Fire Destroyed Greenock Barn

On the farm, Durham Road West, on the 3rd concession of Greenock, which has been in the hands of the Halliday family for over 60 years, Mr. John Halliday was a heavy loser, Sunday night, when his barn and contents were completely destroyed by fire.

The origin of the blaze is uncertain. His eldest son, Allen, was awakened by

passing motorists after the fire had gained such headway that nothing could be done to impede its progress. The fact that a bag containing four hens was found in the lane near the dwelling naturally gave rise to the supposition that the chicken thieves may have been responsible for the disaster.

Mr. and Mrs. Halliday, leaving Allen, their two younger sons and three daughters at home, motored to Dundalk to spend a day or so with relatives. They returned on Monday.—Walkerton Telescope.
