Nearby Churches Held Special Services

Holstein Presbyterian and Glenelg Centre Baptist Congregations Held Anniversary Services on Sunday, Which Were Well Attended.—Good Programmes Given at Following Entertainments.

The annual anniversary services of the Holstein Presbyterian church were held on Sunday last, good congregations being present at morning and evening sessions. The special preacher for the day was the Rev. John Elder, B.A., of Milverton, and special music by the choir was a most pleasing feature.

The theme in the morning was entitled "Fellowship with God" taken from the text "But thou when thou prayest enter into thy secret place and when thou hast shut thy door pray to thy Father which is in secret and thy Father which seeth in secret shall reward thee openly" Matthew 6: 6.

Christ reveals in the words of the text the secret of life's happiness. The person who has learned to have fellowship with God has learned a most important lesson of life. The great ideal of Christian manhood is Christ. We wonder how He faced the world of sinning and suffering humanity with such fortitude and optimism but the secret of it was his fellowship with the Father. Fellowship with God will reveal to us our true character giving us an accurate estimate of ourselves and thereby showing the need of character building. The servant of God will find that the source of courage, strength and faith is fellowship with God. "They that wait upon the Lord shall renew their strength."

In the evening Mr. Elder made a special appeal to the youth of the congregation challenging them to dedicate their lives to God, taking for his subject "Go through, go through the Gates" his text being Isaiah 62: 10. The speaker at some length depicted Babylon as the metropolis of the ancient world and Jerusalem as the golden city of God, the former representing the world, and the latter representing the Kingdom of God. God calls us to leave the world and enter through the beautiful gates of faith, surrender and service into the kingdom of his dear Son.

On Tuesday evening the annual fowl supper was served in the church basement, when the ladies of the congregation put up one of the best meals in their career. Roast fowl with dressing, an apparently undiminished supply of cakes, pies, and other delectables, and a big crowd assured the success of this annual event. Even threatening weather late in the afternoon and a downpour of rain about 7 o'clock didn't stop the crowd, and it was 8.30 before the last table was served.

