## The Perfect French Cleaning Liquid

Great chances are taken when using high explosive Naptha Gasoline as well as Benzine for cleaning purposes.

> Statistics show one gallon of Naptha-Gasoline to be equal in explosive power to 83 pounds of Dynamite.

## DIRECTIONS

For general cleaning of dresses, neck ties, scarfs and wearing apparel:-First remove soiled edges and spots by dipping a white cloth in "Pen-o-Tex" and rub over soiled parts gently. The articles should then be put into a basin containing enough "Pen-o-Tex" to nicely cover the garment. Work the garment up and down so that the cleaner will work all through the fabric, and for thorough results, give the garment a final rinsing in clean "Pen-o-Tex" Then squeeze as much as possible of the liquid out of and hang in air to dry.

For Felt Hats, Spats and Heavy rials:-First remove all dust by brushing thorough. The turate a brush or white cloth with "Pen-o-Tex" and reactive and by brushing in long even with "Pen-o-Tex" and strokes.

For Rugs and Upholstered Furniture:-First brush thoroughly or vacuum to remove all dust. Then saturate a white cloth or brush with "Pen-o-Tex" and brush with nap in long even strokes.

For Removing Candle Grease or Wax:-Place a piece of blotting paper over and under spot. Then rub a warm iron over paper. The paper will absorb the wax. Next clean with "Pen-o-Tex" as

"Pen-o-Tex" French cleaning liquid should be used in ventilated rooms and must not be heated or come in contact with an open flame
