain the honor.

It is hoped and expected that the parents of the Durham High school pupils and others will have sufficient interest in the athletic prowess of their sons and daughters to gather at the agricultural grounds in large numbers as an encouragement to the local pupils, and at the same time extend a real welcome to those from other towns who come to visit us for the day.

The events commence next Thursday morning at 10.30 o'clock, though the "big" competitions are held during the afternoon. Pole vaulting, individual and relay races, putting the shot and many other events of much interest to the pupils are in the competition, and our advice to all who can possibly do so is to trun out for half a day next Thursday and spend it with the school children. It is a notable fact that in any community where the parents and citizens take an interest in the young people, both are the better for it, and even those stranger pupils from the visiting schools put more vim into their work when they know that their elders are interested.

REV. & MRS. MATTHEWS HONORED BY CIRCUIT

Former Well-known Durham Boy, and Wife, Now Stationed at Ponsby, Near Elora, Honored by Lion's Head Congregation Before Departure.

Mrs. W. A. Matthews, wife of a former popular pastor on the local circuit was remembered in a tangible way by the Y. P. S. at Centreville with a purse of gold. The president, Miss Florence Fox, read the accompanying address while the presentation was made by Mrs. W. J. Walpole. A life membership certificate in the W. M. S. was also given by the Lion's Head Society, of which she was the president. Rev. and Mrs. W. A. Matthews spent almost 13 years in this district, 6 years as pastor of Colpoys' Bay Methodist Church, 4 more years in charge of Kemble circuit, and on the 3rd year when Union was consummated and later he took charge of the Lion's Head Circuit, where there are four appointments. They spent two years there and during that time the church at Mar erected a new shed and added other improvements and the entire pastorate was benefited by his pastorate. They were recently sent to Ponsby, a few miles from Elora and best wishes follow them there by their many friends.

During his pastorate here Mr. Matthews organized the local softball ladies' team, who won prominence by winning the Cunningham trophy consecutively for three years and peculiarly, won this year by the North Keppel Ladies' team which was one of the appointments of a former circuit he was in charge of.

BOYS BADLY HURT AS STOVE EXPLODES

Parents Havg Narrow Escape When Front of Range Blows Out

Two young boys were injured and their parents had a hair-breadth escape when a stove in their home exploded Sunday night. The accident occurred in the residence of Mr. and Mrs. Morrison Langtree, Laurel, near Orangeville. The two boys were playing by the kitchen stove, when suddenly the front of the stove blew out with terrific force. One youngster lost the sight of an eye, and the other had his face, body and hand badly lacerated by flying metal.

It seemed as if the fire might spread as a result of the explosion, but the Langtrees, with quick action, prevented this. The stove, it is said, had been filled with wood shortly before the blast occurred, and it is believed some powerful explosive had been in this fuel.

One boy, Arnold, aged 11, is in the Lord Dufferin Hospital, Orangeville, as a result of his injuries. The other was treated at home.

FELL AND BROKE ARM

Grace, the eleven-year-old daughter of Mr. and Mrs. J. S. Davey of Bentinck, while playing at school last Thursday afternoon, met with an unfortunate accident by which she received broken arm.

ONE OF CANADA'S BEST

Arthur Caesar, nineteen-year-old sculling champion of the Pacific Coast, who was among the thousands of Canadians who have been repatriated from the United States recently. When eighteen he won the junior singles sculling title of California. This year he won the seniors singles title in the south and then won the North Pacific Association's championship title.

GREATER VIGILANCE ASKED OF MOTORISTS

Highway Safety Committee Has Hopes Education Will Contribute to Reduction in Accidents.—Responsibility is Really on Individual Driver.

A highway safety campaign is now in full swing throughout Ontario. Working on the idea that most motor accidents are preventable, the Highway Safety Committee is asking co-operation of everybody that the determination to prevent accidents may take a permanent hold upon the consciousness of the public.

The executive is composed of Hon. Geo. S. Henry, Minister of Highways; Chairman, W. G. Robertson, Secretary of the Ontario Motor League; J. F. H. Wyse, Secretary of the Ontario Safety League; S. J. Dickson, Chief of Police, Toronto; T. Marshall, Secretary, Ontario Board of Trade; J. H. Bickell, Registrar of Motor Vehicles, and R. M. Smith, Acting Deputy Minister of Highways. An Advisory Committee comprises all Editors, Heads of Municipal Governments, Police Chiefs, Presidents of Boards of Trade, Automobile Clubs and Service Clubs.

Inaugurating the campaign a few days ago, Hon. Mr. Henry stated that people do not realize what the tremendous increase in motor traffic meant and that greater vigilance and caution are now called for.

