#### FIND ELEPHANTS AT BATH

On a world cruise you may be disappointed at not seeing elephants in Ceylon, unless you plan to make your trip with knowledge of where they may be found. Ceylon has been the great home of elephants from earliest history, yet many who visit Colombo or Kandy never see one, though they search the streets of those cities for days. So when in Kandy, get a ricksha and go down to the Katagastota river, about three miles away, in the afternoon, and you will find the river crowded with magnificent animals taking their bath

PROGRESSING from a standing start to top speed in the new Pontiec Six is so quiet and effortless that you seem to be merely opening a throttle. Syncro-Mesh prevents you from getting even a tick when gears are shifted. Silent second not only snaps you away when the light turns, but merges into high without any perceptible difference in ound. Free wheeling enables you to coast as softly as a shadowand means that you needn't ever touch the clutch pedal except to start and stop. And the rest of the car is just as silent as the transmission. There is rubber cushioning at 47 chassis points. The Pontiec Six has plenty of other improvements - such as Ride Control - which we'd like you to try for yourself.