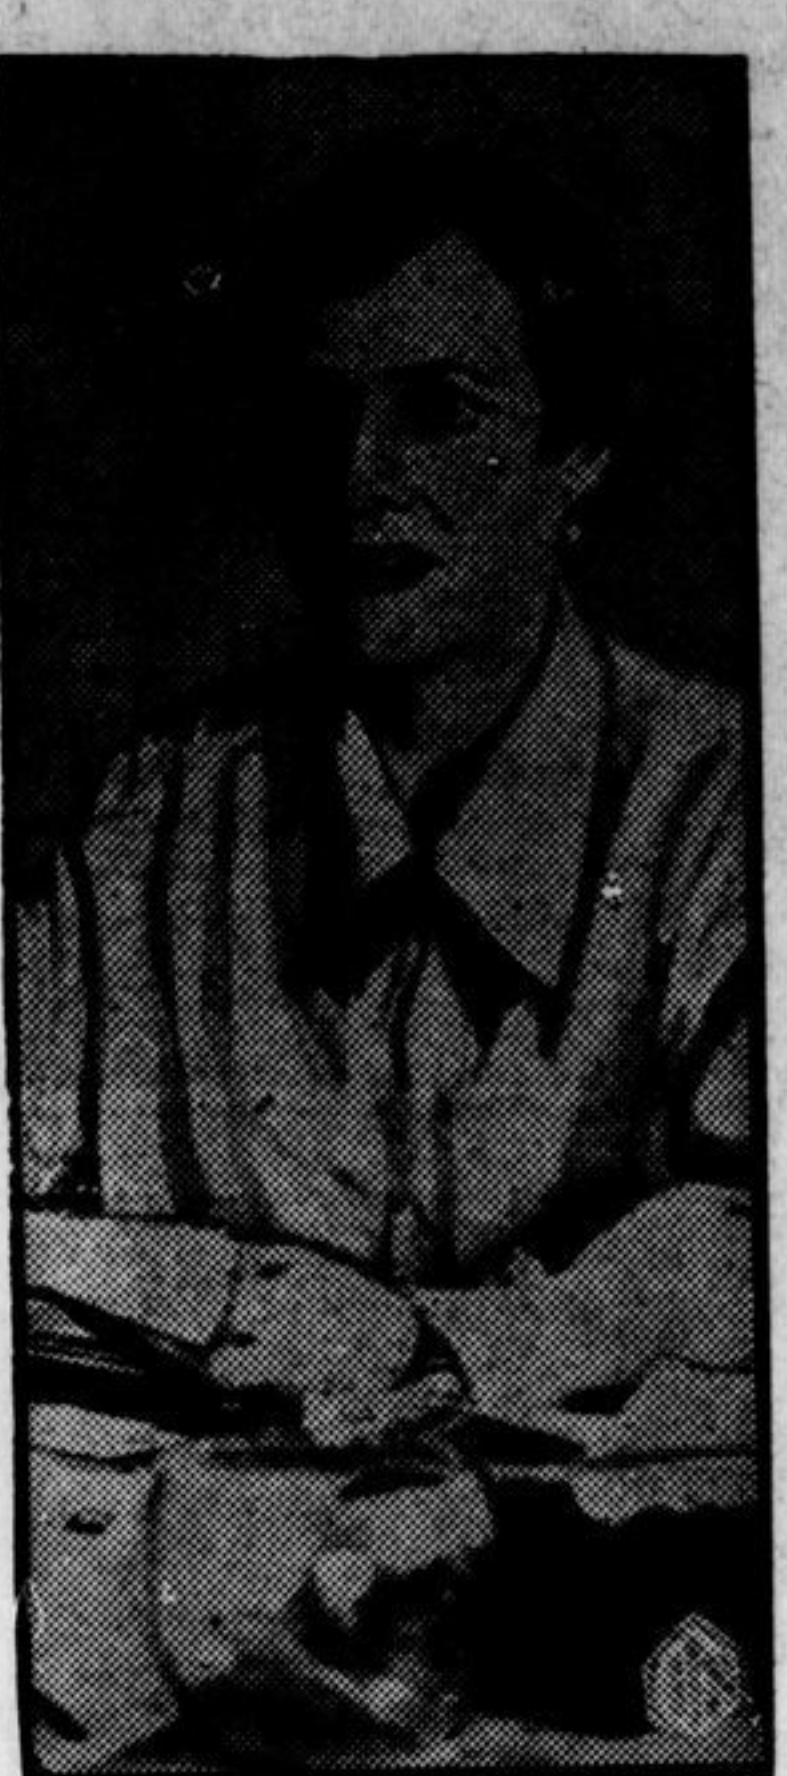

Following the supper the company adjourned to the church auditorium where the annual entertainment was held, the major portion being put on by Ralph Gordon of Toronto, caricaturist, impersonator, reader and entertainer de luxe. Mr. Gordon delighted his audience with a wonderful variety of offerings and had something for the younger as well as the older members of the audience.

Assisting on the programme were Mr. and Mrs. R. Ramage and Miss Alice Lennox in several vocal trios, with an address by Rev. Mr. Mercer of the Holstein United church. The programme was in charge of the church pastor, Rev. Girard Graham.

Services at Glenelg Centre The anniversary services of the Glenelg Centre Baptist church were well attended. Pastor John Galloway of Mulock was the anniversary preacher. In the morning he made an earnest appeal to forget the things which are behind, and to reach forth to the things

KINGSFORD-SMITH'S FIANCEE Miss Mary Powell, charming Australian girl, who will marry Wing Commander Charles Kingsford-Smith in the Scottish Church in Melbourne at the end of November. Kingsford-Smith has distinguished himself by flying over the Pacific Ocean from the American Continent to Australia; from England, over the Atlantic Ocean to New York, and more recently in a record flight from England to Australia.

M. A. H. SPEAKS OUT Asserting that the women in the United States have not made as favorable name for their sex in the political world as have their English sisters, Mary Agnes Hamilton British Member of Parliament, spoke to a trans-Atlantic audience by means of the radio on the subject of "Women in Politics."

which are before, as exhorted by Paul in Philippians 3: 13-14. In the evening he took for his theme "The Cross of Christ" pointing out that it is inevitable, efficacious, powerful and unavoidable.

On Monday evening was held the anniversary social and although the night was dark and foggy there was a good turnout. The choir sang a spirited anthem entitled "All hail to Thee, Immanuel." There were solos by Miss Priest "You", and "Homing" and Miss Eva Redford sang "Sweet Peace". Mrs. and Miss Priest favored with a duet, "Down the Vale". There were readings by Miss Winnie Binnie, who gave Pauline Johnston's "Beyond the Blue", and two eulogatory numbers by Mr. Archie McLean of Mulock "The Heroic Rescue" and "The Hero of St. Michaels". Mrs. Priest gave, "The Inventor's Wife" in her own inimitable way. Pastor Galloway gave a brief address in his usual pleasing manner, and delectable refreshments sustaining the enviable reputation of Glenelg Centre's famous cookery, brought a pleasant and profitable anniversary occasion to a close.