"It is on the individual driver that the responsibility rests," said Hon. Mr. Henry. "When a man takes

GOOD SHOW WAS SPOILED BY RAIN

Annual Fall Fair of Priceville Agricultural Society Poorly Attended on Account of Wet, Cold Weather.

The elements played havoc with the annual fall fair exhibition of the Priceville Agricultural Society last Friday. The fair, which was held on Thursday and Friday of last week, had excellent weather for the first day and everything pointed to a record attendance on Friday, the big day of the show. During the night a heavy electrical storm passed over this section, when everything was drenched. This in itself would not have been so bad, but the rainfall continued at intervals during Friday, and the weather turning much colder, it was anything but a pleasant day.

The fair this year was the best the society ever held, from the standpoint of the amount and the quality of the various articles shown. The hall exhibits were away above anything heretofore exhibited at this fair and the entries were numerous. Outside on the second day there was an above the average showing of stock and while the horses were not so numerous as on some former occasions more than made up for any deficit here.

The concert in the evening in the agricultural hall was all that was advertised, the programme being one of the best seen in the village in years.

When the work necessary to bring a fall fair up to the second day of the showing is considered it seems too bad that the good weather could not have held on for another day and ensured the directors the benefit of a gate. As it is, we understand the receipts will not begin to take care of the expenses and as a result the society faces a deficit on the year's operations.

Mose—"Do you think you kin support my daughter?" Rastus—"Ah suah do." Mose—"Evah see her eat?" Rastus—"Ah suah has." Mose—"Evah see her eat when no one was lookin'?"

THOMAS McANULTY DIED TUESDAY

Lifelong Resident of This District Passed Away at His Home Here Following Long Illness.—Funeral Today to Maplewood Cemetery.

The late Mr. McAnulty followed after an illness of over five months from a general breakdown. Mr. Thomas McAnulty passed away at his home here on Tuesday of this week. Born near Varney in 1858, the deceased had spent all his life in this immediate vicinity with the exception of five or six years in Holstein and vicinity.

The late Mr. McAnulty followed farming during his younger years, but when the cement works commenced building their plant here in 1902 he engaged with them and remained there until 1904 when he entered the employ of the Durham Furniture Company, with which concern he was identified until he took ill five months ago. From the first, little hope was held out for his recovery.

Mr. McAnulty was married nearly 47 years ago to Miss Sarah Ellen Braithwaite, at Varney, who passed away January 13, 1923 from an operation for appendicitis. Always of a retiring disposition, Mr. McAnulty was a popular and faithful employee and his passing is keenly regretted by all citizens.

Surviving are a family of three daughters and two sons: Margaret, at home; Nellie (Mrs. William Brew), in Durham; Louisa (Mrs. F. Buncel), Toronto; Lorne, at Brock, and Ed. at D'Arcy, Sask., to all of whom the sympathy of the community is tendered.

The funeral is being held this afternoon, his rector, the Rev. E. Hayes, having charge of the service which will be held in Trinity church at 2 o'clock. Interment will be made in Maplewood cemetery.

Besides his family, Mr. McAnulty leaves a sister, Mrs. M. Allan of Varney and other sisters and brothers in the States.

PLACE OF MEETING HAS BEEN CHANGED

South Grey Teachers to Meet in Presbyterian Church Instead of High School Building.

A change has been made in the programme for the annual meeting of the South Grey Teachers' Convention here today and tomorrow, necessitated by conditions over which the management had no control. It was at first intended that the sessions would be held in the High School, but owing to the dismantling of the furnaces there is no heat in the building and other quarters had to be secured.

The committee in charge were hard pressed for a time for a place to hold the meetings. With the High school out of the running, and the town hall not yet ready for occupancy, it was at one time thought that the teachers might gather in the Public school. This too was out of the question as the rooms were too small for the accommodation of the teachers of the riding, but the situation was solved when the managing board of the Presbyterian church offered the use of their basement. It is superfluous for us to waste time and space in telling how gratified the local committee feels for this favor.

Meals for the visiting teachers are being served in the A. Y. P. A. rooms by the Ladies' Guild of Trinity church.

POSTMASTER AT WALKERTON NAMED

A. E. Heughan Received Word of Appointment; Post Vacant For Year.

H. E. Heughan received word from Ottawa that he had been appointed postmaster for the Town of Walkerton. The position has been open for the past year, since the resignation of C. F. Nutting, who resigned to move his family to Florida. Although applications were called for over eight months ago, and many citizens applied, the commission apparently could not come to an agreement, for the appointment was not made until this week.

The new postmaster is a native-born Walkerton boy, a son of the late Mr. and Mrs. R. E. Heughan. He is a returned man, having gone overseas with the 160th Bruce Battalion, and since the war has been conducting a harness business, established by his father in the early days. He is a son-in-law of G. S. Schwindt, president of the local Liberal Association.

