Edinburgh, Scotland—"The question of self-government for Scotland has grown from a stream into a roaring cataract," the Duke of Montrose told a meeting of the Scottish Self-Government party here. The Duke was elected president of the committee to frame a constitution for the party after he had emphasized the body did not stand for separation from Great Britain.

NEWS IN BRIEF--Continued Canada

Chicoutimi, Que.—Fire which for a time threatened the business section of Chicoutimi destroyed the Gaudreau and Gagnon block here. Damages were estimated at approximately \$100,000. Firemen were two hours gaining control of the flames, but were able to prevent the fire from spreading to neighboring buildings.

North Bay—Every office, store, shop, and school in North Bay is affected by an epidemic of influenza of a mild type, that has about reached its peak. Hundreds of cases were reported, according to Dr. A. E. Ranney, M.O.H., leaving working staffs seriously depleted. Attendance in the schools is also affected. There is apparently no danger of the educational institutions having to close down, however.

Barrie—W. S. Pratt and Company, Ltd., Toronto real estate operator, and Joseph A. Vaillancourt, Barrie manager, were committed for trial when they appeared in police court here before Magistrate Jeffs for preliminary hearing on charge of fraud, arising out of activities in this district during the past year.

Barrie—Extradition proceeds against Martin Insull, former Chicago Utilities Magnate, were adjourned until February 7. It was announced no deposition had been received and the two-month adjournment was taken to allow time for this to be arranged. Insull was again released on \$50,000 bail. He planned to return to Orillia, where he has been living in a boarding house since last June. Insull is wanted by the Chicago authorities on charges of embezzlement in connection with the Insull industries.

Hon. Leopold Macaulay, Minister of Highways of Ontario, and R. M. Smith, deputy minister, left for New Orleans where they will attend the annual convention of the Asphalt Institute. They will be absent from their Queen's Park offices for a week.

Montreal—The smiling indifference which characterized James Carson when he was sentenced a few days ago to five year's imprisonment for false pretenses left him recently in court of sessions when he was sentenced by Judge Marin to a further four-year term in the penitentiary. Carson turned pale as he heard the sentence that followed his conviction of having attempted to obtain by fraud, bonds to the value of \$40,000, from a Toronto bondhouse.

Brockville—For theft of a silk scarf from the mails, Orma Johnston, until recently, employed as a night clerk in the post office at Prescott, was sentenced by Judge Tudhope in county criminal court here to serve three years in Portsmouth penitentiary.

Orillia—The police are searching for a thug who ambushed Miss Hilda Roberts, 18, behind a screen of bushes on a lonely road and attempted to rob her. The girl, a stenographer, was on her way home after collecting a sum of money for her employer. Kicking and scratching, she managed to break her assailant's grip, and ran to a nearby house.

Vancouver—Royal Canadian Mounted and city police raided Communist headquarters on East Hastings Street where they seized a large quantity of literature and documents. Among the articles found was an army tunic with red buttons replacing the usual brass ones. Police also raided offices of an unemployment organization on West Cordova Street.

Niagara Falls—Unless a special ruling is made, a young mother will be separated from her eight-weeks-old child. The facts came to light when Alfred Coddari, 21, was charged with assaulting his wife. The charge was dismissed and the mother announced her intention of returning to her parental home in Niagara Falls, N.Y. There is no difficulty about her return, but U.S. immigration rules forbid entry of the baby. The husband cannot enter United States. The case is being handled by the Children's Aid Society, Inspector Jones writing to Washington in an attempt to get a special ruling permitting entry into the States of the baby with its mother.

Hamilton—Pluckily fighting a vicious police dog, Mrs. H. Upstell, 666 King Street west, probably saved the life of four-year-old Charles Baikie, 664 1/2 King Street west, late Sunday afternoon. While the animal clawed and bit its little victim, Mrs. Upstell grabbed it with her bare hands, overpowered it by choking it, and held it while Mrs. Peter Cheeseman, the aged grandmother of the boy, carried the little fellow into his home.

Belmont—Roy Woolley, a farmer of South Dorchester township, escaped death when he fell from the top of his windmill, a distance of 30 feet. He suffered serious spinal injuries, body bruises and head lacerations.

Calgary—Over-production must cease before wheat prices will improve, according to John I. McFarland, general manager of the Canadian Wheat Pool central body of the three prairie pools. Mr. McFarland's statement is contained in the report of the Canadian Wheat Pool published Saturday.

Ottawa—Hon. D. M. Sutherland, Minister of National Defence, on Saturday celebrated his 53rd birthday. Col. Sutherland, who represents the constituency of Oxford North, Ontario, in the House of Commons, was born on December 3, 1879, at Norwich, Ontario. He has been a member of the Bennett administration since its formation in August, 1930. Col. Sutherland's home is at Woodstock, Ontario.

Woodstock—The passengers and crew of a west-bound Buffalo-Detroit Greyhound Line bus were taken for a thrilling and unexpected ride Sunday afternoon when the steering apparatus of the bus went wrong, sending the machine over the shoulder and into the north ditch of the highway. The bus travelled some 40 yards or more along the ditch before toppling over on its side. The bus was carrying eight or nine passengers and, while all suffered more or less from shock and minor cuts, none were seriously injured. The accident happened about three miles east of the city.

Winnipeg—Warrants have been issued for the arrest of 22 participants in the riot at Arborg, last Tuesday, during which a mob protesting against a tax sale, forced the resignation of the reeve after manhandling him and stripping him of his clothes.