ATTENDED ONTARIO AND QUEBEC CONVENTION

Rev. J. T. and Mrs. Priest and Daughter Were Amongst Those to Inspect New McMaster University Building.—Is Thoroughly Modern Building and a Credit to Baptists.

Rev. and Mrs. J. T. and Miss Thelma Priest motored last week to the Baptist convention of Ontario and Quebec, meeting at Hamilton. There were over 500 delegates and they were welcomed by the mayor, Mr. John Peebles, who is himself an active Baptist. A unique feature of the meetings was the holding of the education session at the outskirts of Hamilton. About seven hundred Baptists inspected the spacious grounds with their sunken garden, drives and shrubbery comprising 75 acres in all. The buildings follow the old scholastic traditions which have been adjusted to meet the demands of modern science. The tower of University Hall is almost identical with Founders Tower of Magdalen College, Oxford. The delegates and their friends were entertained at a buffet luncheon by the Chancellor and the Board of Governors. There have been 9,000 subscribers to the two and a half millions of dollars raised for the new McMaster. Mr. John McDonald of Mulock is in attendance this year and Miss Audrey Bell of Durham enters next year.

LEAVE ON HUNTING TRIP

The "Durham Hunt Club" composed of Messrs. C. J. Howell, George McLaughlin, P. F. McArthur, William Keller and Kenneth Wilson, propose leaving on their annual deer hunt, by motor, on Monday, November 3, for the Northern woods up in the Port Loring district, of Parry Sound. Here is hoping that, when they return we may be found to be among the favored for a roast of venison. The party will be away for ten days of the season.

I. O. D. E. PRESENTED DEPARTING MEMBER

A pleasant evening was spent at the home of Mrs. W. McDonnell Thursday of last week when the Canadian Greys Chapter, I.O.D.E. held a bridge in honor of one of their members, recently married, Mrs. Robert Brigham, formerly Eleanor Kress. Seven tables of bridge were in play in which Mrs. D. C. Town received high prize, a cup and saucer. During the evening Mrs. Brigham was presented with a Welland Tree platter from the ladies of the chapter. Mrs. Brigham thanked the ladies very much for their kindness in remembering her.

Delegation From Town In Toronto Yesterday

In Attempt to Secure Grant From Government Unemployment Fund.—Will Build Extension to Waterworks System to Relieve Unemployment Problem.

Mayor Hunter, Reeve Bell, Councillor W. S. Hunter and Mr. Harvey W. Wilson went to Toronto yesterday morning in an endeavor to secure a share of the grant from the Unemployment Fund with which to commence public work in town to relieve the unemployment situation. At time of writing the delegation had not returned to town and we have no particulars as to what was accomplished, although it is not likely the matter would be definitely settled in any event.

The matter of securing work this winter for the unemployed in the town has been engaging the attention of the members of the council for some time, and at a special meeting Monday night it was decided to send a delegation to Toronto. One work that could be gone ahead with this winter would be an extension to the present waterworks system. This, it is estimated, would cost in the neighborhood of \$60,000, perhaps more, and with a fifty per cent. government grant the council thought they could undertake the work.

There has been some dissatisfaction expressed at the council board because the matter could not be voted on by the people, but as the need is urgent and all monies from this fund must be spent in labor before the first of March, there is no time for preparing a bylaw and taking the vote.

As a result of the discussions it was decided that if the government would give the town a fifty per cent grant the work would be undertaken this winter and some much needed employment furnished local laborers.

The work calls for the erection of a new standpipe in Upper Town, with an adequate pumping system at the Sand and Gravel plant, and the furnishing of fire protection and domestic water over that part of the town not now covered, or the building of the extension in such a manner that it could be added to from time to time the same as the hydro system was installed and by this method in a few years serving every residential district within the boundaries of the corporation.

Alleged Forger Escaped From Jail

John Baird, Formerly of Markdale But Now of Toronto Made Getaway From Owen Sound Jail Yesterday While Awaiting Trial For Forging Cheques.

