## Automatic Incubators and Brooders

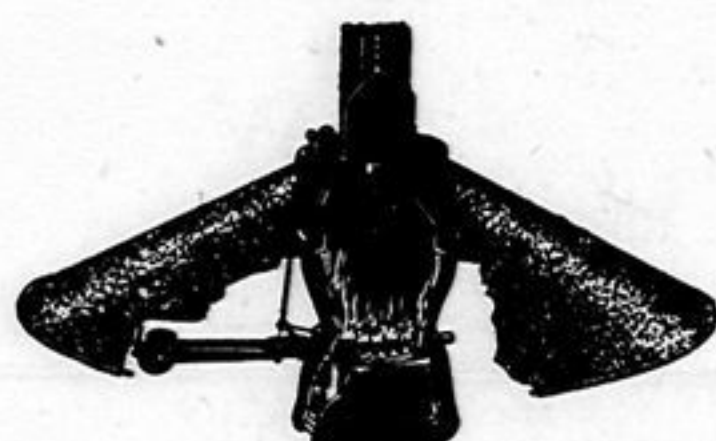

Insure Bigger Hatches, Better Chicks and Larger Profits.

The Automatic incubator has exclusive patented features that cannot be obtained in any other machine and that positively insure bigger hatches, better chicks and larger profit.

THE AUTOMATIC REVOLVING CHUTE construction prevents overheating and underheating and produces largest possible hatches with labor, risk and cost reduced to a minimum.

The Automatic Coal Burning Brooder is self regulating. A uniform temperature is maintained under the hover regardless of weather conditions. Fire is retained in the stove, and will not go out as long as there is any coal to burn. This prevents the brooder house from chilling and keeps the room warm for many feet outside the hover.

**Traverston**  
(Our Own Correspondent)  
Last Wednesday night's storm was the fiercest felt here in many years. Clarence and Velma McNally's names were added to No. 5's attendance column on Monday. The number is increasing.  
Mrs. J. R. Edwards and Master Raymond are spending this week with her sister, Mrs. Ray McCrae, in Palmerston.  
Mr. Herb Allen is gradually getting relief from the severe pain in that bruised and jammed leg. Ralph Staples is attending to his sock.  
Mr. Will Timmins was "under the weather" for a few days at the close of the week, but with the return of milder weather, he is regaining old vigor.  
Mrs. Clifford Cook returned home on Monday evening after spending a week at the parental home near Chesley.  
Large quantities of commercial fertilizers are being lugged home these days hence Grey County will be reaping an abundant harvest this season.  
Owing to blocked roads and the dislike of Zionites to face a storm, there was no service in Zion on Sunday.  
The young folk are practicing twice a week on that "play" and praying to heaven they may never get it up.  
The sympathy of this community goes out to Mr. Robert Webber and his sons in the loss of Mrs. Webber and to Mrs. Davis, the aged mother, and the brothers and sisters. Nellie was born and grew to womanhood on the adjoining farm to your scribe, was always bright and sunny and lovable, clever in home making and very skillful with needle and scissors. All regret her early passing and will miss her genial presence and kindness.

**Corner Concerns**  
(Our Own Correspondent)  
Last Thursday's storm will be long remembered and some experiences through it will sometimes be recalled. Some of Egremont's citizens can well understand the people out in the Prairie Provinces get lost during a storm.  
A real social time was spent last Friday night in the home of Mr. Arthur Lawrence by the Community Club augmented by a number of neighbors.  
Born—To Mr. and Mrs. Earl Mead, in the Red Cross Hospital, on Tuesday March 5th, a son, a little more than a day and passed over to the spirit world. The mother is doing well.  
The Varney church people are feeling sorry for the loss of their pastor, Rev. C. A. Jay, who has accepted a call to a parish in the vicinity of Hamilton.  
The Egremont Council are going to make a decided effort to stop the loss of sheep by dogs which amounted to between ten and eleven hundred dollars last year. Restrictions will be put on before grass grows and it will pay dog owners to take notice.  
The sympathy of all in this part goes to Mrs. Mary Mathews on the death a week ago of her sister, Miss Minnie Schenk.

**Dornoch**  
(Our Own Correspondent)  
Storm has been the order of the day but we are looking for spring just around the corner.  
Mrs. Wm. Smith left on Saturday for Trenton to visit her daughter, Mrs. Wilfred Brown.  
We are sorry to report the misfortune of Mrs. Jas. Robertson, who had her wrist broken recently by a fall on the ice.  
Miss Reta Willis of Durham spent the week-end with her friend, Miss Marguerite Corlett.  
Mr. John Johnson who has spent the winter months with his uncle, Mr. Robert Corlett left for Paisley this week where he will spend a week with his sister before returning to Western Canada.  
Mr. Howard Smith went to Toronto last week. Wonder what is the attraction.  
Mr. and Mrs. A. Livingstone and Mrs. Livingstone Sr. visited recently with the Morrison family.  
Congratulations to Mr. and Mrs. John Vasey on the arrival of their sixth baby boy last week.

