## Full Houses Heard Rev. Dr. Drummond

Noted Hamilton Divine Delighted the Presbyterian Congregations Sunday Morning and Evening With His Eloquent Discourses .- Annual Supper and Entertainment Held Monday.

Two full houses attended the morning and evening services in the Presbyterian church here last Sunday, the occasion being the anniversary services of this congregation. At the evening service the church was scarcely large enough to accommodate the crowd, the largest in attendance at any service since the opening of the new church building a couple of years ago.

Rev. Dr. Drummond of St. Paul's Presbyterian church, Hamilton, was the special speaker, and to say that he delighted his congregations with his eloquent sermons at both services is but expressing it very mildly, indeed. At the morning service he took his text from the words, "Let this mind be in you, which was also in Christ Jesus." For his evening text he chose that passage from the Gospel of St Matthew, "He saved others; himself he could not save." Both discourses were well thought out sermons and were listened to with much interest by his Crossing Protection

Special music by the choir under the leadership of Mrs. J. H. Harding enhanced both services, the choir acquitting themselves most creditably. At the morning service the anthem, Board of Railway Commissioners the day to bed with you at night and "Love Divine All Love Excelling", was sung, the duet obligato being taken by Mrs. A. W. H. Lauder and Miss J. M. Weir. Lorenz's "O For a Thousand Tongues to Sing" was given by a full choir. Mrs. T. M. McFadden sang in of the residents on lower Garafraxa The need of oxygen and oxygen foods solo. "O Lord Correct Me".

Over forty ladies of the Women's Institute met at the home of Miss A Weir on Wednesday afternoon. The new president, Miss Margaret McGirr was in the chair, and after the business was dealt with, called on the speaker, Mrs. M. E. Lowe, R.N., of Toronto to address the ladies. From her list of subjects she spoke on "Foods

Discouragement Is a Disease". Mrs. Lowe eulogised the work of the Women's Institute at home and abroad. This year in conjunction with other societies the Women's Institute are endeavoring to do all that is possible for crippled children. She said not to think anything incurable till a capable surgeon was consulted. The Institute was helping finance such cases when