Foreign

Waynesburg, Pa.—Farmer John W. Hull tells it as follows: Hunting near here he saw a large hawk swoop down and clutch a young rabbit in its talons and soar skyward. Finally remembering his gun, Hull blazed at the flying rabbit. The shot struck the bunny knocking it from the hawk's talons. "The bird kept on going but the rabbit fell—oh, about a hundred feet, and I just walked a few steps and picked it up." Hull's hunting companion, the Rev. Samuel Spencer, pastor of the Moorosville Methodist church, says such are the facts.

Paris—An agreement for reduction of armaments is the main object of a five power conference to be held at Geneva. If the parley is successful it will mean virtually that the great powers will engage to bring about curtailment not only of war materials but also of man power.

New York—"Iron Age" reported a moderate comeback in steel production to 17 percent in the week containing the United States Thanksgiving Day, but it noted a continuation of the downward trend in orders for finished steel products which has progressed almost to the point of the mid-summer stagnation. The review asserted that incoming orders do not appear sufficient to maintain the present 17 percent rate in December.

St. Paul, Minn.—It takes a woman to tighten the purse strings. Mrs. Jean W. Wittich, a mother and a doctor's wife, was the first of her sex to attain the position of state budget commissioner for Minnesota. She has announced her first proposed budget for the next biennium. The public, used to increasing expenditures during the last three decades, gasped—Mrs. Wittich had slashed \$6,000,000 off proposed expenditures for the next two years. The legislature will act upon her recommendation, the lowest since 1921.

Washington—A horizontal reduction of 10 per cent. in world tariffs was proposed by United States Senator Cordell Hull, Democrat from Tennessee, as the first step in a broad program to improve markets and increase employment. Hull said the United States should "take the lead" in suggesting such a cut to all countries.

Bucharest, Roumania—Three grave-robbers were sought in the village of Trenteamare, not to be punished but to be rewarded for having "brought back to life" the wife of a rich farmer. Several days ago Josefine Nagy died, and she was buried in the village cemetery. The three ghouls raided the grave, removed the casket and opened it. They were petrified with astonishment when Josefine Nagy's corpse suddenly stirred, raised up, looked around and murmured "Where am I?" They stood rooted to the ground as the woman stepped out of the casket in her white shroud and walked away from the graveyard. Then they fled.

Peiping, China—The United States Legation here was advised on December 1 that Liu Jen-Shu, a soldier of the Shensi provincial guard, was executed at Sianfu after confessing he helped plot the murder of Henry Ekval, an American and two others near there on July 23rd.

Doorn, Holland—Ex-Kaiser, Wilhelm of Germany was reported to have refused to meet or pose with the American movie comedian, Harold Lloyd, when Lloyd visited Doorn House. The former Emperor's wife, Princess Hermine, welcomed the actor, however, and conducted him through the castle.

Portland, Ore.—Sir Harry Lauder lost \$2,060 in Canadian bank notes while here recently for a concert. The loss was disclosed by police with the arrest of Joseph Camp Hobbs, 29, following his attempt to change a \$500 Canadian bank note. Bank officials said Hobbs had previously exchanged another note of like denomination there. The day after he left Portland, Sir Harry telephoned police from Klamath Falls, that four \$500 notes and three \$20 had disappeared from his rooms.

London, Eng.—The London war debts note released December 1, said Great Britain asks no greater sacrifice from the United States than she herself has made. Britain advanced loans to her Allies in the Great War which reached four-fifths of the total lent by the United States. The Washington Government has received \$434,000,000 (ordinarily about \$2,100,000,000), the note mentioned, while Britain has received nothing.

London, Eng.—W. Dobbie, President of the National Union of Railwaymen, charged that British railway companies had "the whole force of capitalism" behind them in their attempt to secure further reductions of wages paid their employees. Dobbie, who is also a member of the Railway Wages Board considered proposals of the companies to bring about a general 10 per cent reduction in wages and salaries, urged a meeting of railwaymen here to show the "fiercest possible resistance" to the scheme. The time had arrived, he said, to make a stand against wage reductions, and he believed the railway men were destined to call a halt to the "retreat in working-class wages and conditions."

Paris—The maximum amount of foreign wheat permitted in milling bread flour was fixed at one per cent by the Ministry of Agriculture. This means millers must use 99 per cent native wheat in flour.

New York—At a meeting of the board of directors of the Bowman-Biltmore Hotels Corporation, David B. Mulligan was elected president of the corporation, succeeding George W. Sweeney, who will remain as chairman of the board in an advisory capacity. Mr. Mulligan was born in Pembroke, Ontario, studying law at Osgoode Hall in Toronto, before becoming a hotel executive. He is a vice-president of the American Hotel Association.

"Wait a minute... Dad's here too." Young Joe Wilson got his first away-from-home job a couple of months ago. Though a stranger to Brantboro, he has yet to feel his first twinge of homesickness. Each Friday night at 8.30 he puts through a Long Distance call and chats with Mother and Dad... a treat looked forward to by all three with the reversed charge paid for by Dad with a chuckle. "It's a small price to pay for the pleasure it gives", he says. Long Distance is easy to use and is always quick and dependable.

Low evening rates on Station-to-Station Calls begin at 7.00 p.m. Still lower night rates at 8.30 p.m.