Arrested at Meaford two weeks ago when attempting to cash a forged cheque in a Meaford bank, John Baird, a former resident of Markdale who is at the present a resident of Toronto, was taken to Owen Sound jail. He was subsequently brought before Magistrate Spereaman at Owen Sound who remanded him for trial. Baird was and was to have been tried shortly either by a jury or before the county judge. On Wednesday morning of this week about 10.30 he made his escape from jail and when the provincial police got on the trail he had had about half an hour's start. The news of his escape was immediately broadcast over the surrounding country but tonight at 6 o'clock as this is being written had not been apprehended.

Baird is the man who is alleged to have cashed a cheque at the local Royal Bank branch some weeks ago, and on his arrest, W. M. Millard, the local teller, went to Owen Sound and identified him in a crowd of half a dozen other men. Baird is also said to have cashed a similar cheque at Flesherton and to have pulled two or three other "fast" ones before captured.

There is no doubt he will be picked up and returned to Owen Sound, but just when is the mystery.

COMBATting SMOKE IS GRAVE PROBLEM

Hundreds of Tons of Soot Deposited on Buildings Every Year.

An important public conference was recently held to discuss the best ways of getting rid of the smoke and soot that fill the atmosphere of large cities. London, England, is sometimes covered with a heavy blanket of thick, gloomy, yellow fog. The yellow part is mostly provided by the soot and dirt in the air, which mix with damp mist to form a fog. Factory chimneys and railway engines help to pollute the air, but the biggest offender is the ordinary household chimney. Just think—hundreds of tons of soot are deposited on buildings every year in the City of London alone!

The Smoke Abatement Society are trying to combat this fouling of the air, but at present they can do little to stop the belching chimneys of the millions of homes in our great cities. Appliances of homes in our great cities has paratus to carry the smoke away has been put forward, but the hope of the society is that a smokeless fuel will be provided for householders.

TEMPERATURES FOR PAST WEEK table with columns for day, 8 a.m., Max., Min., Snow.

Good Crowd Present At Plowing Meet

Egremont Plowmen's Association Held Annual Match Tuesday of This Week.—Unfavorable Weather Curtailed the Number of Entries.

The annual plowing match of the Egremont Plowmen's Association was held on Tuesday of this week on the farm of Joseph McEachern of the 10th Concession. This was a postponement from the 22nd inst. owing to inclement weather, and that of Tuesday was not at all auspicious for the occasion. The morning was anything but promising and to the threatening weather more than anything else can be attributed the falling off in entries. Otherwise the event was a success, a large crowd being on hand to witness the contest. In speaking to Secretary Calder the Chronicle was informed that more interest is being taken in this event every year and that he expects in two or three contests to have double the entries usually obtained.

With the ladies of Woodland church serving a hot dinner on the grounds the spectators were assured the inner man would be well looked after and as a result the church treasury will be swelled considerably from the proceeds.

Following is the list of events and the winners:

- Plowing in Stubble Boys 16 and under—Harry Cowan, Wm. Lamont. Boys, 17 to 19—Chas. Lamont. Men—W. Aldcorn, E. Hamilton. Plowing in Sod Boys, 18 and under—W. Halliday, Geo. Calder. Men—C. Gillies, S. Hunter. Riding Plow—N. McRobb. Special in Stubble Boys, 16 and under, Crown—H. Cowan. Finish—H. Cowan. Men, and Boys 17 to 19, Crown—W. Aldcorn. Finish—E. Hamilton. Best plowed land in Stubble—W. Aldcorn. Specials in Sod Boys, Crown—W. Halliday, Finish—G. Calder. Men, Crown—C. Gillies. Finish—C. Gillies. Harry Scales Special Best plowed land in Sod—C. Gillies. W. A. Dickieson of Rockwood was the judge of the events and complimented the participants on their excellent work. He noted the entries were not so numerous as when he had judged this same event seven years ago but attributed this to the damp and unpleasant morning.

