

## Anglican Church Held Anniversary

Special Sermons, Morning and Evening by Prominent Churchmen Featured Occasion of 83rd Anniversary—Large Congregations Present and Offerings Satisfactory—Cronyn Centenary to be Celebrated Soon.

Last Sunday was the 83rd anniversary of Trinity Anglican church here, a full history of which was given in our last issue. The services were well attended at morning and evening services, which were both taken by prominent out-side rectors, the first by Rev. Dr. Waller, president of Huron College, London, and the evening service by Rev. W. A. Henderson, rector of St. Mark's church, Hamilton. Rev. Mr. Billingsley, preached at the evening service in Hamilton for Mr. Henderson.

At the morning service Dr. Waller took for his text, the words of St. Paul in a letter to the Christians at Ephesus: "Now, therefore, ye are no more strangers and foreigners, but fellow citizens with the saints and of the household of God, and are built upon the foundation of the apostles and prophets, Jesus Christ Himself being the chief corner stone." At the evening service Mr. Henderson preached from the subject, "Life's Decisions." "For to be carnally minded is death, but to be spiritually minded is peace."

The church was suitably decorated for the anniversary service, and there was special music by the choir. A feature of the evening service was a solo by Mrs. Elvidge of Hanover.

**Bishop Cronyn Centenary**  
The week of November 13th to the 20th is to be celebrated by the Church of England as the hundredth anniversary of the arrival of the Rev. Benjamin Cronyn in London, and the 75th anniversary of his consecration as Bishop of Huron. The celebration is of more than local interest. The coming of Bishop Cronyn had results which no one at the time could possibly have foreseen, and which even now are hard to estimate in their true proportion.

Worn out with the fatigues of the overland journey by wagon from Quebec, where the party had landed, the travellers at length arrived near London, met a man who directed them to "The Forks" where they found rest for the week-end, at the Mansion House. Mr. Cronyn conducted a service in the schoolhouse next day, Sunday, November 18, 1832, which led to an invitation to remain permanently as the clergyman of the district, instead of going on to Adelaide, which had been his original objective.

Some two years later, September 14, 1834, St. Paul's Church, London, was first used. This first Anglican church in London, Ontario, was a wooden building with a square tower at the south end, the building being set north and south and as located somewhere near the present Cathedral, and at the time was one of the most conspicuous buildings in the growing community.

## COMMUNITY PARTY HELD THURSDAY

I.O.D.E. Society Held Successful Bridge Euchre and Dance, When a Big Crowd Was Present and Good Time Enjoyed.

The Daughters of the Empire held their annual community party Thursday night, when eight of the members gave their homes for bridge or euchre or both, the crowd afterwards assembling in the town hall, where lunch was served and dancing enjoyed, the music being furnished by the Teeter and high school orchestras. The homes at which the games were played and the winners, were:

At Mrs. Pickering's, John Henry and Mrs. P. Hay; Mrs. M. Knight's, Dr. R. Burnett, Miss M. Koch; Mrs. Robins', Oscar Hahn, Mrs. Arthur Ritchie; Mrs. Webster's, Mrs. I. Elvidge, D. C. Town; Mrs. Grant's, Mrs. R. Campbell, W. J. McGirr; Mrs. Calder's, Miss M. Lawrence, R. Snow; Mrs. Kearney's, Mrs. P. Lawrence, B. Chatreau; Miss Kearney's, Mrs. C. McGirr, C. McLachlan.

A sad looking man went into a chemist's.  
"Can you give me," he asked, something that will drive from the mind the thought of sorrow and bitter recollection?"  
The chemist nodded, and put him up a dose of quinine, and worm-wood, and rhubarb, and Epsom-salt, with a dash of castor-oil, and gave it to him, and for a week the man could think of nothing in the world except new schemes for getting the taste out of his mouth.

## OLD LANDMARKS MAY DISAPPEAR

Front Street Building of Earlier Day May Make Way For Modern Residence Next Spring.—Among Town's Earliest Buildings.

