Coal Business Changes Hands

Mr. Laverne Douglas, who for some time had been considering establishing a pasteurizing plant in Meaford, completed a deal on Saturday evening for the purchase of the coal and cartage business of the late F. C. Montgomery and took possession on Monday morning.

The business will be carried on as usual in the old stand. Mr. Douglas is well known in the town and district and should have no trouble in making a success of his recent undertaking as did his predecessor.—Meaford Express.

Mr. Dan Leusing President of Fair

At a recent meeting of the directors of the Hanover, Bentinck and Brant Agricultural Society, Mr. Dan Leusing, first vice-president, was elevated to the presidency, owing to the retirement of Mr. R. H. Richardson. Mr. John Aitken was elected to the vice-presidency to succeed Mr. Leusing.

The directors were sorry to lose the services of Mr. Richardson, who had been president for the past seventeen years, and they instructed the secretary, Mr. S. B. Clarke, to express the sincere appreciation of the society to Mr. Richardson for his many years of valued service.

Mr. Leusing, who steps up into the presidential chair, has been one of the best workers on the fair board for many years, and will no doubt carry on the work in excellent manner.

The directors discussed several matters pertaining to the two-day show to be held here late in September.—Hanover Post.

Will Observe Wednesday Half-holiday

At a meeting in the Town Hall, last Thursday evening, the question of

weekly half holidays in Walkerton was settled for another year. As in 1931, places of business will close on Wednesday afternoons, during weeks in which there are no statutory holidays, from the 4th of May until the last Wednesday in September. Last year the month of October was included in the period, but the majority of those present at this meeting favored resuming the full business week at the end of September this year, and it was made unanimous.

There was a suggestion, that stores remain open each Tuesday evening, to accommodate shoppers, and commencing next Tuesday, this will be done. Ex-Mayor Robt. Goode presided at the meeting.—Walkerton Telescope.

Will Tour Blue Water Highway

In the interests of the Bluewater Highway Association, C. S. Woodrow, president, and W. D. Ferguson, secretary, will make a four-day tour of the municipalities it embraces, according to plans announced at Sarnia. With the coming of spring the communities along the route have shown renewed interest in the highway and there is every reason to believe that much will be done this year to increase tourist traffic. The highway representatives will make a trip over the road and will stop in the various municipalities and conduct meetings in the interests of the Blue Water Highway.

They will leave Sarnia Wednesday afternoon and their first meeting will be at Forest at 2.30 o'clock. From Forest they will continue to Grand Bend, Bayfield and Goderich, where similar meetings will be held in the afternoon. In the evening a meeting will be held in Kincardine. On Thursday morning they will visit Port Elgin and Southampton, and in the afternoon Owen Sound, Meaford and Collingwood. On Friday they will go to Penetang and Midland, and in the afternoon to Orillia.

The Saturday program will include meetings at Warton, Lion's Head and Tobermory.—Kincardine News.

"VENICE OF THE ORIENT"
Such is one of the names given to Manila of the Philippine Islands. The name comes to it because it is situated on both banks of the Pasig river and enjoys some canal life from the river. These waters provide a lot of bridges for the city suggestive of the Rialto of the Old World. Thirty-five years ago the city had no drainage system and a heavy rain made boats on the streets a necessity. Around the Inter-muros or Walled city, which is most typical of its Spanish days, were walls and a moat dating back to 1590, two miles long and 25 feet high. Today, the moat is given up to fine driveways, and mind the tourist of a city of islands. only the bridged river and canals re-

"BILLY" Taylor, known to hundreds of Walkertonians residing in town and scattered elsewhere over the globe as the man who for four decades or more delivered kindling to start the home fires going about town, while returning from a collecting trip near the C. N. R. station for the Truax firm, collapsed in front of Rev. C. P. Boerner's home on Victoria street last Thursday afternoon, and the reverend gentleman, noticing him swaying, rushed to his aid in time to have him slump into the preacher's arms. As Mr. Taylor's residence was only a short distance away, he was helped home and a doctor summoned, who revived him. Mr. Taylor, who has passed the 80th milestone in the journey of life, has been poorly of late as a result of the flu, from which both he and his wife have been ailing for some time. Walkerton without Billy Taylor would hardly seem as interesting to returning old boys and girls who look upon him as part of the nomenclature of the place.—Walkerton Herald-Times.

