

Corner Concerns

(Our Own Correspondent) The Maplewood Cemetery... Tuesday, was well attended and the interest taken in the work was pleasing to all but more especially to the trustees as it made them feel their efforts to improve the ground were fully appreciated...

Mr. J. Corbett of Mount Forest, as is his custom, was in attendance, putting all monuments and stones in proper condition, an act very much appreciated by all. He also had a little business of his own to attend to as he erected before the crowd gathered a handsome monument of black Scotch granite in memory of the late Joseph Patterson...

An event of much interest takes place at the home of Mr. W. A. Lawrence this Wednesday. The marriage of his eldest daughter, Miss Gertrude, to Mr. Alex. Henderson, while the whole countryside extends best wishes, St. Paul's people surely do, as many a time the bride has cheerfully rendered valuable assistance in their programs by her singing. That life with this handsome, likely young couple may be just as sweet as her singing, is what we sincerely wish.

Mr. and Mrs. William Patterson have just returned from their honeymoon trip and are enjoying many glad wishes. Mr. Patterson started life in Egremont, and Mrs. Patterson lived long enough in the township to win the esteem of all and we now extend best wishes of all our people.

Mr. Fred Matthews, Toronto, visited a few days last week with Mr. and Mrs. Earl Mead. Mr. and Mrs. Joe Lennox and daughter Alice accompanied by Mr. and Mrs. Mead, visited Teeswater friends on Sunday and were accompanied home by Miss Minnie Lennox, who had been over there on a fortnight's visit.

Mr. and Mrs. James Tucker were over to Formosa on Saturday attending a family reunion. Mr. and Mrs. James Hargrave were also in attendance and they all enjoyed the affair very much. Mr. and Mrs. Joe Young attended the marriage of the latter's brother to Miss Kitie Cook last Wednesday.

Calderwood

(Our Own Correspondent) The neighborhood was shocked to hear of the death of Kenneth, youngest son of Mr. and Mrs. Alex. Adair, formerly of this locality in an accident in Owen Sound on Friday. We extend our sympathy to the bereaved parents, brother and sisters.

A miscellaneous shower was given Mrs. Engel, nee Elizabeth Leibold at the home of Theo Schenk on Tuesday evening. The esteem in which Mrs. Engel was held was shown by the many useful and costly gifts. Dancing was indulged in.

Miss Elva Boyd and Jessie Calder, Mount Forest, attended the shower at Theo Schenk's on Tuesday evening. Mrs. Ammerman is visiting her daughter, Mrs. William Shiel. Mr. and Mrs. Thomas McMullen spent a day recently with their daughter, Mrs. Wm. Edwards, Letter Brook.

McWilliams

(Our Own Correspondent) We have been waiting long for the north, east, south, and west winds to blow us some worthwhile news but they have blown in vain until the present.

The weather is gradually warming up and the growth is fairly good for this time of year. Some fields of fall wheat, which looked quite shabby in early spring are picking up wonderfully and looking more promising.

Fruit trees are in full flower and in many cases give evidence of plenty of fruit, despite the many frosts and cool weather. Miss M. McCall, who has spent the past couple of years near Orchard, has returned to her home here.

Messrs. R. J. Lawrence and Ben Whitmore have been the latest to invest in new Fords. As for us, poor soul, we have to be content with Dobbin and the little old fashioned chariot, but we have to thank the generosity of kind neighbors for pulling us around quite frequently.

On Tuesday last while Mr. Henry Eckhardt was returning from town with team and democrat, a strong blast of wind blew his hat off, and while picking it up, the team made a dash for freedom and sallied down the road at an unusual clip until they were captured by Mr. George Hopkins little the worse for their unwanted flight, beyond the rig being badly damaged. Mr. Dolfie Lawrence is making short work of clipping the sheep in this neighborhood. On Tuesday he de-woolled 49 for us in about six hours.

Mrs. G. A. Watson spent the beginning of the week with her mother near Dromore, who is quite seriously ill at present. Rev. Oliver and Mrs. Copeland of Toronto are visiting the latter's mother, Mrs. J. G. Johnston. Mr. Copeland held service in the Orange hall on Sunday night to a crowded house. Miss Millie Whitmore is indisposed at present.

Mr. and Mrs. William Nelson and Miss Marjory spent the week-end with friends at Galt and St. George. Our Main Street is being treated to an application of Solvay Calcium Chloride this week. This is a chemical dust layer and we are hoping to be fairly free from dust on our street this summer.