A deal was closed last week whereby Mr. A. B. McLellan acquires the Mrs. John Whitmore property on Garafra street, just north of the Chronicle Office. The building on this place is a combination affair, the southern portion, formerly occupied by Lucas & Henry, being part of the Chronicle holdings. Before closing the deal, Mr. McLellan made inquiry if we were willing to raze this building provided he erected a modern residence next spring. The answer was a quick "yes" as we felt if anyone wished to improve our front street, we would not be the one to stand in the way. It is now up to Mr. McLellan. If he builds next summer, the building, erected by the late Roderick McKenzie, comes down. We believe it one of the town's oldest buildings, but like all things, has to make way for more modern things, and, with age, deteriorates.

## TWO FATALITIES AT PALMERSTON

Car Driver Fatally Hurt—C.N.R. Brakeman Dies of Injuries.

Two men died at Palmerston, Monday night from injuries suffered in accidents. William Ranton was fatally injured when his automobile collided with a freight train at a level crossing and Patrick Brown, a Canadian Railways brakeman died under a flat car from which he was thought to have fallen.

Ranton was driving with two companions, Russell Deman, and Jack Porter, when his car collided with the train. He was hurled out onto the right of way and died immediately after admittance to the hospital. His companions escaped with scratches.

Brown's mangled body was found under a train which was being made up in the yard.  
Inquests will be held in both fatalities.

## Veterans To Have Hot Fowl Supper

Daughters of Empire Giving Armistice Day Banquet to Returned Men of District.—Roast Fowl and all the Trimmings, is Decision of Daughters at Meeting Tuesday Night.

The local branch of the Daughters of the Empire held their monthly meeting Tuesday night at the home of the Regent, Miss M. Hunter, where the routine business was gone through, such as the receiving of the reports of secretary and treasurer, passing accounts and the like. It was decided the Daughters would sell poppies this year as in the past.

Perhaps the most important matter dealt with the question of tendering a banquet to the returned Veterans of Durham and district, who will join in the Armistice Day services at the monument. As usual, the Daughters do nothing by halves, and this year it is to be a big honest-to-goodness roast fowl supper, a supper that will make a lot of us stay-at-homes during the war period wish we had grabbed up our trusty rifles and took to ditching over in Flanders fields. The boys deserve it, and now that it has been so successfully carried out for some years, we trust that this old town will get behind the Daughters on their poppy sale next week and "buy until it hurts", and thus fill their treasury with the funds, so necessary on occasions of this kind.

## FUNERAL OF FRANK WISE

The funeral of the late Frank Wise was held last Friday afternoon from the home of his son, Grat Wise, on the third concession. The service was taken by Rev. W. H. Smith of Durham Knox United church, and Rev. J. Galloway of the Mulock Baptist church. During the service Mrs. Galloway sang "There is no Night There." Flowers were from the family, the grandchildren, and from Mr. and Mrs. George Frank. The pallbearers were Messrs. Moses Donnelly, John Park, John Reay, Edmonds. Those present from a distance were Mr. and Mrs. George Frank and the latter's mother, Mrs. John Elmer, sister of Mr. Wise, Detroit; and Mr. and Mrs. Thomas Baker and son, Toronto. Interment was in Durham cemetery.

## Corner Stone Laid For New Church

Hon. W. H. Price and Hon. Dr. Jamieson, Principals in Interesting Ceremony at Priceville, Last Saturday, When Cornerstone of New Presbyterian Church Was Placed in Position—Big Crowd Present at Ceremony and at Supper Which Followed.

Last Saturday, the 29th day of October, in the year 1932, was an important day for the followers of the Presbyterian faith in Priceville, as on that day, the cornerstone of their new church was well and truly laid, and now nothing remains to be done but erect the superstructure, which will be gone ahead with in all haste that the services of the congregation may be held in the new building this winter.

It is quite an undertaking these days the erection of a new church, but in the case of Priceville, the work has not been undertaken without full consideration, and the indications are that the new building, when erected, will be nearly, if not altogether paid for.

Last Saturday, the day set for the ceremony, was not a day to draw large crowds, and for this reason perhaps the crowd was not as large as it would otherwise have been, but at that there was a full house present when the ceremony commenced. Rev. Dr. MacIvor the pastor, had charge of the meeting, which was commenced with prayer and invocation and the singing of that old favorite hymn, "O God Our Help in Ages Past." Rev. Robert Honeyman, of Dromore, read the scripture lesson and the gathering joined in the Apostles' Creed.

