Taken From Our Exchanges About People of Your Acquaintance

**Elected to Boys' Parliament**  
Beverly Trimble, of Walkerton, has been elected, by acclamation, to the Seventh Ontario Older Boys' Parliament, sessions of which will be held in Toronto December 27 to 31. Last year Milton Ramsey was the member, having won the election from the Chesley candidate. Walkerton and Chesley have the only organized Tuxis Boys' groups in the riding and, as Chesley failed to nominate a candidate this year, Beverly Trimble was awarded the riding by acclamation.—Walkerton Telescope.

#### From the Air

A strange looking can attached to crossed sticks with the remnant of a small balloon dependent thereto was to be seen in the window of Phillips & Bailey for a few days. It was found on Mrs. Devine's farm in Amaranth by Mr. Harry Reid and in the can is an instrument to read the secrets of the upper air. The Meteorological Bureau, Toronto, pays \$2.50 for its safe return after the gas bag bursts and the outfit comes to the ground.—Shelburne Economist.

#### Death of W. H. Heard

Mr. W. H. Heard passed away at his home on the Provincial Highway south of Markdale, on Monday afternoon of last week after an illness of a couple of weeks' duration. His condition was not considered serious until Sunday when he became suddenly worse and gradually sank until the end came. Deceased, who was 62 years of age, was a son of the late Mr. and Mrs. John H. Heard who were among the earliest settlers of Fiesheron. He had resided on his farm where he lived for several years, moving there from Victoria Corners. A widow, three sons and one daughter survive. The funeral took place on Wednesday of last week, interment taking place in Fiesheron cemetery.—Fiesheron Advance.

#### Mulmur Lake Sold

We understand Mr. Robert J. Puckering has sold Mulmur Lake and the lake farm to a Toronto club. Rumor has it that the new proprietors will erect a clubhouse and make other improvements and have the Hydro power extended to the lake and that they have already placed a large supply of speckled trout fingerlings in the lake.—Shelburne Economist.

#### Long Distance Telephoning

The record for long distance telephoning was broken this week at the local office. On Tuesday evening, Miss Beryl Champ, one of the local operators, held a perfect conversation with Red Deer, Alta., a distance of about 2,360 miles. This call was put through about eleven o'clock Tuesday evening.—Listowel Banner.

#### Illegal to Supply Those Under 18

Chief Wilson has drawn our attention to the fact that it is illegal for anyone to supply tobacco to those under eighteen. He believes that many have thought the age to

be sixteen years; this is not the case as the law states clearly that the age is eighteen years. From now on the law will be enforced and anyone supplying tobacco to those under eighteen will be prosecuted.—Palmerston Spectator.

#### Attempted Hold-up in Howick

John Montgomery had an exciting experience on Sunday evening. While driving his brother Telford's car along the 9th concession of Howick at George Mee's farm he was ordered to stop by a man who stood in the middle of the road. John refused to stop and drove the car over three rails which were placed on the road and kept on. Robert Graham reports seeing a man on the road earlier in the evening about the same place. He describes him as tall, middle aged man wearing a gray overcoat and cap and carrying another coat on his arm. The mud pan was torn off the car and the door on the tool compartment in the rear was jolted off its hinges.—Listowel Standard.

#### Grey County Inspectorates

Owing to the resignation of Inspector S. Huff of East Grey it has been suggested that his work might be divided between the other two inspectors, and the expense of having a third inspector might be saved. This would probably be false economy. There are 104 public school sections in East Grey and about the same number in the other inspectorates. An inspector might handle a few more than 100 but with over 150 he would be overburdened from the point of efficiency. Schools and teachers require individual oversight and stimulus if educational progress is to be maintained.—Mount Forest Confederate.

