appearing.-Roads Soon On The few fine days of last we and this may not mean that win is over, but they certainly do timate that the hoary old gent man's grip is slipping and that

only a few weeks more summ

conditions will prevail. The latter part of last week s the first real spring weather far, and with a bright, warm nearly every day, the snow dispeared rapidly. This year the spr thaw has been about the best can remember, the water so getting away with little dama though there is yet enough sn in the Proton swamps to ca plenty of damage if it sho happen to be released too qui

Saturday was cloudy, but wa and about 10 o'clock in the even the rain commenced to fall, la ing all night and until about o'clock Sunday morning. In twelve hours about an inch water fell. Sunday, too, was wa and this Monday the mild weat is still with us, though the it cations are that it is going to I cold again. Rain has been fall intermittently all day and it a good thing that the frost e night keeps the spring floods will bounds.

Monday night the weather too decided change when the ther meter dropped to 13 above z Tuesday morning at 8 o'clock temperature was 14. Accompan by a high wind and sleet in earlier part of the night, the l hydro service was put out of c missoin for a few hours. Town morning a fall of two inches of s was recorded, and as the wind still fairly strong there was a contrast with the weather of previous day.