Holstein Community Circle has entered the South Grey Dramatic contest and on Tuesday evening went to Fleshertown and gave the play "The Obstinate Family". Although other clubs were supposed to be present they failed to appear and the honors go to Holstein. This entitled them to the cup awarded by the South Grey Farm Youth Association.

Misses Lizzie and Mary Morrison of Colingwood visited Mr. and Mrs. Jerry Alford one day recently. Messrs. Alex. and Jack Lawson of Toronto spent a few days with their parents, Mr. and Mrs. Robert Lawson.

Mr. Joe Crutchley spent a few days of the week in Toronto. Mrs. Alex. Symon, son Alex. and Edna, spent Monday with Chesley friends. Mrs. Dougald Clark and children spent a day last week with her sister, Mrs. John McKechnie. Much sympathy is extended to Mrs. James Vessie over the death of her father, Mr. John Gray, who met with a fatal accident while walking to town last Saturday.

Mr. and Mrs. Herbie Dunsmoor and family of Owen Sound visited Sunday with Mr. and Mrs. Malcolm McKechnie. Chronicle Advertising Pays! Try it.

Traverston (Our Own Correspondent) This "Lilac week" and the countryside is odorously intoxicated. Mrs. T. Jackson and son Rob spent the week-end with kindred at Galt. Mrs. Ray McCrae and Miss Lily Moore of Durham are guests the first of the week of Mr. and Mrs. J. R. Edwards. Zionites have much reason to be grateful to Mr. and Mrs. R. T. Cook of Detroit. They are the most generous contributors on the list of supporters.

The following members attended the Pearl family reunion at Caledonia on Saturday—Mr. George E. Pearl and sons Emerson and Rob. Mr. J. Pearl and son Oren, Messrs. H. Beaton and Fred. Cook. They returned home Monday evening. Miss Hannah Smith is quite unwell at present. On Sunday, her brother Will and wife of Erin and her sister, Mrs. William Morrison and her husband and son Harold of Toronto, motored up to visit her. Mr. and Mrs. T. Ivan Edwards of Shelburne and W. H. of Eugenia, gathered at the Edwards homestead on Saturday evening.

Mr. and Mrs. A. D. McAuliffe were guests of Mr. and Mrs. Dan McAuliffe, the first of the week. Mr. A. B. McLellan of town was a visitor at the McArthur homestead one day recently. The union of Miss Katie Cook and Mr. Waudy Baker on Wednesday of last week, as briefly recorded in The Chronicle, was a most happy one. After the ceremony they returned to the bride's home, where the immediate relatives of both parties were gathered and a joyous reception was held, followed by a most bountiful supper, the table being graced by a handsome 3-storied wedding cake. Among the guests from a distance were, Mr. and Mrs. R. T. Cook, of Detroit; Mr. and Mrs. Victor Fairweather and Master Gordon of Toronto, Mr. and Mrs. W. J. McFadden and family of Orange Valley.

The bride looked very sweet in her bridal dress of sand crepe de chene. She has been an active worker in League, Sunday school and church work and is especially gifted at needle work. The groom is owner of a fine 150-acre farm on the 11th concession, so they begin the new life with bright prospects. A large reception was held on Friday evening when about seventy-five invited guests were present and had a merry time. The lady received a splendid array of costly and useful presents and a handsome sum of money as well. They have the best wishes of a very wide circle. Miss Katie Haley returned recently to the parental home after spending the winter months in Toronto.

Mr. George Smith of Shelburne visited for a few days the first of the week with his sister who is very ill at Haywards Falls. Davis and son Basil and daughter Jennie and Miss Gladys Firth spent Tuesday with Mr. and Mrs. H. M. Lawrence of Egremont.

James M. Maltman is relief inspector of the Glasgow, Scotland, parish council. Interest in migration problems affecting the old country has brought him to Canada for the purpose of studying conditions as they have to do with youths who come out under the land settlement act. "There are 8,000 people in our parish receiving relief," he said, "We quite appreciate that migration to Canada is not a solution to our problem, but we do feel that many Scotch lads, after they are handpicked, tested and trained in farm work, make good settlers for Canada. We are most particular as to what type of boy we train and never accept those who have been in a reformatory or are of doubtful character." He brought out with him 30 youths who are already placed on farms in the Dominion.

