**A LITTLE SONG**  
A little song when things go wrong;  
A little kindness too;  
To keep us gay at work or play—  
How fine for me and you.  
A word of cheer to ease some fear  
That darkens someone's day;  
An effort made to really aid  
A brother on his way;  
A little smile each little while  
To cheer some fellow's life;  
These are the deeds that Mankind  
needs  
Mid worldly care and strife.  
Try then each day, in kindly way—  
To do a deed somehow;  
That man may know, down here below  
A bit of Heaven—now.

**The Reason Why**  
Little Linda's mother was a great  
believer in cleanliness, and she insisted  
on her little daughter washing at least  
three times a day.  
Linda was a good little girl on the  
whole, but to her way of thinking the  
washing habit was being overdone.  
"How you are growing, Linda,  
dear!" remarked a visitor at tea one  
day.  
"Well, what can you expect?" said  
Linda. "Mother waters me all day  
long!"  
An old bachelor says that warm love  
melts fewer feminine hearts than cold  
cash does.—Detroit News.

# CHURCHES

**SWINTON PARK**  
Rev. J. Curry  
Services at 2.30. Everyone invited!  
We should let nothing hinder us  
from attending God's House.  
Look out for announcement later of  
the play to be given by the Young  
People's Guild of Priceville at Swinton  
Park on March 1.

**PRICEVILLE PRESBYTERIAN**  
Rev. J. Curry  
Services next Sabbath at 11 o'clock  
and 7.30 p.m. Sabbath School at 10  
o'clock and Bible Class at the same  
hour.  
Last Sabbath we had fine attend-  
ances at both services, which was very  
encouraging.  
We are arranging for another "Par-  
lour Social" so watch for the an-  
nouncement.

**UNION PRAYER MEETING**  
The ministers of the town met at  
the Queen Street parsonage on last  
Thursday morning and arranged for  
a union prayer meeting among the  
churches of the town, to be held in the  
Baptist church on Tuesday evening,  
the 26th inst. The meeting will be in  
charge of Rev. W. Spencer, Rev. Mr.  
Fiddes is to deliver the address, and  
the other ministers of the town will be  
present and also take part in the devo-  
tion.  
It is also planned to have union ser-  
vices on Good Friday, the 29th March.

**GLENELG MISSION CIRCLE**  
The Mission Circle of Glenelg Cen-  
tre church met on Wednesday, Febru-  
ary 13, in the home of Mrs. Henry  
Beaton. Mrs. Archie Beaton, presi-  
dent, presided. Mrs. James Brown took  
the Bible reading and Mrs. H. Beaton  
had a very interesting paper on the  
topic chosen for the day. Mrs. J. P.  
McGillivray and Miss Annabelle Mc-  
Arthur each gave a reading. An open  
board letter on mission work was read  
by Miss Winnie Binnie. Mrs. J. Brown  
sang a solo. Tea was served by the  
hostess and a pleasant social hour  
spent by all present.

**W. M. S. DAY OF PRAYER**  
The World Day of Prayer of the  
Woman's Missionary Society was ob-  
served on Thursday afternoon of last  
week in Queen Street church when the  
ladies of the different churches united  
with women throughout the Dominion  
in prayer to promote oneness of pur-  
pose, in service, in intercession and  
consecration for bringing in the King-  
dom of God.  
Mrs. Groves presided at the meeting,  
which was largely attended. The  
hymns used were: "Crown Him With  
Many Crowns," "Soldiers of Christ Ar-  
rise" and "Dear Lord and Father of  
Mankind." Mrs. Thompson read the  
scripture lesson from Philippians 2:  
1-15. Mrs. Groves gave a short talk on

the value of prayer.  
Some quotations from the Interna-  
tional Missionary Council which met  
in Jerusalem in March were read.  
Many ladies from each of the  
churches offered prayer for the dif-  
ferent phases of the work.  
A very fine solo was given by Mrs.  
Knechtel, accompanied by Mrs. Glas.  
There was a general feeling that the  
meeting was a decided help to local  
organizations and that in meeting to-  
gether for a world purpose a new im-  
petus was given to more consecrated  
service.

**QUEEN STREET MISSION CIRCLE**  
The Young Ladies' Mission Circle  
from Queen Street United Church  
were entertained at the home of Miss  
Norma Gagnon, Thursday evening,  
February 14. The president, Mrs.  
Padfield occupied the chair. The  
meeting opened with hymn 284 "I  
am Thine, O Lord," which was fol-  
lowed by the Lord's prayer repeated  
in unison. The Secretary, Miss Mary  
Metcalfe, read the minutes of the pre-  
vious meeting, which were adopted,  
the roll call followed.  
It was decided to hold the annual  
St. Patrick's banquet on March 15th,  
in the schoolroom of the church. Sev-  
eral committees were chosen to take  
care of this and a very happy evening  
is expected.

