DURHAM HIGH SCHOOL OFFICIALLY OPENED

Honor Fell to Charles Ramage, Oldest Member of School Board, at Public Meeting Last Thursday Night—Large Crowd in Attendance.

There was a good attendance at the opening ceremony in connection with the Durham High school last Thursday night, held in the school building, when the new addition was dedicated to the purpose for which it was erected and the public for the first time given the opportunity for inspection. The gathering was everything that could be desired and the inspection of the school after the ceremony and programme was of much interest.

Mr. John Morrison, chairman of the High school Board, was the chairman of the evening, and at the beginning introduced Mr. C. Ramage, to whom, as the oldest member of the Board, had been given the honor of officially opening the new addition. In his remarks, Mr. Ramage went back over the years since he has been at Durham and his various educational activities. He referred to the Public school, after which came the old Model, or Continuation school, and finally our High school. He had taught in Durham in the early nineties and had been connected with the teaching staff or school board in some way ever since he had come to Durham. He had been on the trustee board of some Durham school for the past 31 years continuously. On Mr. Ramage declaring the new building open for the purpose for which it had been constructed, the button was pressed and the building flooded with light. The new part practically doubles the school's capacity, providing the extra class rooms necessary as well as other rooms for teachers, a lunch room, and a fully equipped science room.

The Chairman's Address
Mr. J. Morrison is chairman of the High school Board, as well as being chairman of the meeting. In his remarks he told of the causes which led up to the erection of the new addition to the Durham school, went quite extensively into the (Continued on page 5)

LIQUOR PERMITS ARE CANCELLED

Cancellations Follow Abuses of the Purchase of Liquor and Convictions.

Indications of a campaign to check the abuse of the privilege of purchasing liquor, came Friday in a statement issued by Sir Henry Drayton, chairman of the Ontario Liquor Control Board. Sir Henry announces that 2,973 permits have been cancelled and intimated that other cancellations will follow, if the abuses are not stopped.

"The cancellations," said Sir Henry, "have taken place on the reports of vendors, who have quite properly drawn the board's attention to the fact that the right to purchase has been abused and also as a result of convictions, which have been secured in prosecutions under the act."

A circular has been sent out by the chairman to all permit clerks and vendors, calling to their attention their duty in checking undesirable conditions in the government control system. It also urges that the necessity for further cancellations be minimized by a proper check on the part of store officials aimed at preventing abuses at the outset.

Sir Henry also announced Toronto stores, consideration is being given to the opening of new stores

The record of many famous British regiments is recalled by monument which stands before remains of Fort Erie to the memory of troops who fell during siege of August and September 1814.
