## Is "Mortgaged to the Hilt" Good Business?

Of course it's not, and that is why all the new money needed for expansion of the telephone system cannot be raised by bond issues.

Part of the money will come from bond issues — a new issue has just been announced — but a large part must continue to come from new issues of stock.

If a handicap is placed on telephone expansion the only ultimate sufferers will be those who use, or want, telephones in Ontario and Quebec.

By 1934 Ontario and Quebec will need a million telephones. They cannot be provided without new money to extend the system.
