Majestic
ELECTRIC RADIO

THEY said it couldn't be done, but Majestic engineers tackled the job and did it!

Power Detection with the new .45 Tubes, developed to its highest form in Majestic Electric Radio Sets, has eliminated all trace of A.C. hum or oscillation at any wave length. Gone are squeals, whistles, and other background noises that detract from radio reception. You only hear the marvellous reproduction of speech and music . . . rich, undistorted, true to life!

The 1930 HUMLESS Majestic Model 91 is housed in an Early English cabinet of American Walnut with instrument panel overlaid with Australian Lacwood. Improved Super-Dynamic Speaker. Escutcheon plate and knobs finished in genuine silver.

The 1930 HUMLESS Majestic Model 92 is a Jacobean period design in American Walnut. Doors of matched but walnut with overlays on doors and interior panel of Australian Lacwood. Improved Super-Dynamic Speaker; hardware finished in genuine silver.

At last HUMLESS electric radio! If you have been waiting for such a set, you need not wait any longer—Majestic is IT!