#### Death of Mr. Cornelius Eby

Mr. Cornelius Eby, a pioneer resident of Elmwood, passed over the Divide on Wednesday of last week, Nov. 9, at the age of 88 years. His wife predeceased him January 24, 1921. Mr. Eby was born in Waterloo county on January 10, 1840, and went to Elmwood 57 years ago, where he had resided until his death. The deceased was a true and devoted member of the Mennonite church, a kind and loving father and highly respected by all who came in contact with him. The funeral took place on Friday from the home of his daughter, Mrs. M. Milton, Elmwood. A short but impressive service was held at the home, after which the body was laid to rest. Friends and relatives then proceeded to the Mennonite church where a memorial service was held. The services were in charge of Rev. Mr. Homuth, pastor of the church, assisted by Rev. Mr. Young and Rev. Mr. Meyer. Mr. James Milne of Elmwood rendered a very appropriate solo, "No Night There," accompanied at the organ by Miss L. S. Meuser. The late Mr. Eby leaves a family of five sons and three daughters to mourn his death.—Hanover Post.

## MOVIES

BETRAYED BY BAD MAN GIVEN SECOND CHANCE

"I think you're just naturally yellow, but I'll give you another chance!" Thus speaks Jim Cardigan to Shad Donlin, a half-breed in "The Frontier Trail," and not many days pass before Cardigan has cause to regret the chance he gave Shad to go straight.

"Harry Carey, starring in "The Frontier Trail" at the Veteran Star Theatre Friday and Saturday, November 25 and 26, plays Cardigan, a U. S. Army Scout in the thrilling, stirring days of 1870 in the far West, where Indians fought against the invasion of their wilderness by the white man and his civilization. In support of Carey in this new Pathé picture are Mabel Julienne Scott, Frank Campeau, Aggie Herring, Charles Hill Mailes and other popular players. E. Richard Schayer and Basil Dickey wrote the story and Scott Dunlap directed.

#### FOOTBALL CHAMPIONS IN LATEST TUXEDO COMEDY

The entire football team of the University of Southern California, winners of the Pacific Coast championship, was used in the production of the Educational-Tuxedo Comedy, "The Draw-Back" which will be at the Veterans' Star Theatre Monday and Tuesday, November 28 and 29.

In this two-reel laughmaker, in which Johnny Arthur is featured, will be seen the stars of the Pacific Coast (title-winning eleven). The football scenes were taken on the campus of the university. Kathryn McGuire, a Wampus "Baby Star," Wallace Lupino and Al Thompson are in supporting roles in the comedy.

#### AN "EXCEPTIONAL PHOTOPLAY"

"The Vision" has been voted an "exceptional photoplay" by the Better Films Committee of the National Board of Review of Motion Pictures, and reviewed in the Board's publication "Exceptional Photoplays." "The Vision" deserves attention says this publication, "both as an illustration of a serious attempt to make short pictures of outstanding merit and because it is one of the most successful examples of the new Technicolor process yet produced."

"This picture certainly shows a great advance in the natural reproduction of color on the screen and perhaps foreshadows a much wider use of colors in motion pictures." Showing at the Veterans' Star Theatre Monday and Tuesday nights, November 28 and 29.

The way things have been going this year it wouldn't surprise us a bit to hear of a disastrous flood in the middle of the Sahara.—Nashville Banner.

The real estate firm that refuses to hire flappers and employs none but elderly women deserves to be congratulated upon its ability to distinguish between them.—New York Evening Post.

Still, the older ones thought us rather idiotic when we were the younger generation.

SCENE FROM TUNNEY-DEMPSEY CHAMPIONSHIP BATTLE

From actual photograph taken in the arena at Chicago during the recent famous million dollar contest for the world's heavyweight championship. The original motion picture of this big fight will be shown in the Veteran Star Theatre Durham, Monday and Tuesday, November 28th and 29th.

## Canadian Buyers Profit by Canada's Export Trade

IN the distant reaches of Britain's far-flung empire you will find General Motors cars, built in Canada by Canadian craftsmen, from Canadian materials.

In five years over 110,000 automobiles have been sent overseas by General Motors of Canada to carry the standard of Canadian quality around the world.

This represents a truly important contribution to Canada's export trade.

It represents millions of dollars to be spent in wages to Canadian workmen, in the purchase of Canadian metals, wood, hides and

the countless other materials entering into the manufacture of General Motors cars.

And it represents a greatly augmented production of General Motors of Canada, resulting in lower costs of manufacture, in economies of purchasing, in greater savings of time and labor through greater volume.

Thus, because in India, in Egypt, in Malta, Ceylon or South Africa, someone is buying a General Motors car from Canada, General Motors can offer to you, in Canada, a product of higher quality at a lower price than otherwise possible.