## Laying the Cornerstone

The laying of the cornerstone was performed by the Hon. W. H. Price, Attorney-General for Ontario, and Hon. Dr. Jamieson, of Durham, chairman of the Old Age Pensions' and Mothers' Allowances Commissions. During the placing of the stone in position, the principals repeated the words:

"In the name of the Father, and of the Son, we lay this corner stone of a house to be erected under the name of the Presbyterian Church, Priceville, and devoted to the worship of Almighty God.

"Behold I lay in Zion a chief corner stone, elect, precious, and he that believeth on Him shall not be confounded."

"In this place, may the faith flourish, the fear of God and love of the brethren. Here may the voice of prayer continually be heard, the voice of rejoicing and salvation, the voice of praise and invocation of God's most glorious and honorable Name, the Name of the Father and of the Son and of the Holy Ghost, henceforth and forever."

In opening the meeting the Rev. Mr. MacIvor, referred to the debt the congregation owed Mr. Price and Dr. Jamieson when the matter of adjusting was under consideration. They had been the affairs following church union more than kind to the delegation sent to Toronto to interview them, had given them every consideration, and had settled the existing differences fairly and equitably. Mr. MacIvor told briefly of the manner on which the decision had been reached to erect a new edifice. The first discussion had taken place in April, 1930, then in the following August, arrangements had been made for an interchange of lots with Mr. McLean by which the present site had been secured instead of one in the rear. Nothing more was done until August of this year. "It could not be said that the matter had been hurried, or gone into without due consideration," said the speaker. Last August it was finally decided to build. The structure was to be 36 x 50 feet, with concrete foundation, and brick veneered superstructure. The basement had been built with volunteer labor and was completed in record time. Both men and women of the congregation had done stellar work and it was hoped to go ahead immediately, weather permitting, that services could be held in the basement this winter, and the auditorium furnished and made ready for occupancy next summer. No time was to be lost in getting up the framework and the roof.

## Attorney-General Price Spoke

In addressing the assemblage, which on account of the wet day had gathered in McKinnon Hall, Hon. W. H. Price said the laying of the corner stone of a new church was a most important feature in the erection of a building, not so much the actual laying, as the spirit put into the effort. The church was the centre of life in the community. In olden times the church was the rallying point for the district, and he expressed regret that our modern means

## Hospital Roadway To Be Drained

Town Council to Improve Highway Near Hospital With Relief Work.—Not Much Business at Regular Meeting Tuesday.

The regular November meeting of the council was held Tuesday night, but not very much outside of routine business was done, the session lasting only an hour. Accounts amounting to \$780 were passed, with the October relief bills amounting to \$66 being also ordered paid. A letter was received from W. D. Henry, Clerk of Peace, that the town treasurer must be regularly bonded, and copies forwarded to Mr. Henry and the town council. A decision was arrived at to drain the Durham Road from the Hospital west to O. S. Hunter's, the work to be done on the relief plan, and to be commenced at once.

Reeve Bell, who leaves for county council next Monday, extended an invitation to the members of the council to visit Owen Sound on Wednesday next, and be his guest for dinner at one of the hotels there. It is likely the invitation will be accepted.

of transportation too often takes us away from our home and our church. The things which were worth while were always obtained by sacrifice and it was the things which we sacrifice for that we appreciated and valued the most. The speaker thought the church and the minister should be above criticism, and he admonished the congregation to be charitable to their ministers, who were only human after all. Instead of criticism they should have the support of the congregation. The minister could criticize, too, if he would sometimes speak his mind, but, instead, he exercised charity towards all and was entitled to like consideration by his congregation.

Mr. Price said of late years the public had been contracting bad habits, he amongst them. We are prone to blame others for our troubles. We blame everybody and everything but ourselves for our troubles. We had been living too high, and now that the time for retrenchment was here, we blamed the other fellow for our condition. The Governments, the ministers, our county councils, were all blamed for something for which we ourselves were largely responsible. We should be charitable.

The church has a great opportunity today, said Mr. Price. If he were to offer any criticism, it would be that the church was not sufficiently aggressive. It must go out after people. People lose faith and must be continually reminded. The church was the great moulder of character in the community, and the church and those in authority must stand together against those who would tear down by force. In this free country we had the ballot, and force should not be tolerated in any effort to change or tear down our institutions.

