BITING REMARKS MADE IN CONTEST OVER TEETH

"Your money or your teeth!" was the demand and it happened, not in Chicago, but in a little Hungarian village and the dentist was the holdup man.

It seems that the patient, who had sent his false teeth to the dentist for polishing had not paid a bill which his mother had contracted several years previously. The dentist had bided his time, and now refused to return the man's teeth until he had paid his mother's dental bill.

The toothless man sued on the ground of "infamous abuse of professional ethics". The dentist naively countered with the statement that since he couldn't eat without money, it was only justice that the other man couldn't eat because he had no teeth. The court made several biting remarks which neither party to the suit relished.—Washington Post.

Mulock

(Our Own Correspondent)

The congregation of Mulock Baptist church held their annual meeting on Friday evening beginning with a supper at 6 o'clock, followed by a social hour. A good turnout of members and adherents showed much interest in the business of the church. Instrumental music, solos, duets, and readings were given which were very pleasing. The message of the clerk, Mr. Dan MacLean was most interesting, dealing with the spiritual work and calling attention to the different tasks with which the church is engaged, but also in the clerks message was expressed a sad note in the loss through death during the year

of Mr. William Fulton and Mr. Hugh McKinnon, highly esteemed members of the church. Reports were read from the various departments by the treasurer and showed each department of the church to be functioning in a satisfactory manner.