ODD FELLOWS HAD PASTMASTERS' NIGHT

Monday evening in the local Odd Fellows' lodge was Pastmasters' night, when all the chairs were filled by former Nobles Grand of the order. In addition to this departure from the regular routine the third degree was conferred on a candidate following which the members adjourned and sat down to a pleasant banquet arranged by the junior members and enjoyed the next couple of hours in social intercourse. It was a most pleasant evening for the members of this popular order, and a large number of the brethren were in attendance.

MASONIC BRETHREN HONOR MEMBER ON 90TH BIRTHDAY

Mr. James Burt, Member of Durham Lodge, No. 306, for the Past Fifty-two Years, Received Congratulations of Masonic Brethren at Regular Meeting Last Tuesday Night.

Tuesday evening of this week was a most important one to the officers and members of Durham Masonic Lodge. Not only was it important from the fact that it was the evening on which Rt. Wor. Bro. W. J. Price of Orangeville, D.D.G.M. for Grey District, would pay his official visit, but also because only the day before its oldest member, Bro. James Burt, who for the past 52 years has been a faithful member, had celebrated the 90th anniversary of his birth. These two important occurrences made the evening most auspicious one and the local brethren, with visiting brethren from Mount Forest, Orangeville, Stratford, and many other places, took full advantage of the occasion to properly observe it.

Following the business session the brethren retired to the banquet hall where a most delicious repast was served, and it was here that the representatives of the various lodges fraternized and with speech, song and story passed a pleasant couple of hours.

The toast to the King and Craft was responded to by the singing of the National Anthem, and that to the Grand Lodge, proposed by Rt. Wor. Bro. Grant, by Rt. Wor. Bro. W. J. Price, D.D.G.M. In response to the toast to Grand Lodge the speaker called attention to the fact that 1927 was the Jubilee year of Canada, and took his hearers back to 1867 in a comparison of the Masonry of that date with the present. The comparison showed by statistics the remarkable growth of the craft in the past 60 years, and the address, a most informative one, was listened to with interest by the whole gathering. Rt. Wor. Bro. Price referred to the fact that he and Rt. Wor. Bro. Brother Grant of Durham Lodge, a P. D. D. G. M. of this district, had been in the

(Continued on page 5)

BLACK CHAPTER OFFICERS NAMED

County Master is Sir Knight C. E. Chisholm, of Owen Sound

The annual election of officers of the Grey County Black Chapter, L. O. L., was held on Monday evening in the Orange Hall at Owen Sound. The elections were conducted by Sir Kt. Thos. H. Bullock, Grand Master of the provincial Grand Black Chapter of Ontario, assisted by Rev. R. A. Spencer, Deputy Grand Master of the provincial Grand Black Chapter of Ontario, assisted by Rev. R. A. Spencer, Deputy Grand Master. After the installation, a social hour was spent. The following officers were elected: County Master, Sir Kt. C. E. Chisholm, Owen Sound; Deputy County Master, Sir Kt. Jas. McKenzie, Fergusham; Chaplain, Sir Kt. Sam Hayes, Lion's Head; Registrar, Sir Kt. R. E. Wright, Owen Sound; Treasurer, Sir Kt. H. E. Parker, Goring; 1st Lecturer, Sir Kt. A. J. Conring; 2nd Lecturer, Sir Kt. N. Greenaway, Owen Sound; 1st Gensor, Sir Kt. Rev. E. Baker, Meaford; 2nd Gensor, Thos. Whitmore, Durham; Standard Bearer, Sir Kt. A. Patton, Markdale and Sir Kt. A. Stewart, Markdale; Pursuivant, Sir Kt. B. Watson, Owen Sound; Commissioners, Sir Kt. Thos. Houston, F. Beatty, Ghas. Williams, John McGirr, W. J. Lyons.

CHECKING UP MOTORISTS ON WALKERTON HIGHWAY

Provincial Officer is Using Proper Diplomacy.

Charles Heffron, one of the motorcycle officers of the provincial highway department, has been putting in some effective work on the highway south of Midway and between Walkerton and the village. He has his orders from the department, and appears to be carrying them in a manner that is certain to get results. He is exercising considerable diplomacy, in the way of issuing warnings to some offenders, but they have been given to understand that prosecution will follow if they are caught repeating their bursts of speed, or in other ways, violating the highway traffic act.

TEMPERATURES OF PAST WEEK

Following are the temperatures of the past week, with the highest and lowest registered every day during the preceding 24 hours.

Table with 4 columns: Day, 8 a.m., Max., Min. Rows: Thursday, Friday, Saturday, Sunday, Monday, Tuesday, Wednesday.

Rainfall for Week

Table with 2 columns: Day, Rainfall in inches. Rows: Thurs., Fri., Sat., Sun., Mon., Tues., Wed.