Referring to the low prices now being paid for farm products, the absence of a market for our manufactured products, and the general depression in business all over the country, Mr. Price asked, "Why?" We were all to blame, he said. No one class was blameless. When times were good we did not look into the future. This was a testing time for all of us, a time when the building of character was of more importance than the accumulation of dollars and cents. Character was always built in adversity, never in prosperity. Character was the greatest things in life. Here was where the church had a great opportunity in times like the present, the moulding of character, and he had the faith that it would not fail.

Mr. Price congratulated the congregation on its efforts and hoped they would be successful ones. He hoped to be back when the new church was completed and would be delighted to worship with them at their first service.

## Hon. Dr. Jamieson

Hon. Dr. Jamieson was the next speaker. He opened his address by saying he was not going to attempt anything along the lines so ably covered by Mr. Price, and devoted some time to remarks of a reminiscent nature. He referred to the early days when the Gaelic was the common language of Priceville, and referred feelingly to many of his former acquaintances and close friends, now no longer with them. He had known Priceville for more than 50 years and mentioned many of the old families, the McArthurs, McLeans, McDonalds, and others. He had many warm friends among them, but many of them had long since passed from the scene.

Dr. Jamieson regarded the church as a stabilizing influence in the community, and cautioned against the growth of Sovietism, Communism, and the other

## VETERAN'S PARADE NEXT SUNDAY MORNING

Returned Soldiers of District to Attend Church Next Sunday Morning, When Special Sermon Will be Preached by Rev. B. D. Armstrong.

Durham and district Veterans will attend their annual church parade next Sunday morning in the Presbyterian church, where Rev. B. D. Armstrong, the pastor, will deliver a special and appropriate sermon. The parade is to start from the Armory and veterans are asked to assemble at 10 o'clock for service in the church at 11. The parade will be headed by the Citizen's Band, and in charge of D. M. Saunders.

Next Tuesday evening a meeting of the veterans has been called for purpose of making final arrangements for the observance of Armistice Day, further notice of which will be made public later.

## MASONIC "AT HOME" PLEASANT AFFAIR

Members of Local Lodge, Wives and Friends, Enjoyed Pleasant Evening in Entertainment and Dancing.

The annual "At Home" of Durham Masonic Lodge was held in the town hall last night, and was well attended by members, their wives and friends. This year the programme departed somewhat from former years, the opening being a minstrel circle, with solos, choruses, end men and instrumentals. It was not minstrelsy of the highest class, but the performers had a lot of fun getting it into shape, and judging by the applause the audience absorbed considerable enjoyment listening to it.

The programme was followed by lunch, in order that the older ones and those who did not care for late hours could return home early, the remainder spending the evening in dancing and cards. It was pronounced the most enjoyable Masonic "At Home" in a good many years.

## TRANSIENTS MAY BE ASKED TO WORK

Relief Committee and Town Council of One Opinion Regarding Handing Out Relief to Knights of the Road—Different Methods Discussed.

The town's transient boarders may not in the future, walk in, eat, and walk out again, if a scheme now under consideration, goes through. It has been suggested that they be required to do a certain amount of work before being fed, but whether it is to be sawing wood excavating the cellar at the town hall, or something else, has not been finally decided. Anyway, something different is coming. Bread and milk diet for those who will not work, and a hot meal for those who will, is the programme, we believe.

## SPOKE HERE SUNDAY

Knox and Queen Street United churches entertained as guest speaker on Sunday, Rev. J. C. Cochrane, home mission superintendent in Northern Ontario, and president of Toronto Conference of the United church. Mr. Cochrane preaching at the former church in the morning and at the latter in the evening. His morning discourse was based on the text, "The Spirit of the Lord is upon me, because he has anointed me to preach the gospel to the poor; he hath sent me to heal the broken hearted, to preach deliverance to the captives, to preach the acceptable year of the Lord." The evening sermon was preached from the text, "And I sat where they sat," a resume of the pioneer missionaries and their work in Ontario.

At the close of the morning service in Knox church, the board of managers presented one of their members, Mr. Clarence Robinson, recently married, with a church hymnary.