**Varney**  
(Our Own Correspondent)  
Several members of the Board of Varney United church were in Holstein Monday dealing with the resignation of Rev. C. A. Jay who has accepted a charge near Hamilton. We are sorry to lose this excellent pastor.  
Assessor James Lynett of Normanby was in this locality making his annual round last week.  
Mr. Henry Baker of Hanover has been engaged by Mr. William Bogle for the summer months.  
The play, "Cranberry Corners" is being put on in the church here on Friday of next week by the members of the Durham A. O. U. S. Class.  
Quite a number from here attended the crokinole party in Knox church, Durham, on Tuesday evening.  
Mr. James Leeson spent over the week-end at Strathroy.  
Miss Merle Morice is home from Owen Sound visiting her parents, Mr. and Mrs. John Morice, and recuperating from an attack of the influenza.  
A rumor persisted around here for some time that Rev. W. J. Burnett, formerly of Dromore, but now of Saskatoon, has not been enjoying good health. This was dispelled last week when a letter from Mr. Burnett stated that they were both well.

**Dromore**  
(Our Own Correspondent)  
The Women's Institute held their regular monthly meeting at the home of Mrs. Finlay Clark on Wednesday afternoon, March 6th, with thirty of the ladies present. This was the Irish meeting of the year and an Irish program was given, opening with the singing of "Where the River Shannon Flows". Each member responded to the roll call with an Irish joke. Mrs. John Renton, the only member born in Ireland, read a paper on a trip through Ireland which was very interesting and humorous. Mrs. R. Wilson read a paper on Irish literature, which had been prepared by Mrs. James Allan, who was unable to be present. Mrs. F. Hopkins and Mrs. S. Williams sang "Come Back to Erin". Mrs. Alex. Milne gave an Irish reading "Jimmie Butler and the owl".  
The program was closed with an Irish contest after which a very fine tea was served by the hostess, Mrs. Clark.  
The next meeting is to be the English meeting and will be at the manse. Mr. Alex. Milne made a business vis-

it to Toronto last week and Gordon Leith looked after his work while he was away.  
The choir held a practice at the home of Mrs. S. Williams on Wednesday evening and had some trouble in getting home through the severe storm that came so suddenly.  
Mr. and Mrs. Alex. Milne entertained their neighbors on Monday night and everybody seemed to enjoy their entertainment very much.  
Mr. Murray Small came home from Toronto on Monday.  
The choir will hold a social evening in the basement of the church on Friday evening and hope to entertain all their friends there.

**Calderwood**  
(Our Own Correspondent)  
We witnessed one of the coldest and severest storms of the season last Thursday. Considerable damage was done by the wind.  
Miss Justina Leibolt is holidaying in Kitchener.  
Mr. Chester Darroch, Harriston, is moving these days to the farm lately occupied by Mr. Albert Ammerman but now owned by Mr. Darroch. We will be very pleased to welcome Mr. and Mrs. Darroch to our neighborhood.  
Mr. Addison Fischer and sister, Ayton, recently visited at Mr. John Leibolt's.  
Mrs. Annie Henry has rented her farm to Mr. Allan Holliday.  
Miss Laura Hillgartner returned to her home in Ayton last Tuesday after spending some time with Mrs. Jack Heany.  
We are very glad to know that Mrs. Harrington is somewhat improved after her long illness.

**Holstein**  
(Our Own Correspondent)  
Miss Mabel Orchard, teacher at Orchard spent the week-end with her uncle and aunt, Mr. and Mrs. John Stevenson.  
Mrs. N. McLaughlin of Hamilton is visiting her parents, Mr. and Mrs. C. Drumm.  
Several of our village boys went to Durham on Monday evening to see the Walkerton-Durham hockey match. Mr. and Mrs. Wm. Brown received word on Monday that their son-in-law, Mr. Alex. Morrison of Toronto was very seriously ill.  
Miss E. Mather, R.N., who has been attending Mr. A. Tuck was called home on Saturday on account of the illness of her brother, Mr. James Mather.  
Mrs. William Gardiner of Mount Forest is staying with Mr. and Mrs. A. Tuck at present. We are sorry to report Mr. Tuck is still very seriously ill.  
Mrs. Thomas Brown and Mrs. John Clarke of Durham visited their sister Mrs. Wm. Brown one day last week.  
Mrs. and Mr. James Bryce from near Hopeville moved into the village last week. Mr. Bryce has engaged to work for Mr. R. Irvin on the farm.  
The regular monthly meeting of the Women's Institute will meet at the home of Mrs. Robert Sim on Thursday March 21. Roll call, Irish jokes. All ladies cordially welcome.  
Mr. D. P. Coleridge received word recently of the death of his aunt, Mrs. E. R. Manning of near Brisbane, Queensland, Australia. Mrs. Manning visited her relatives around here some years ago.  
Mr. Clarence Fenton is in Windsor this week attending the annual meeting of the Western Ontario Division of the Orange Grand Lodge.  
Rev. Mr. Jay has received a unanimous invitation to become pastor of Bartonville United church in East Hamilton. He has accepted the call but will not leave until the end of June. The congregation at Holstein regret very much to part with Mr. and Mrs. Jay, who have endeared themselves to the people here.

