improve Standing at Expense of Furniture Co. and Students.-High Scores in Both Games.-Many Fielding Er-

While no game was played in the Town League last Friday night owing to the holiday, two games were played the first of this week; one on Monday and one Tuesday night. The Hockey Club and the Bachelors were the teams that improved their league standing and they did so at the expense of the Furniture Co. and the Students, and in both cases by high scores, 16-3 and 17-5 being the official records.

Tuesday night's game was a repetition of Monday's; a team short some players using a makeshift line-up against the regular line-up of their opponents. The Students' pitchers were unavoidably absent; Hopkins on ac count of sickness and McKechnie away on vacation. As a result two of the other players, Goodchild and Burnett had to handle the pitching as best they could, and what the Bachelor batsmen did to their offerings was a crime.

In the second inning especially the Bachelors had a field day. They garnered three walks and six hits (a triple, four doubles and a single) and made them good for ten runs. This added to two scored in the first made 12-0 and the game was in the bag from then on. At that the Students made a fight of three in the seventh, but in the meantime the Bachelors had scored five more and had a lead impossible to overcome. Errors in fielding on the Students' part also helped run up the large score.

DURHAM GIRLS WON TWICE ON FRIDAY

Trimmed Dundalk Team at U.F.O. Picnic at Flesherton and Again at Dundalk.

The Durham girls' softball team, the

"D.D.D.'s" have been making a reputation for themselves lately. Last week they played ball at two sports events and came home with first prize in both cases. And to further add to their prestige, both events were on the same day. In fact it might almost be called a double-header. On Friday, July 1, the Durham girls were engaged to play against the Dundalk ladies at the U. F. O. picnic at Flesherton, and they won by a score of 9-8 and had to go into extra innings before a decision was reached. Later in the day they again played the Dundalk team, this time at the Dundalk Old Boys' and Girls' Reunion in Dundalk. Originally a Toronto team was supposed to play in this series also, but when they failed to appear, the local girls had only to repeat their previous performance to gather in the prize money. This John-"Does your father object to my they did-this time by a score of 5-4. As may be seen by the score both these games were closely contested and all the more credit is due the local girls

Is It a Fair Deal?

Personally we don't think it is, and

when the offenders' attention drawn to it, we believe they will agree with us. We refer to the practise of a number of the fans who attend the softball games, of parking their cars inside the far limits of the diamond. No doubt it gives the car owner and his guests a fine unobstructed view of the game, but is it fair to the fielders chasing a hard hit ball to have to get down on their hands and knees, sometimes flat on their stomach to retrieve a ball that has rolled under a car parked where it has no business to be. In the past cars have been parked just outside the line and often then a ball will roll among them, but now they some time. are encroaching on the diamond itself. To take a concrete case, on Monday evening "Ern." McDonald got a long hit to centre field, and would ordinarily have got two or likely three bases, but someone's car was about fifteen feet inside the diamond and the ball rolled underneath. While the fielder was crawling under the car the batter and two men who were on the bases romped home. We don't believe that these car own-