News in Brief

Interesting Happenings Briefly Outlined for the Busy Readers

Soldiers and civil guards patrolled the streets of Seville, Spain, on Monday night, after a day of rioting and sporadic fighting among Communists, syndicalists and police.

A Congressional pardon was sought this week in Washington for the four Americans convicted in the Hawaiian "honor slaying" as the Senate moved quickly to prevent the alleged attackers of Mrs. Thalia Massie from obtaining their freedom through a technicality of territory law.

Rep. Charles R. Crisp Dem., Ga., introduced the bill in the House asking for a pardon. His measure would grant a "full and complete pardon for the offence of manslaughter" to Lieut. Thomas H. Massie, Mrs. Grace Fortesque and the two seamen, A. O. Jones and E. J. Lord.

Crisp's bill declares Congress has power to grant the pardon notwithstanding any powers delegated to the governor of Hawaii inasmuch as the United States exercises "complete sovereignty over its territory of Hawaii."

The United States supreme court on Monday ended Al Capone's 10-year reign as America's king of crime with a decision which brought tears of self-pity to the eyes of the paunchy "Scarface."

In denying a petition for rehearing of his income tax fraud conviction, the high court set in motion machinery which will send Capone to Leavenworth Penitentiary to serve an 11-year sentence.

Richard C. Henders, former member of Parliament for Macdonald, Manitoba, is dead in Winnipeg after a long illness. He was in his 79th year. Elected on a farmer ticket in the 1917 elections, Mr. Henders supported the Union Government of Sir Robert Borden. He served only one term in the House of Commons.

Mr. Henders was educated for the Methodist ministry at Victoria College Cobourg, Ont., and had several

charges in Ontario before he resigned and moved to Manitoba, owing to ill-health. He took up land near Culross, Man., where he farmed for 15 years. He retired to devote himself to the organized farmers' movement.

For several years Mr. Henders was president of the Manitoba Grain Growers' Association, resigning in 1919.

Fire which has been raging through a huge pile of cut wood at Port Alfred, Que., since Friday, has begun to present a more serious aspect than at any time since its outbreak.

On Monday evening the fire was progressing rapidly, and anxiety was felt for the big mill owned by the Port Alfred Paper Company, a division of Consolidated Paper Company, situated a little over a quarter of a mile from the burning wood pile.

Over 500 firefighters recruited from all over Lake St. John district were centring their efforts on the side nearest the mill in an effort to prevent the flames from reaching that structure.

Prime Minister Ramsay MacDonald may have to undergo an operation on his right eye similar to the surgical treatment of his left eye exactly four months ago Tuesday.

This was disclosed on Monday after a two-hour examination of Mr. MacDonald's eyes and his physicians decided to hold a consultation on Wednesday to decide on the best course of treatment of the right eye. Another specialist may be called in.

COST OF SELLING STEERS

Now that the movement of beef cattle to markets in the Old Country has resumed, the cost of transporting this type of animal to the British market is a topic of special interest.

G. W. Muir, B.S.A., Acting Chief of the Division of Animal Husbandry of the Dominion Experimental Farms, deals particularly with this topic in Pamphlet No. 143-N.S. "An Opportune Time for Steer Feeding and Finishing."

He gives specific figures on two shipments; one from Ottawa and the other from Lethbridge, Alta., showing that the average cost of shipping and selling was \$25.70 per head, or \$2.80 per head, or \$5.03 per 100 lbs. live weight, in the case of the Lethbridge lot.

A Quick Way to... Restore an Estate

ARE you among the thousands who have suffered from the great depression? Have you had to make a hurried survey of your financial position only to find that you are worth less by thousands of dollars than you were? Do you realize that death compels a liquidation of securities at current values?

How can that situation be met?

You can instantly restore your estate to a healthy basis by taking out more insurance. The sane way is to insure to the point of safety... at least.

Over five hundred million dollars of life insurance was taken out in the Sun Life Company last year—much of it by level-headed men who balanced their accounts by this simple method.