THE LIFEBOAT

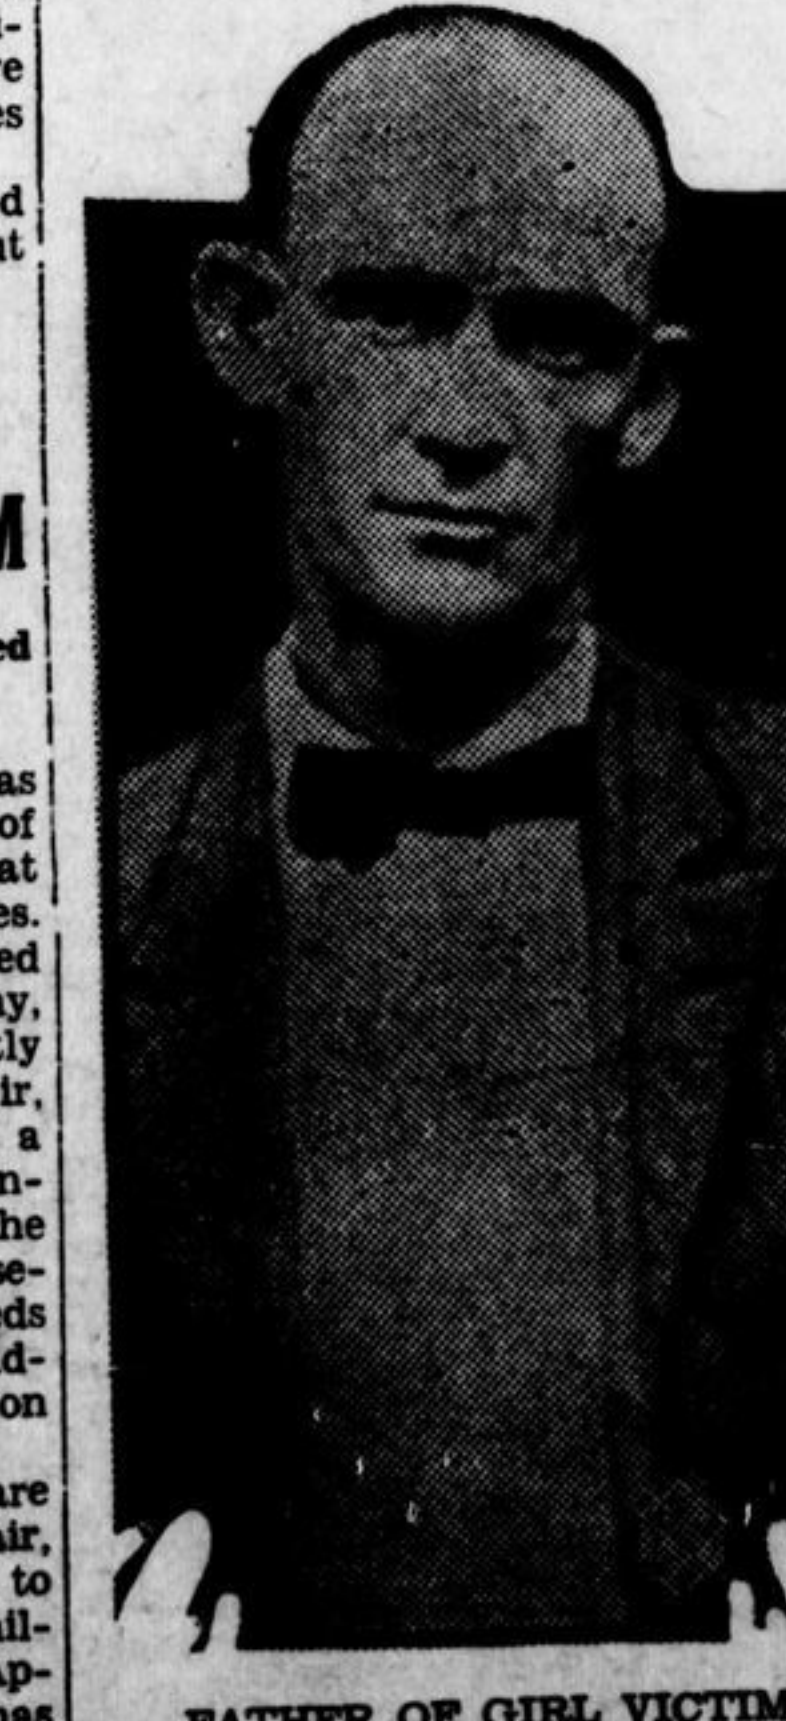

Devotion and courage are inseparably associated with the saving of life at sea, and even though the ear-pelleted boat has largely given place to the motor-lifeboat, the thrill of the launch and the excitement of the dash to the wreck still remain.

The earliest lifeboat was designed by a Frenchman in 1765, but there is no record that it was ever put into service. The credit of having built the first practical lifeboat, in 1789, belongs to Henry Breasted. The Royal National Lifeboat Institution, which provides British coastal towns with lifeboats and life-saving apparatus, was founded in 1824.