## FROZEN CIDER POPULAR

Modern science is always coming to the fore with some new wrinkle which extends the market for farm products. One of the latest evolutions is frozen sweet cider. When it comes from the press cider is frozen to zero degrees F. and held at that temperature until thawed for sale or use. When thawed it is perfectly sweet and fresh. It will keep seven months or more held at zero, and there is every prospect that it may be developed into an important beverage outlet or by-product for orchardists.—Dominion Department of Agriculture.

## Plant Adds To List of Products

Strained Vegetables to be Prepared by Fine Foods.—\$75,000 and Patents go to Tecumseh Company For Stock.

Arrangements for the manufacture of an internationally known line of strained vegetable products for infants and convalescents, which eventually will ensure all-year operation of the Tecumseh plant of Fine Foods of Canada, Limited, were completed at Fremont, Michigan, recently and exclusively announced to The Border Cities Star by President John Wall, of Fine Foods of Canada.

The arrangements involve investment of \$75,000 in United States funds in the Tecumseh firm and the acquiring of minority stock interest by the Fremont Canning Corporation.

The Tecumseh plant will supply the Canadian and Empire market for Genber products, which include strained carrots, strained beets, strained tomatoes, strained spinach, strained green beans, strained peas, strained prunes, strained vegetable soup, and strained cereal in milk.

Thus a new and important market will be provided for a large quantity of Essex County vegetable products. During the present year the Gerber Products Division of the Fremont Corporation has produced over twenty million cans of strained foods, and the huge Fremont factory will continue to operate all winter on the manufacture of strained cereal in milk, strained prunes and strained vegetable soup.

Negotiations between the Gerber interests and Fine Foods of Canada Limited have been in progress for several months, and under agreement now completed Fine Foods will receive \$75,000 in U.S. funds, together with transfer to it of the Gerber trademarks and patent rights for the exclusive manufacture of Gerber products in Canada, Great Britain and all British Dominions. In return, the Gerber firm will receive a minority interest in the capital stock of Fine Foods.

## HARVEST HOME FESTIVAL

In spite of wind and rain and Halloween spooks, the Harvest Home Festival of the Glenelg Centre Baptist church, was a splendid success. A goodly number were present to hear, and see, and be delighted with the most excellent programme presented. Mr. G. Gordon Mervyn's contributions displayed splendid elocutionary gifts. The Young People's Orchestra from Mount Forest play well together, and their numbers were enthusiastically received. Their personnel consists of James Latimer, pianist; Aubrey Latimer, violinist; Joseph McBride, banjoist; and Misses Lillian MacDougall and Annie McBride, 1st and 2nd Hawaiian guitars.

Miss Mary Beaton and Miss Margaret Lawrence, received well-deserved applause for their very excellent soprano solos, in which they were efficiently accompanied by Mrs. Shippem. Mr. Stephen Hughes, who makes his home with Mr. and Mrs. John Beaton, favored with a harmonica solo, which was heartily enjoyed. Mr. Gordon MacGillivray recited his love for pumpkin pies, just before that delectable pastry was served along with other triumphs of the culinary art. The church was appropriately decorated with Halloween witches and cheerful pumpkin faces.

Rev. J. T. Priest, B.A., the pastor, presided, and gave an entertaining and instructive cartoon lecture on Character Building. The Doxology and prayer began and closed a very happy evening.

## PRESENTED WITH LAMP

Mr. and Mrs. C. Graff who are shortly leaving town to reside in Hanover, were honored by the members of Knox United choir Wednesday night of last week, when they were presented with a radio lamp. Mr. Graff thanked the donors and assured them that he and Mrs. Graff would ever remember their associations in Knox. The presentation was made by Mrs. C. McGirr, the address for the choir being given by T. V. Bell. The evening was spent in progressive crokinole, the presentation being made at the banquet which followed, when several speeches were given.

## TEMPERATURES FOR PAST WEEK

	8 a.m.	Max.	Min.	Rain
Thursday	50	50	41	—
Friday	39	47	38	56
Saturday	45	47	36	32
Sunday	35	40	35	—
Monday	33	39	30	41
Tuesday	36	43	36	83
Wednesday	38	41	35	—
