Town Council Order Crack-down On Firing of Firecrackers -- Blame Late School Estimates For Adding To Town's Operating Expense

The Durham Town Council met Monday night, meeting for the first time in the new municipal office in the former Post Office building. All members were present except Councillor Albert Wilton and Reeve Harry Kress, who is a patient in the Durham Memorial Hospital.

Several delegations were present. The first heard was Mrs W. G. Breen, who brought attention to the council of the careless discharging of firecrackers by children in town, and expressed the fear that serious damage or injury would result. The Clerk read the Town's by-law governing the control of firecrackers, and the Mayor was authorized to instruct the local police de-

partment to see that the by-law is strictly enforced. The by-law prohibits the setting off of firecrackers, within the town limits, except on certain holidays, and provides for a fine of up to \$50.00 on conviction under the by-law.

Glen McLaughlin of Warton, representing the Grey and Bruce Tourist Association was present and outlined the advertising and public relations work the Association has undertaken this year. A quantity of tourist literature was left at the Clerk's office to facilitate supplying of information regarding the area.

W. A. Prast was spokesman for the third delegation, comprised of members of the Durham Planning Board. A brief read by Mr Prast expressed dissatisfaction with the progress being made in having the Sub-Division Control By-law and Restricted Area Zoning By-law registered and brought into effect in accordance with the Official Plan. It was the feeling of the Planning Board that a public hearing of objections before the Ontario Municipal Board should be held as soon as possible.

Mayor Duffield was of the opinion that the whole matter had been dumped into the Town Clerk's lap, and that it had been handled as quickly as possible under the circumstances. Numerous delays had occurred between the town and the Ontario Municipal Board. The Town Clerk reported that he had had a telephone call from the O.M.B. earlier in the day requesting information as to the time it would require to hear the objections.

Other members of the Planning Board present were Ken Mac-

donald, Max Player, and Bill Kennedy.

Correspondence was received from the Grey County Board of Education requesting mill rates and assessments for school purposes in previous years.

A joint request was received from the Durham Hospital Auxiliaries for permission to hold a tag day during the week of June 9th to 14th, 1969. This permission was granted.

A letter was received from the Air Pollution Control Service of the Ontario Department of Health, advising the council that under the Air Pollution Control Act, it was no longer permissible to burn garbage openly at the town dump.

The letter advised that it would be necessary to apply within

thirty days to the Department for permission to continue the practice until other arrangements for disposal could be implemented.

In his monthly report to Council, Mayor Duffield expressed regret at the illness of Reeve Harry Kress and hoped he would soon be out again. As the estimates of Grey County Board of Education had not yet been received, it would be necessary to hold a special meeting as soon as possible after the information was available in order to get the tax notices out as quickly as possible. Referring to the delay, the Mayor said it was already costing the town additional money in interest, etc., due to the first instalment of taxes not

being paid in May. Accounts passed for payment by the various committees were as follows: Finance, \$2,611.59; Fire and Light, \$975.16; Welfare, \$3,977.73; Board of Works, \$4,789.59; Property (including renovations at Municipal Building) \$5,285.98.

Engineer's estimates on road work, under consideration included: George Street, from Queen to Bruce, \$21,000; Countess Street, \$28,000; Saddler Street, at south Bruce Street, \$5,600. Mayor Duffield indicated that the extent of road work to be undertaken this year could not be determined until the school estimates were received, as the roads was the only place the council could cut back.

Councillor Neil Benninger enquired as to what was to be done with the former clerk's office. The matter was left with the Property Committee to investigate and report at a future meeting.

Councillor Benninger also suggested that a planned work chart of the Board of Works be available each month, so that Councillors would know when certain work would be undertaken.

Durham Presbyterians Mark 114th Anniversary

Rev. Dr. W. Stanford Reid, B.A., M.A., Th.B., Th.M., B.H.D., professor and chairman of the history department of Guelph University, was the guest speaker to a capacity congregation on Sunday, May 4, when sister congregations of Burns, Rocky, and Priceville Presbyterian and other friends joined the Durham congregation to celebrate the 114th anniversary of Presbyterian witness in this area. "The Fullness of Life" was the theme of Dr. Reid's address based on the 10th verse of the 10th Chapter of St. John. Dr. Reid told the congregation that at church anniversaries such as this the members must not only look backward and forward but must also look at themselves in a form of self analysis to see where they stand in order to have the "newness", the "security" and the "abundance" as promised in this verse of Scripture. The lack of power the church experiences today - the insecurity as evi-

denced in the student campus troubles - and the great surge to secure psychological help could be overcome if the people lived their lives serving the God of eternity instead of serving man, suggested Dr. Reid. Dr. Reid read the 10th Chapter of St. John for New Testament lesson.

Rev. J. M. Laurenson conducted the services and read the 36 Psalm for the Old Testament lesson and welcomed the speaker and the Grey Highland night school choir who sang several anthems "Not to us but to Thy name the Glory", and "Green Pastures", by W. Sanderson, directed by choir leader, Mr Everett Lane, accompanied on the organ by Mr Wm. Hewitt, organist for the day.

After the services an hour of fellowship was enjoyed by member and friends in the church school room. Refreshments were served by the Ladies Aid, assisted by men of the church.