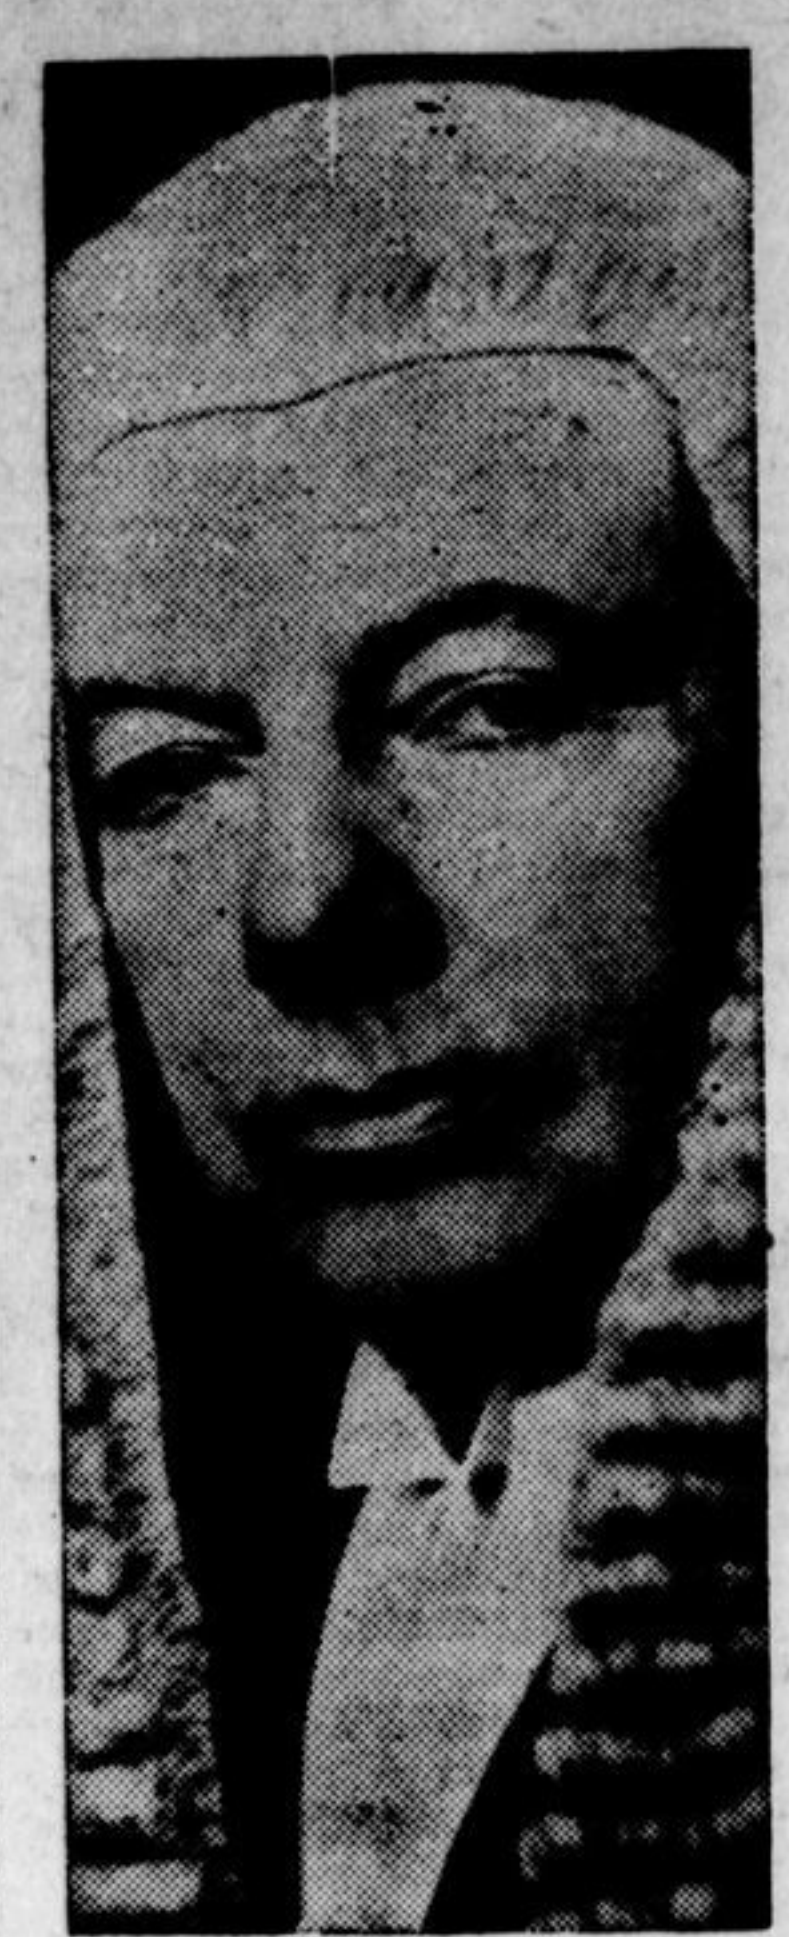

MUSEUMS IN GERMANY

There are 1,506 museums in Germany, of which 45 per cent are ethnographical in character, 25.9 per cent are for antiquities, 14.9 are natural history museums, and 9.8 per cent are museums for art and applied art. Approximately half of all the museums in the country are in Prussia.