Some of our readers could scarcely believe the account of a snake being seen on the road south of the village which we reported a short time ago. Well, here is another. A week ago Sunday Mr. Louis Woodyard killed a live snake about 18 or 20 inches long in their yard, not more than five feet from the house. The snake was on the hard crust of the snow not far from a fence post from which the snow had drifted away. Louis thinks the snake had made its den for the winter down around the post and as there is not much frost in the ground it was able to move out of its winter quarters. A number of ground hogs have been seen lately by people in the surrounding country and several robins also, so surely Spring will come early or else some of our wild life will be disappointed as well as we human beings.  
Born—On Thursday, March 7, 1929, to Mr. and Mrs. John McGillivray, of the 14th concession of Egremont, a daughter.  
Born—On Sunday, March 10th, 1929, to Mr. and Mrs. Ezra Wetulauffer, of the 14th concession of Normanby, a daughter.

## Hydro Forces Won First Bruce

Southampton Carried Hydro in day's Voting and Work Has Began Toward Installation System.

The fight in Bruce County placing of Ontario Hydro in Southampton was a victory for the forces, though the majority of close enough to make it and if the Foshay interests, the ownership company from Minn. can change sufficient votes, it threatened coming protest, yet be a fight over the result.

The whole campaign has been of hard feeling, if some is the daily press reports, and in instance a prominent church of the town had threatened to draw his support from the church pastor, who was a Hydro man, was granted the privilege of the church property. The church officials, not to be bluffed, had the pastor's name placed on the list, later report states that the rather than cause any friction decided not to cast his vote. Whether or not this action can be tampering with a section of the Municipal Act be decided by the courts.

The action of Southampton reporting the bylaw is to be considered and will no doubt have a effect on the municipalities yet to vote on the question. The Chronicle thinks that the has taken the only sane course while the workings of the Hydro a most be clear to them, a most intricate system of account we have yet to find one in which the system has failed fairly with any municipality, everything human, the Ontario has its ball-ups, and occasional of its lesser officials develop storms, but the big thing is has since its inception given hydro at cost and hydro royalties certainly have a distinct advantage over those with private owned systems, which of necessity operated for a profit.

We congratulate Southampton its good sense and would ask it to itself to pay too much attention to the Ontario Hydro, and professes to know that the private interests are more interested in the municipalities than themselves. Hydro in Ontario is a bad thing, together with municipalities for cheap power they should be able to look themselves without any outside. The private interests had the test to themselves for a long time, not be awake of night thinking schemes on how to save their rons money. The advent of the naturally has stirred them up now they would like to regain ground they have lost.

Our advice to Ontario municipalities is to stick to the Hydro. It is and if it is not being run right can find a way to correct it. Power belongs to the men who own and the public is not considered any other angle than that of much can we get out of it? Do not blame the private interests, have every respect for them. We even human enough to admit were we placed in a similar position we would do just as they are. It is a straight business proposition with them, perfectly legal, and justifiable.

## GRADING STATION OPEN FOR BUSINESS

Located in Middaugh House Farmers of Surrounding District Assured of Full Returns for Investment.

The Durham egg-grading commenced operations yesterday (Wednesday) morning with Westmoreland of the Dominion Department of Agriculture in place to answer enquiries and advice to the farmers who produce eggs.

After the station has been a short time the work of general supervision to the grading taken over by the regular inspectors appointed by the Department. Inspection of eggs is not confined to Durham, but is carried on in the Dominion with the result that the manager of the Egg Grading never knows when or where an egg may be picked up and gone to the Egg Inspector. A shipment is inspected for example on the walk in unexpecting and inspectors as they were received and in Durham.

No partiality is shown by inspectors and the same regulations apply in the case of egg grading stations which fails to comply with the regulations as apply to other in eggs. The full responsibility of strict compliance with the regulations upon the manager.  
Apart from the accuracy of grading, the Department has interest in any of the numerous grading stations, throughout the try. Any financial obligation met locally, the station is operated on a no-profit basis, and the men's duty ends with its honest attempt to see that accurate grading is done and the prosecution, if any, of all egg grading stations, in other words, the Department concerns itself in the effort to fair play and adequate money turns for the producer.

**FIREMEN HAD RUN**  
The local fire brigade had a Friday at 12:45 a.m. when a fire was sent in from the West. A neighbor thought he saw something from the residence of Mr. Fine on Garafra street and the alarm that sent the firemen to the scene. Luckily the fire was premature, there being no fire, and it was no for a while that the proprietor learned that the residence had been the center of attention.

Cop—"You're pinched for Copped—"What's the idea n't that sign say "fine for