Varney (Our Own Correspondent) Last Friday evening the sad message came to Mr. McCabe's home of the death of Mr. Kenneth Adair, son of Mr. and Mrs. Alex. Adair of Owen Sound, who was killed in a train accident. The boy was only 16 years of age and is a brother-in-law of Mr. Richard McCabe of Windsor, whose parents live in Varney. Great sympathy is felt for friends and relatives in their time of trouble. Mr. Alf McCabe made a trip to Toronto last week bringing home three sedans and also a new truck.

When Your Neighbor's House Burns— When fire springs up in a neighboring building—is your home safe? Will flying sparks and brands drop on your roof and die out harmlessly—or will they kindle your roof to flames and contribute your home to another dreaded community conflagration?

If there are buildings anywhere near you, and if your home is covered with inflammable roofing, you are not safe from the menace of roof-communicated fire. Your home is recognized by town, city, state and insurance authorities as a fire risk—a danger to you and your family.

But through Asbestos, Johns-Manville offers you safety—a shingle roof which cannot burn—a positive barrier to roof-communicated fire. This shingle roof not only takes a base rate of insurance but should last as long as the building it covers. It enhances the architectural appearance of your home and gives you the cheapest per year service of any roofing obtainable.

An investment in Johns-Manville Asbestos Shingles for your home is both a contribution to civic safety and to individual economy. Your money is returned to you many times over in safety, appearance, long life and remarkably low upkeep. Let us show you samples and give you estimate.

RURAL TRUSTEES MET AT CHATSWORTH Interesting Debate on Proposed Township School Board System. Rev. W. M. Morris of Toronto Spoke on "The Aims of Education".

The village hall, Chatsworth, was filled with interested and enthusiastic listeners on Saturday afternoon, commencing at 2 p.m., when the Rural Trustees Association of Grey County held their annual meeting. Representatives were present from practically all points in the county, as well as prominent educationists from other centres. Besides the gentlemen present, many of whom identify themselves with school affairs as members of the Rural Boards of Trustees, there were a large number of ladies and young people in attendance, demonstrating how keen an interest is taken by rural residents in the education of the youth of their communities and the welfare of the rural educational system. The annual meeting was doubly interesting this year, as it occasioned a carefully prepared programme for the purpose of setting forth the pros and cons of the proposed act to provide for Township boards of Public School Trustees, to replace the present system. A debate on this subject was the feature of the convention, participated in by four very able and well informed debaters. The main address of the convention was delivered by Rev. W. M. Morris, of Toronto, Secretary-Treasurer of the Canadian School Trustees' Association.

The meeting opened with devotional exercises by Rev. W. A. MacWilliam of Chatsworth, and an address of welcome to Chatsworth delivered by Reeve Stephen H. Breeze, who expressed his pleasure in the first meeting of this educational body in Chatsworth and its stimulus to higher things. A brief address was given by the chairman, Mr. Robert Crane, President of the Grey Rural Trustees' Association. A Treasurer's statement was presented, showing a balance on hand of \$80.49. The election of officers for the ensuing year was held. Past President Mr. Carson, occupying the chair. The executive were unanimously returned to office as follows: President, Mr. R. Crane; Vice-President, Mr. Corbett; Secretary-Treasurer, Mr. R. Jolley; Auditors, Messrs. McGillivray and Bishop. The delegate to the C. E. A. Convention in the Spring of 1929, (Continued on page 7.)

GREY COUNTY CROPS IN FINE CONDITION Barring Setbacks Crops of All Kinds Will Be Very Abundant. Fall Wheat Never Looked Better Than at the Present Time. Inquiries made of the Department of Agriculture at Markdale regarding the condition of the crops throughout Grey county elicited the information that they are in excellent shape for so early in the season. Mr. T. Stewart Cooper, and his assistant, Mr. Smith, have been covering the country, pretty thoroughly during the past week or two in assisting the farmers and in giving them advice on many subjects and both are of the opinion that, barring any setbacks, and with the advent of good weather for a few weeks, the crops will be abundant. The cold, frosty nights have had a slightly deterrent effect on the hay growth, but there is no reason for pessimism and the warmer weather, with an occasional rain, will have the desired effect. Everything points to this being an exceptionally good year for fruit in this section, especially fruit such as cherries and plums, which were more or less scarce last year, but it is a little early to make any predictions regarding the apple crop. Fall wheat never looked better than at the present time, and the farmers are just waiting for the crops to benefit by the weather conditions.
