BENEDICTS WIN IN HOLSTEIN BY 24-16
Lumpy Field, Many Fumbles and Wild Playing All Contribute to Big Score.—Each Team Had One Big Inning.

The first game played in Holstein this season resulted in a win for the visiting Benedict's to the tune of 24-16, but the score does not indicate heavy hitting, nor poor pitching; there being only three triples and the same number of two-base hits and only five passes issued by the two pitchers. The main reason for the big scores were errors, fumbles, and wild pitches when they meant runs scored. As may be seen by the box score the errors were fairly evenly divided between the two teams the Benedict's having 13 and Holstein 14.

The Benedict's had their big inning in the first half of the sixth when eleven runners crossed the plate and they collected eight of their eleven hits. Holstein's big effort was in the last of the third when they brought in seven runs and five of their nine hits.

Bachelors Win
Summary: Three base hits—Pender, Kress, Duff; two-base hits—Kress 2, Irwin; struck-out—by Aljoe 1, (Duff); by Irwin 1 (Sparling); bases on balls—off Aljoe 2 (Brown, McDougall), off Irwin 3 (Hugill, Wilson, McBeth); left on bases—Benedict's 5, Holstein 6. Umpires—G. Fenton and P. Ramage.

Bachelors Win
Summary: Home runs—C. McGirr, L. Westlake; three base hits—C. McGirr 2, Elvidge, Glenholme; two-base hits—Schutz, Glenholme, A. Westlake; bases on balls, off McGirr 2 (Matthews 2) off Havens 2 (Matthews, Kress) off Westlake 4 (Elvidge 2, Havens, C. McKechnie); left on bases—L. O. O. F. 7, Bachelors 4. Umpires—McIlraith, Duffield.

The teams now stand as follows:
 High School..... 2 0 1000
 Bachelors..... 2 0 1000
 Benedict's..... 1 1 500
 I. O. O. F..... 0 2 000
 Holstein..... 0 2 000

The next game will be the High School at the Benedict's on Friday night at the High School grounds. The games start at 7 o'clock sharp and this should be a real battle. Give the boys your support by turning out to see them play.

Excavating on Highway
 The Walkerton-Mildmay highway, now closed to traffic, is one of the busy stretches in the district. Excavation has commenced at the Walkerton end, reducing the grade opposite the home of Mrs. Saunders, as well as other places, in preparation for the new pavement.—Walkerton Telescope.

Sells Flesherton Practice
 Dr. E. C. Murray, who has practiced dentistry here for the past thirty years, has disposed of his practice to Dr. W. D. Bryce, of London, Ontario, who takes possession this week. Dr. Bryce comes very highly recommended and we welcome him to Flesherton. Some necessary changes will be made in the office.—Flesherton Advance.

Deer Enters Town Limits
 While working in his garden on the outskirts of Fergus last Thursday evening, Mr. Jared Wesh got quite a surprise. Hearing a dog bark, he looked up and saw a deer coming gracefully along and in a single leap clearing the fences in its pathway. Some distance behind was a black and tan colored hound dogging its footsteps. So close were they to Mr. Wesh that he threw several stones at the hound in an endeavor to get it to desist but failed. The deer was soon out of sight.—Fergus News-Record.

Large Trout in Grand
 Two years ago, the second largest trout caught in Ontario was taken from the Grand River. It appears this was by no means an exception and there are other big trout in the river. A report in Tuesday's daily, states that Win. Felker of Guelph caught a trout in the Grand River, just above Fergus, on Saturday. It measured 18 1/2 inches in length and weighed 2 pounds, 6 1/2 ounces—truly a splendid trout, though hardly equalling that caught two years ago. It would seem that although trout are scarce in the river here, those which remain are old and large.—Fergus News-Record.

Coffer Dam Completed by Next Week
 By the end of this week the coffer dam at the local works of the W. B. Foshay Company, will be completed. The next step will be the impounding of water in the race, which is dry. Outlets in the sluice gates will be closed and the water raised to normal levels.

Machinery in the power house has been re-inspected and overhauled and new equipment installed while the gang of men have been engaged on the work at the temporary dam. Next week Walkerton, Mildmay and Formosa will be served again with power from this station north of Southampton, since the flood, early in April.—Walkerton Telescope.

Diamond Anniversary of Walkertonites
 Mr. and Mrs. Charles A. Fox, one of Walkerton's most highly esteemed couples, celebrated their 60th wedding anniversary on Saturday and Sunday. Congratulations came from friends at a distance, as well as from many in the district. They were married in Kitchener on May 25, 1869. Since the early seventies Mr. Fox has been well known in Western Ontario as a jeweller and optician. His father, the late August Fox of Kitchener, followed that calling, and Norman Fox, son of the bride and groom of sixty years ago, has succeeded his father in the business at Walkerton. Before coming to Bruce, Mr. Fox was a jeweller and watchmaker at Galt for a time.—Hanover Post.

Here I Am!

Now It's Up To You.

I am a baby chick just out of the egg. Nature has filled my little bread basket with enough food to last 72 hours. Then it's up to you.

If you feed me a dirty mash or table scraps, I'll probably die.

But if you start me on Purina Chick Startena and feed me according to the Purina Plan, the chances are nine to one that I'll grow up and make you money.

Don't feed me anything for 72 hours. Then start me on Purina Chick Startena, the dependable starting mash containing buttermilk and cod liver oil.

In Building Your Home it Costs No More to Stop Fire

By specifying Gyproc Wallboard you assure walls and ceilings that are efficient fire barriers—yet the cost is no more, and often less than with materials that give no fire protection whatever.

GYPROC
 Fireproof Wallboard
 For Sale By
 Cross & Sutherland Hardware Co.,

WHAT CHANCE AGAINST FIRE HAS A ROOF LIKE THIS?

Old roofs like this are rapidly becoming things of the past. Fireproof, permanent, Rib Roll roofs mean lower insurance rates, banish upkeep trouble and give your building an attractive, up-to-date appearance.

MODERN BUILDING—for permanence, low-upkeep and appearance—sounds the death-knell of wooden roofs. The dangers of fire to the building itself, to other buildings and to human life is rapidly being banished by metal roofs of high quality.

RE-ROOF WITH RIB ROLL

The appearance of this roofing alone has sold thousands. Whenever a roof of this material is laid in any district, it immediately secures a preference, and others who are roofing any kind of building, whether it be barn, house, garage, shed or warehouse insist on Rib Roll. It is made to famous "Council Standard" specifications.

EASY TO LAY ON NEW ROOFS OR OVER OLD ROOFS

The cost of laying Rib Roll is lower than that of nearly all other types of roofing. Any man who is handy with a hammer can put it on. Its handsome appearance adds many dollars to the value of your property. Send ridge and rafter measurements of roof or roofs in question, for free estimate of cost.

A "close-up" of Rib-Roll and the Preston Led-Hed Nail. Note the tight fitting, overlapping weather-proof joint. It is invisible from even a short distance away. Illustration shows the neat pattern which has been widely but unsuccessfully copied.

PRESTON LED-HED NAILS
 The new nail with the lead on the head. No more "threading". Can be handled even with rains on. The lead on the head positively seals the nail-hole—makes it weather proof, water-tight. Only 22¢ per lb. Free samples on request.
