

### ALLAN PARK

Mr. J. W. Leach was visiting friends in Owen Sound lately. The sawlogs are selling here the mill yard these days. Good prices and quality are what the people want. La Grippe has been a very frequent visitor around here this winter. Nearly everybody has had a small of it.

We notice, Mr. Editor, that you and the editor of the Hanover Post are bothered to know which of the whistles blow for the correct time at seven o'clock. Just set your time piece with the Allan Park whistle and you will be sure to have the k-fest at the right time.

Mr. W. Goodwin, of Owen Sound, is visiting at Mr. and Mrs. J. W. Leach's this week.

The pie and box social that was held here last Friday evening was a grand success. The program was lengthy and good. Mr. Robert Brigham was the auctioneer, and filled the position well. Proceeds amounted to \$23.12.

So far as we can learn there were ten applications in for assessor at the last council meeting, but Mr. Moses Jacklin being the choice of the council, succeeded in getting the assessorship. Moses is an all round good fellow, and we believe he will give the people good satisfaction.

Miss Bewebe, of Owen Sound, was visiting at Mr. J. Leach's for the last few days.

### VANDELEUR

Mr. Campbell, school Inspector, paid a visit a short time ago to the school here, and, we hear, found everything all O. K.

Quite a number around here have been on the sick list lately through La Grippe and other ailments.

Mr. Robert Buchanan has re-purchased his farms and will remain a resident of this place.

Mr. and Mrs. Samuel Osbourn, of Eugenia, spent part of last week visiting with friends around here.

A fair share of the natives around here attended the Orange concert at Eugenia and report themselves as well pleased with the entertainment. The Vandeleur string band was present and furnished suitable music for the occasion.

The school scholars, accompanied by the teacher, trustees and a number of the parents, went the week before last to Markdale for their annual sleigh-ride. By the cheering and other noises made by the youngsters they must have had a good time. There were six sleighloads of them.

### PRICEVILLE

A curious co-incidence.—Some time ago two farmers in this vicinity had a deal the one had a dog which the other wanted and he offered a pig in exchange. The offer was accepted and the animals duly exchanged owners. Everything was satisfactory for some time, but one day the owner of the pig discovered that his property had left the premises. He at

once proceeded to search for his lost pig and to his surprise discovered that the dog had also disappeared. Whether the two went off together is still an unsolved mystery as neither of the animals have turned up at their respective places of abode up till the present time.

Mr. G. W. Tryon and Bert Patton returned home last Saturday, they adding two more to the crowd that have gone out of business owing to the drop in timber. They were working in the township of Caledon near Orangeville.

We are sorry to announce that Mr. John McArthur who was round for a few days last week is again confined to the house. Hope to hear of his soon being about again.

We understand that there is to be a Soiree in connection with St. Columbia Presbyterian church here, on Friday the first day of March next. With good weather and roads this will be one of the best entertainments of the season. It is hoped that there will be a good turn out as the object viz: to raise funds for the improvement in connection with the church is a good one.

Ice cutting is now going on here and farmers and others requiring ice will do well to get in their supplies now. The ice is from 18 to 24 inches thick and of first class quality.

### WEATHER BULLETIN

1901 For week ending Feb. 16, 1901.

TEMPERATURE.		
Feb. 10	Max. 24	Min. 5