When he thinks of her as expensive instead of dear the honeymoon is in a tailspin.

FATHER OF GIRL VICTIM J. E. Woolery, father of Avis Woolery, 17-year-old Webb City girl, who was attacked and murdered in Swope Park on August 17th. Paul H. Kauffman is said to have confessed to the crime. His trial is to begin next week. Meanwhile the girl's father has requested Chief Deputy Sheriff Nord for the appointment as official hangman at the execution of Kauffman if proved guilty.

BRITAIN'S NEW AIR MINISTER Lord Amulrie, who succeeds the late Lord Thomson as Air Minister of Great Britain. This famous jurist was formerly Sir William Warrender Mackenzie, who has been chairman of many important committees and courts of inquiry.

DURHAM POOL ROOM AGAIN BURGLARIZED

Between Four and Five Hundred Dollars' Worth of Tobaccos Taken by Night Marauders Who Forced Entrance Through Back Door.

For the second time in a year the pool room and billiard parlor of A. J. Hastie here has been entered by thieves, and considerable goods stolen. Some few months ago Mr. Hastie lost about \$500 worth of cigars, cigarettes and tobaccos, and on Tuesday night of this week was again the sufferer to about the same extent.

Entrance was gained through the back door of the premises, this being forced with a bar. Once inside the building it was an easy matter to clean out the stock of supplies in the cases at the front of the room and make away with the change left in a drawer for the morning.

Provincial Officer Cook of Meaford came down and after an investigation had a couple of local youths on the carpet but there was insufficient evidence to warrant making an arrest.

"SHOULDER ARMS" NEXT TUESDAY NIGHT

All Returned Soldiers of District Are Requested to Meet in Odd Fellows' Hall When Important Business Is to Be Transacted.—Armistice Day Service Preparation Part of Business.

Durham and District's returned soldiers are requested to meet in the Odd Fellows' hall next Tuesday evening at 8 o'clock, and it is hoped there will be a large turnout of those who only a few years ago were comrades in the biggest game ever played. While the meeting is called primarily to make arrangements for the annual Armistice Day service there are likely to be other matters on the agenda of importance to the returned men of the district.

It has often been suggested that the local returned men should have some sort of society, not to talk war, but to renew the friendships formed overseas when the greatest "push" of all time was in progress. As things are at present there is no way in which these men can get together and it is felt a society of some kind will fill a long felt want.

Not being a member of the Canadian Expeditionary Forces the writer has not been let into any of the secrets, but has been told that the meeting is of importance to returned men and those behind the movement have asked us to broadcast the information over South Grey, and particularly Durham and district that there is to be a gathering of the 1914-18 veterans with the hope that considerable good may come of getting the "boys" together once more in a general family compact.

TWENTY-EIGHT TON CABLE

What is believed to be the largest and heaviest cable ever made in England, was taken for twelve miles from Brimsdown to King George V. dock, North Woolwich, recently, in a special train, a double-rail track being kept clear all the way. The cable, which is designed to carry 33,000 watts, was made at the Enfield Cable Works. It is in five separate lengths, each 700 yards long and weighing twenty-eight tons, each drum being eleven feet in diameter. The special train consisted of an engine, a brake-van, and five wagons, and the journey was made late at night to avoid traffic disturbances.

Maybe kissing does shorten life but something depends on the speed of the car.

OBITUARY

ALEX. AITKEN, SR.

There passed away on Saturday, October 25th one of the early settlers of Egremont Township in the person of Alexander Aitken, Sr., in his ninety-third year, having been born in Renfrewshire, Scotland, November 2nd, 1837. He emigrated to Canada in 1842, first settling in the neighborhood of Guelph. In the year 1855 he and his parents came to Egremont township and settled on lot 27, concession 2. He endured all the hardships of the pioneer settlers of that time and through it all enjoyed wonderful health. In 1871 he married Emma Pinder, who survives. Shortly after marriage he located on lot 29, concession 3, now owned by his son, Alex Jr., and at which he died.