The devotional reading was given  
by Miss Effie Hutton. Mrs. Fiddes  
led in prayer. The new study book  
"Flashes of Color" was introduced by  
Miss Clara McCrae. The opening  
chapter being "The White Man in the  
World". The Circle feels that Miss  
McCrae deserves much credit for the  
capable way in which she gave this  
chapter.

After hymn 221 was sung, Miss Mar-  
garet Anderson from Edge Hill gave a  
very interesting talk on her teaching  
career in Shabaqua, which is situated  
fifty-two miles west of Fort William  
on the Canadian Pacific line. The  
people of this village are foreigners:  
German, Finnish, Swedes, etc. Many  
interesting and instructive stories were  
related of their mode of living and  
their lack of religion. Sad to say,  
they do not desire any missionary  
help whatever, but Miss Anderson was  
glad to say that she had succeeded in  
establishing a Sunday school and in  
teaching the school children to sing  
several hymns. It is deplorable that  
even in Ontario there should be such  
a lack of religion.

Mrs. Fiddes made a few remarks,  
thanking the speakers of the evening  
for their help and instruction given.  
The meeting closed by hymn 94  
being sung and repeating the mizpah  
in unison.  
Refreshments were served and a  
social time was spent.

### THE ACCIDENT THAT GAVE US WOOD PULP

Gottfried Keller was a German  
paper maker and amateur scientist.  
One fall day in 1840 while wandering  
through the Hartz mountains, he ac-  
cidentally stepped on a wasp's nest.  
Picking it up, he was struck by its  
softness and flexibility. It was some-  
what similar to the paper that he  
manufactured and yet it was not  
paper.

He was certain, after examining it,  
that the nest was made of wood pulp.  
Keller, intrigued by the possibili-  
ties of using wood pulp, carried his  
problem to his friend, Heinrich Voel-  
ter. Together they started their ex-  
periments. As the fibres of the nest  
were evidently spruce wood, they ob-  
tained pieces of the wood and ground  
it on an ordinary grindstone, using  
hot water as a softener. Adding a  
small content of rag pulp, they finish-  
ed manufacture in the usual way.  
They had made a very good sheet of  
paper—not as good as rag paper to be  
sure, for the impurities in the wood  
remained, but a piece of paper which  
appeared strong and durable and had  
an amazing capacity to absorb ink.

Some seventeen years later Albrecht  
and Rudolph Pagenstecher, exporting  
oil, were informed by their cousin new-  
ly arrived from Germany, that Ger-  
many was printing its newspapers on  
wood. So interested were they in the  
new paper that the two brothers went  
to Germany and returned with two  
crude grinding machines and the Am-  
erican rights.

With an outlay of eleven thousand  
dollars they built their first factory  
near what is now known as Interlaken,  
Mass., and on March 5, 1867, the first  
paper ever made in America from  
wood pulp was completed.

The importance of the use of wood  
pulp was not realized for some time.  
Its growth, while rapid, was not start-  
ling. In a book published in 1882,  
this statement appears: "The manu-  
facture of paper from wood reduced to  
a pulp has not been so rapid or ex-  
tended so widely as that from straw,  
but excellent results have been ob-  
tained and a large quantity of such  
pulp is annually used."

She was married to a man whose  
devotion had never failed, and who  
never lost his self-control. Unfor-  
tunately, she had a temper like gum-  
powder.

"Tell me, dear," he said, after an  
outburst on her part, "how was it that  
I never discovered this unfortunate  
weakness of yours during our court-  
ship? How did you restrain yourself?"  
Sobbing bitterly, she laid her fair  
head on his sturdy shoulder. "I used  
to go upstairs," she gasped, "and bite  
pieces out of the oak b-b-bedstead."

## Clothing As An Investment

Did you ever stop to  
think that buying a  
suit is like an invest-  
ment?

Inferior clothes are an  
expense—but Dresswell  
Smart Hand Tailored to  
Measure clothes bring re-  
turns to the investor—not  
directly in dollars, but in  
something that money does  
not buy:

- Comfort and service.
- Feeling of being well dressed.
- Economy—in length of real service.
- Clothes satisfaction.

We cater to men who buy  
clothes with those "Profits"  
in mind.

Such men look into the  
quality of clothes before  
making the purchase, and  
naturally turn to the news-  
paper for investigation as  
well as to the man who  
sells them.
