WORKING 24 HOURS A DAY.

There's no rest for those tireless little workers - Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Stomach. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at all druggists. 1m

The doctor was visiting a man who was ill with the grippe: "Let me see your tongue," said he, and he patient poked it out. "Why, you haven't a bad tongue," he said. The man's wife arose, "You don't know him," she said.

NO DISAPPOINTMENT.

Disappointments of one kind and another crop up all along life's pathway, for unfortunately it is the unexpected that always happens. There is at least one article of acknowledged merit that never disappoints. Putnam's Painless Corn Extractor is sure to remove the worst corns in a few days, and as no claim is made that it will cure anything else, it cannot disappoint. If you have hard or soft corns just try it. Beware of the article "just as good." N. C. Polson & Co., proprietors, Kingston.

The writ for the By-election in North Bruce has been issued. Nominations take place March 13, polling March 20th. Mr. McNeil was evidently the choice of a recent Conservative Convention held in Warton, but for reasons partly public, partly private, he declined to accept, whereupon Mr. Jas. Hatfield, the Chesley cattle King was chosen. Mr. Campbell who ran last time in the interests of the Liberals will be the Liberal candidate.

HAD TO CONQUER OR DIE.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had Consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in Consumption, Pneumonia, La Grippe, and Bronchitis; infallible for Coughs, Colds, Asthma, Hay Fever, Croup or Whooping Cough. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores. 1m.

SOMETHING NEW. - An eminent Canadian lawyer is said to have given his opinion lately, which, if proven to be correct, will revolutionize a large portion of municipal law, says an exchange. It is in short that the owners of cattle doing damage to property are liable, no matter what condition the fences are in or indeed whether there is a fence at all. This opinion is not without reason. If Smith owns an unfenced field and sows it with grain and Jones' cattle come and eat it up surely it is not unreasonable to say that Jones should foot the bill. If he chooses to have cattle he should keep them on his own property. He has no more right to go free of damages because of there being no fence around the field than a thief would after robbing a house because the door was off its hinges.

It is certainly to cure nerve pain speedily. Nerviline cures toothache, rheumatism, neuralgia, lumbago, &c. Nerviline is powerful, penetrating, and effectual. Sold everywhere.

An absent-minded man, travelling with his wife in a railroad car, left her side to get a drink when he returned he dropped into a seat immediately in front of his better half, beside an unprotected female over whose head the snows of about thirty winters had gilded. His wife was looking out of the car window at the scenery, and didn't notice the awful blunder. Presently, without turning his head, he impatiently remarked: "Jane, how often have I told you not to starch my shirts so infernally stiff." The ancient female, whose forehead name happened to be Jane, screamed "Monster," and fainted on the spot, and the absent-minded man looked uncomfortably wined as he changed seats.

REV. MR. CALDWELL, of Burford, in renewing for 1901, speaks very encouragingly of our efforts at journalism, as well as the improvements being made in Durham. He says: "Accept my congratulations upon the steady improvement of the paper and the spirit with which it has entered into the movement of awakening the old town. For more than a quarter of a century Durham seems to have allowed every first-class opportunity for general improvement to slip, and I was afraid this opportunity might slip by unimproved I refer to the Cement Works. If I were wealthy I would like to help you in reaching the amount. As it is I would take one share to show my good will, if I were not so far away and the time so limited. In closing I may remark that 'I hope you will secure a regular contributor.' Dear friend Caldwell, modern invention has almost annihilated time and space, and the short distance between Durham and Burford need not serve as a barrier in ordering stock if you think it will to do so.

A HIGH GRADE COLLEGE.

The Central Business College, Stratford, Ont., is recognized as one of the most progressive commercial schools in the province. Within one year students from over one hundred and thirty seven cities, towns or villages have been in attendance, and this wide-spread popularity shows that the institution must be doing splendid work. Business colleges in St. John, N. B., Ottawa, Ont., Haverhill, Mass., Dover, N. H., North Adams, Mass., Minneapolis, Minn., Detroit, Mich., Hudson, Mass., Savannah, Ga., Hartford, Conn., Alpena, Mich., Salt Lake City, Utah, Akron, Ohio, Waterville, Me., Spokane, Wash., Columbus, Ohio, etc., have lately applied to the Central Business College, of Stratford, Ont., for its graduates to take situations as teachers in their schools. This shows that other colleges have strong faith in the work done in the Stratford college. Mr. W. J. Elliott, principal of the C. B. C., states that many new students will be enrolled at the opening of the spring term on April 1st.

Rainfall, .01 inches. Snowfall, 18 inches. General direction of the wind, S. W. to N., but very variable and blustering.

Throughout Canada the snowfall during last month, as we learned from the reports issued by the Meteorological office, Toronto, has been below the average, although in some isolated districts it has been some what excessive, as for instance on the north western shores of Lake Huron where the snow fell (last month) to the depth of 30 to 40 in., and in Manitoba and the Territories where, very generally, the snowfall was about the average. Sleighting was also exceptionally good in all the provinces, except in British Columbia where the snowfall was light.

KENNETH M'KENZIE, HUGH MACKAY, Proprietor. Auctioneer.

We are pleased to see by the Tilbury Times of the honor done to Mr. D. R. Farquharson, brother of the Presbyterian Minister of this town, by the citizens of Tilbury on the eve of his departure to fill the office of Collector of Customs in Chatham. The demonstration took the form of a farewell supper in the Town Hall when tables were spread for over 100 guests at which Mr. Farquharson was the recipient of a gold watch and many complimentary addresses. The report in the Times is too long to copy but from it we culled a few facts: Mr. Farquharson's appointment can hardly be said to have been on the ordinary political lines, as he was never active in party politics. He was given the office because the electors of the town insisted that he was the one deserving of the honor. Thus the demonstration at his leaving sounded neither of religion or politics. There were present representatives of all creeds and of both political parties all vying with each other in the desire to say kind and appreciative things. Mr. Farquharson was for 28 years township clerk and thus passed through all the struggles in connection with drainage rights that have been completed during that time. These struggles brought him into touch with the neighboring municipalities and a pleasing feature of the evening was the presence of representatives from all the surrounding municipal councils.

In these days of office seeking the singular fact was stated that though Mr. F. was Tp. Clerk, Clerk of the Division Court and Stenographer of the County Court he has never applied for an office in his life. This gives point to the sentence in his reply "I never thought of the Customs office but it came to me, - my friends gave it to me."

Mr. Stewart, banker, said he had known a great many men in his time but he had known none whose character had impressed him so much as Mr. Farquharson's.

If it were not that the Times is a good Conservative paper we would hardly believe that any appointment could be so pleasing to all parties. As it is, though we have never met Mr. Farquharson, we join in wishing him every success in his new office.

Directors' Report.

JOHN LIVINGSTON, AGENT.

To the Members of the Grey and Bruce Mutual Fire Insurance Company: GENTLEMEN, - Your directors in again presenting their Report on the 23rd anniversary of the Company, would call your attention to the satisfactory progress still made by the company both in the increased number of members and volume of insurance. We would also congratulate you on the decrease of losses in the past year which still further adds to the surplus which is made necessary for all Companies to hold to meet contingencies in the event of unusual losses. The present year presents even a more satisfactory record than the year preceding, our losses only amounting to \$577.85, while the increase in business is also a satisfactory indication of the reputation in which the Company is held by policy holders generally. For further information you are referred to Auditors' Report and Financial Statement herewith submitted. I am, Gentlemen, on behalf of the Directors,

Respectfully yours,