The family consists of four sons, Robert, William, Alex Jr. and George and three daughters, Lizzie, (Mrs. A. Hunter), Emma (Mrs. George Alles) and Alice (Mrs. Robert Sim). These with seventeen grandchildren and two great grand children are all living in the Township of Egremont and within a short distance of Holstein. A brother living in Lampton County also survives.

In 1921 Mr. and Mrs. Aitken celebrated their golden wedding anniversary. A unique circumstance is that Mr. Aitken's death is the first break in the family circle extending to his great grandchildren.

He was a member of Holstein Presbyterian church and when in health was a regular attendant. His support of the congregation in both a religious and financial way was outstanding. In politics he was an ardent Liberal and for many years a close reader of the Globe.

The funeral to Maplewood cemetery on Monday, October 27, was largely attended. A wide circle of friends and neighbors were present to show their respect and sympathy. The service was conducted by his pastor, Rev. G. Graham, assisted by Rev. Mr. Mercer. All the members of his family were present except Mrs. George Alles who was absent through illness. Six grandsons acted as pall bearers. The sympathy of the entire neighborhood is extended to his sorrowing widow and relatives.

JOSEPH HEUGHAN

Mr. Joseph Heughan, a retired miller from Walkerton passed away in Toronto on Sunday week just two weeks after the death of his wife. He was the oldest of the Heughan brothers, those surviving being John of Walkerton and James of Durham. The deceased was born near Belleville and later moved to Walkerton where he resided for many years. He was married to Miss Currie of Bentinck about 25 years ago. For the past few years he had conducted a feed business in Toronto.

JAMES MCGIRR

One of the best known and most highly respected residents of Glenelg township passed away at his home on the 3rd concession, south of the Durham Road early last Saturday morning after a long illness. Mr. McGirr was in his 78th year and during the past two years had been confined to his home the result of a paralytic stroke. During the past year he had been confined to his bed, although able to be around a short time before his death.

The late Mr. McGirr was born on the farm on which he died, and had lived his whole life on Lot 64, Concession 3, S.D.R. He was a son of the late Mr. and Mrs. Andrew T. McGirr and was a well-known man in his native township and Durham vicinity where he was much respected for his honesty and integrity.

Forty-one years ago he married Miss Sarah Sharp of Glenelg, who survives with a family of two sons and two daughters: James W. in Detroit; Mrs. Andrew Lindsay (Florence), in Glenelg; and William and Miss Margaret at home. An only sister, Mrs. James G. Wilson of Lambton street also survives.

The funeral was held from his late home on Tuesday afternoon, the service being taken by the family pastor, Rev. H. S. Fiddes of the Queen Street United Church. The service was largely attended by many old friends and neighbors from near and far and the pall bearers were all old friends and neighbors: Messrs. William Nichol, Walter Nichol, Samuel Patterson, Robert Lindsay, William Vollett, John McGirr, Thomas Ritchie and George Ritchie. Interment was made in Durham cemetery.

In the death of Mr. McGirr the No. 9 locality of Glenelg has lost a valued citizen, one who spent his whole life in the community and whose death will be much regretted. His life's slogan, "honesty" was his watchword, and he was frequently heard to say that he would sooner have a good name than much riches, a standard all too rare in these days of commercialism and "grab".

MRS. THOMAS McMILLAN

Mrs. Thomas McMillan, for the past three or four years a sufferer from lung trouble, passed away Monday last at her home in Egremont, two miles north of Holstein. She was in her 41st year. Mrs. McMillan had been indisposed and unable to attend her household duties until the past summer and while apparently recovering her health took worse about three weeks ago and sank rapidly. She was married nine years ago to Mr. McMillan who survives with one son, Douglas, and one daughter, Betty.

The late Mrs. McMillan was under her marriage Florence McMillan and had lived in Egremont township. Her husband was a well-known man in the community and she was a devoted wife and mother. The funeral was held from her late home on Tuesday afternoon, the service being taken by the family pastor, Rev. H. S. Fiddes of the Queen Street United Church. The service was largely attended by many old friends and neighbors from near and far and the pall bearers were all old friends and neighbors: Messrs. William Nichol, Walter Nichol, Samuel Patterson, Robert Lindsay, William Vollett, John McGirr, Thomas Ritchie and George Ritchie. Interment was made in Durham cemetery.
